## AUDIT CERTIFICATE

I have audited the Public Accounts of Guyana and the Appropriation Accounts and the Receipts and Disbursements of Ministries, Departments and Regions for the fiscal year ended 31 December 2009, as set out in pages $2 / 1$ to $2 / 223$. My audit was carried out in accordance with Sections 24 and 25 of the Audit Act 2004.

## Management's responsibility for the financial statements

The Ministry of Finance and the Heads of Budget Agencies are responsible for the preparation and fair presentation of these financial statements in accordance with the International Financial Reporting Standards. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

## Auditor's responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with International Standards on Auditing, issued by International Federation of Accountants (IFAC), International Organisation of Supreme Audit Institutions (INTOSAI) and the various funding agencies. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud and error. In making those risk assessments, I consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by the Ministry of Finance and the Heads of Budget Agencies, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

## Qualified opinion based on limitation in scope

Except for any adjustments, which might have been shown to be necessary as a result of the observations contained in the relevant sections of my report, in my opinion, the financial statements properly present:

- The financial information necessary to present fairly the financial transactions and financial position of the State; and
- Receipts and Payments of the Consolidated Fund;
- Expenditure of the Consolidated Fund as compared with the Estimates of Expenditure;
- Expenditure in respect of those Services which by Law are directly charged upon the Consolidated Fund;
- Receipts and Payments of the Contingencies Fund;
- Appropriation Accounts of Heads of Budget Agencies; and
- Receipts and Disbursements by Heads of Budget Agencies;
- The Schedule of Public Debt;
for the fiscal year ended 31 December 2009. However, because of the significance of the comments as contained in the relevant sections of my report relating to the following statements, I am unable to form an opinion whether they properly present their respective state of affairs as at 31 December 2009:
- End of Year Budget Outcome and Reconciliation Report of the Consolidated Fund;
- Statement of Contingent Liabilities;
- Current Assets and Liabilities of the Government (other financial information);
- Schedule of Issuance and Extinguishment of all Loans;
- Financial Reports of the Deposit Funds; and
- Schedule of Government Guarantees.

DEODAT SHARMA
AUDITOR GENERAL (ag.)

## Auditor General's Overview of the Office

1. The Audit Office of Guyana which was established by the Audit Act 2004 has legal responsibility to audit the financial statements of all government entities. The mission of the Audit Office is to promote good governance, transparency and improved public accountability. In this regard the Audit Office has continually striven to modernize its organizational structure and human resources management systems, while ensuring that the most up-to-date operating procedures, professional practices, technical standards, and modern technology are incorporated.
2. In 2009, the Audit Office continued its improvement of audit procedures, professional practices and technical standards; improving critical support systems to enhance operational effectiveness; institutionalizing best practices and skills transfer; and creating stakeholder awareness of constructive role of the office. This was made possible through the support from the on-going technical cooperation agreement between the Inter-American Development Bank and Government of Guyana, of which the Audit Office is the beneficiary.
3. The VFM Unit established in June 2008 has since completed its first VFM audit report on an "Assessment of the living conditions of the residents of the Palms Geriatric Institution". This Report was laid in the National Assembly on 3 December, 2009. The unit has also completed its second VFM audit on the "Review of the Old Age Pension Programme in Guyana" and this is expected to be laid in the National Assembly along with this report, while they are presently in the reporting stage of the audit on the " A Review on the Operations of the National Board and National Procurement and Tender Administration and the execution stage of the "An Assessment of the Management and Control of Drugs and Medical Supplies at the Ministry of Health", both of which are expected to be completed before December 2010. This continuous execution of VFM audits strongly emphasises our commitment in ensuring the provision of reports which will facilitate improvements in the operation of our clients.
4. The Forensic Audit Unit established in 2008 continued to be an integral part of the office with its work in forensic auditing. This Unit is currently undertaking a number of investigations which are at various stages. In addition, ten officers are presently undertaking online courses in Fraud Auditing and Forensic Accounting, which will ultimately lead to these officers becoming Certified Fraud Examiners.
5. The Quality Assurance Unit established to give the Auditor General the assurance that all audits are conducted in compliance with applicable laws and regulations, and that all audit reports issued are appropriate in the circumstances continued with the execution if its' mandate. A manual for use by the Unit to conduct reviews has been finalized, while the modification to INTOSAI Development Initative/Caribbean Organisation of Supreme Audit Institutions (IDI/CAROSAI) generic handbook on Quality Assurance was completed and the handbook has since been adopted by the Office.
6. In keeping with its Strategic Plan for the next three years, the Audit Office has commenced its move towards "Risk Based Auditing". This was considered to be a better and more focussed use of audit resources. In this regard, a consultant was recruited in the second quarter in 2010 to assist and guide the Office along the way. A number of financial audits for 2009 were selected as pilot audits using a risk-based approach while, 123 Officers were trained in the risk-based auditing. Focus had also been directed to improving the way we document our audit work during the execution of the pilot audits. During 2010, the Office will seek to amend our internal audit guidance to reflect the new approach we have adopted using risk based auditing.
7. The Office's information systems capacity was further enhanced, especially its communication and collaboration capabilities. The Office has also continued its policy of developing information systems related skills among its staff members. During 2009, eighty three of its technical officers were trained in the use of Microsoft Project, ninety two in the use of Collax/Spark, and fifty nine in Quickbooks, while twenty four staff members benefitted from training in the use of (IDEA) an Audit and Data Analysis software. These efforts are expected to be continued, in keeping with the Office's Strategic Plan.
8. The Audit Office also continued to maintain its professional association with its counterpart Auditing Institutions in the Caribbean through its membership in the Caribbean Organization of Supreme Audit Institutions (CAROSAI). This has resulted in the Office benefiting from training initiatives undertaken by the Organisation. Specifically, two officers were trained in "Risk based approach to financial auditing". Five officers were also trained in various audit related areas under the ITEC programme in India.
9. Professional development training materials were made available to the Office's staff through the acquisition of text books, and examination kits. These training materials have enabled a number of staff members to pursue professional certification in the accounting field. The Office's effort with regards to professional development has been recognized by the Association of Chartered Certified Accountants (ACCA) governing body, with the Office being awarded the ACCA Accredited Employers status.
10. During 2009, twenty-eight persons were recruited, bringing the actual staff strength of the Audit Office to 138. However, during 2010 an additional fifteen staff was recruited bringing the staff strength to 153 . The Office will be seeking to have its full complement of staff by the end of 2012, in keeping with its Strategic Development Plan.

# REPORT OF THE AUDITOR GENERAL TO THE NATIONAL ASSEMBLY ON THE PUBLIC ACCOUNTS OF GUYANA AND ON THE ACCOUNTS OF MINISTRIES, DEPARTMENTS AND REGIONS <br> FOR THE FISCAL YEAR ENDED 31 DECEMBER 2009 

EXECUTIVE SUMMARY

## Matters on the Public Accounts

1. The Fiscal Management and Accountability Act 2003 (FMA Act), provides for the regulation of the preparation and execution of the annual budget, the receipt, control and disbursement of public moneys and the accounting for public moneys, and is the most vital legislation governing the transparent and efficient management of the finances of Guyana. According to this Act, a number of Public Accounts Statements are required to be prepared and submitted for audit. However, the following were some of the observations made on the Public Account Statements presented for audit.

## (a) End of Year Budget Outcome and Reconciliation Report

2. Explanations for the impact of movements in the underlying economic assumptions and parameters used in the preparation of the annual budget proposals, changes to revenue policies during the year, and slippages, if any, in the delivery of the budget measures were not disclosed in the End of Year Budget Outcome and Reconciliation Report in accordance with Section 68 (1) of the FMA Act. As a result, the reasons for the respective positive variance of $\$ 5.070$ billion and negative variance of $\$ 19.549$ billion between the estimates of revenue and the actual Government receipts for current and capital revenue and $\$ 1.066$ billion under and $\$ 488 \mathrm{M}$ over the allotments between the estimates of expenditure and the actual amount of expenditure during the year for current and capital expenditures could not be ascertained.

## (b) Contingencies Fund

3. The Contingencies Fund continued to be abused with amounts totalling $\$ 1.992$ billion drawn from the Fund being utilised to meet expenditure that did not meet the eligibility criteria as defined in the Act.

## (c) Contingent Liabilities

4. Amounts totalling $\$ 203.538 \mathrm{M}$ were shown as Contingent Liabilities for entities no longer in existence. However, the Ministry of Finance and the Accountant General’s Department have still not taken steps to have these liabilities transferred to the Public Debt.
(d) Schedule of the Issuance and Extinguishment of all Loans
5. Loans totalling $\$ 105 \mathrm{M}$, which were granted to Aroaima Mining Company and Hand-inHand Trust Corporation in 2004, were omitted from the Schedule of the Issuance and Extinguishment of all Loans.

## Bank Accounts

6. Several transfers from other accounts to the Consolidated Fund were not effected and several accounts had overdrafts. Details of these are, as follows:

## (a) Transfers not effected

(i) The amount of approximately $\$ 4.670$ billion representing balances held in eleven special accounts;
(ii) The balance of $\$ 22 \mathrm{M}$ held in the General Account № 405;
(iii) The balance of $\$ 446 \mathrm{M}$ held in Non-Sub Accounting Ministries and Departments Bank Account № 3001; and
(iv) The balance of $\$ 12.606$ billion held in Other Ministries/Departments Bank Accounts.

## (b) Account with overdrafts

(i) The old Consolidated Fund bank account № 400 was overdrawn by $\$ 46.823$ billion at 31 December 2009; and
(ii) The new Consolidated Fund Bank account № 407 were overdrawn by $\$ 2.292$ billion

## Introduction of the IFMAS and Resulting Effect

7. The introduction of the IFMAS, which replaced some aspects of the previous manual system contributed to a more efficient accounting system and assisted in avoiding over spending and reduced the processing time of payments, among others. This system also operates a single bank account. As a result, several accounts, which were previously operational, were required to be closed. However, this was not done and the following still exist:
(a) The old Consolidated Fund bank account № 400;
(b) The General Account № 405, which was used as an intermediary account to monitor and control releases of funds from the Consolidated Fund to the accounts of Ministries and Departments; and
(c) The Non-Sub Accounting Ministries and Departments Bank Account № 3001 was used as an intermediary account to monitor and control releases of funds from the Consolidated Fund to Non-Sub Accounting Ministries and Departments.

## Accounting for Gifts

8. The continued lack of reporting and accounting for all gifts to Ministries, Departments and Regions resulted in the Miscellaneous Receipts of $\$ 34 \mathrm{M}$ as at 31 December 2009 being understated by an undetermined amount.

## Key Findings Relating to Ministries/Departments /Regions

## (a) Overpayments to Contractors

9. A significant amount of overpayments to contractors totalling $\$ 99.151 \mathrm{M}$ have occurred on measured works for contracts undertaken by Ministries, Departments and Regions. Of this amount, $\$ 73.363 \mathrm{M}$ was in respect of previous years while $\$ 25.788 \mathrm{M}$ was in respect of the year under review. Noticeable among the overpayments are amounts of $\$ 17.997 \mathrm{M}, \$ 16.920 \mathrm{M}$ and $\$ 14.445 \mathrm{M}$ in respect of the Ministry of Education, Region № 2, Pomeroon/Supenaam and Region № 10, Upper Demerara/Berbice, respectively. More so, these entities are facing serious challenges in the quest to recover the amounts overpaid. Even more troubling is the perceived managerial inaction in relation to this troubling trend, since there was no evidence to suggest that disciplinary action of any kind have been meted out to engineering or other staff involved in the assessment of works in progress and the certification of progress payments.

## (b) Breach of Tender Board Procedures

10. Several breaches of Tender Board Procedures occurred, especially in Region № 4, Demerara/Mahaica and Guyana Elections Commission, where contracts were subdivided in order to avoid adjudication at certain Tender Board levels. Also, quotations from suppliers were falsified to facilitate the awarding of contracts to specific persons, and purchases were made from individuals that were not considered to be established suppliers. As a result, fraudulent practices to the value of \$11.2M were perpetuated on the Regional Administration, Region № 4, Demerara/Mahaica during the year audited.

## (c) Lack of Maintenance of Log Books

11. A number of Ministries, Departments and Regions did not maintain log books and historical records for all vehicles and equipment owned and controlled by them. In instances where log books were maintained, these were not properly maintained, in that, the relevant information required were not always recorded. As a result, doubts were created as to whether proper management of vehicles and equipment existed in those cases.

## (d) Clearing of Cheque Ordered Vouchers

12. A number of Ministries, Departments and Regions continued to clear cheque ordered vouchers long after the stipulated sixteen days, while in respect of others had such vouchers
outstanding for a number of years. In respect of the year under review, one thousand and ninety-one cheque orders valued at $\$ 361.737 \mathrm{M}$ remained outstanding. In this regard, Region № 3, Essequibo Islands/West Demerara and Region № 4, Demerara/Mahaica, with three hundred and five and three hundred and eighty-three valued at respective amounts of $\$ 112.209 \mathrm{M}$ and $\$ 111.007 \mathrm{M}$ were most notable. These financial instruments were originally meant to be utilised only for the payment of salaries and allowances, but because of limited imprest resources and the volatility of cash transactions in recent times, the use was extended to the procurement of goods, with the approval of the Accountant General. Such instruments remaining outstanding for long periods of time would therefore bring into question whether the sums involved have been misappropriated or wrongly applied. Similar problems existed with missing or defective vouchers.

## (e) Overpayment of salaries to staff and deductions to Agencies

13. The slow processing of pay change directives in several Ministries and mainly in the Regions resulted in overpayments of salary totalling $\$ 64.215 \mathrm{M}$, including related deductions amounting to $\$ 14.975 \mathrm{M}$, that were paid over to various agencies. Of these amounts, $\$ 54.853 \mathrm{M}$ and $\$ 11.025 \mathrm{M}$, respectively were in respect of previous years. Ministries, Departments and Regions have faced serious challenges in recovering such sums, particularly because banking institutions require authorisations from account holders to do so and statutory agencies, such as, the Guyana Revenue Authority and National Insurance Scheme have not fully complied with requests to refund sums overpaid.

## (f) Overstatement on Appropriation Accounts

14. Some Ministries, Departments and Regions also recorded overstatements on their Appropriation Accounts as a result of (i) the issue at (e); (ii) Inter/Intra Departmental Allocation Warrants (IDAWs) that have not been cleared through the presentation of financial returns and for which balances have not been adjusted; and (iii) Subvention Agencies not returning the unexpended amounts to the Consolidated Fund via subject Ministries in order to facilitate adjustments to the account.

## (g) Compliance with the Stores Regulations

15. A number of Ministries, Departments and Regions have been found in breach of the Stores Regulations, as they relate to stores accounting, inventory maintenance and the marking of Government property.

## (h) Entities operating as separate legal entities

16. The State Planning Commission, which was to have been dissolved several years ago and its operations transferred to the Ministry of Finance, continues to be in existence and has the status of a separate legal entity. Although the Georgetown Public Hospital Corporation and the National Drainage and Irrigation Authority operate as separate legal entities, they continue to receive appropriations instead of subventions from Government in contravention of the requirement of the Fiscal Management and Accountability Act Part X11 Sections 79 and 80. Although CANU was established to protect Customs revenues, this Unit was not operating under the direction of the Commissioner of Customs and Trade Administration. It is therefore clear that this arrangement does not provide for proper financial and administrative control.

## (i) Late remittances to Overseas Missions - Ministry of Foreign Affairs

17. Remittances to Overseas Missions were received either close to the end of each month or in the succeeding month. This situation could adversely affect the operations of the Missions.

## Procurement of Drugs - Ministry of Health

(j) A sum of $\$ 1.404$ billion was paid to New Guyana Pharmaceutical Corporation Limited on the basis of sole sourcing approved by National Procurement and Tender Administration Board and not by competitive bidding as required under the Procurement Act (2003). The transactions with the firm were for the procurement of drugs and medical supplies.
(k) Procurement of Drugs - Georgetown Public Hospital Corporation
18. The Georgetown Public Hospital Corporation also procured drugs and medical supplies at a cost of $\$ 731.024 \mathrm{M}$ based on awards of thirteen contracts by National Procurement and Tender Administration Board, without a system of competitive bidding as required under the Procurement Act (2003).

## (l) Other specific findings

(i) The State Solicitor's Office controlled the First Federation Building, which was occupied by thirty-seven tenants. Only one tenancy agreement was up to date and sixteen were outdated, some of which were dated as far back as the year 2000. The remaining twenty occupants had no tenancy agreements. Payments for rental were backlogged and tenants did not respond positively to rental notices.
(ii) Guyana Stores Ltd. was sold in October 2000 at a price of US\$6M. Of that amount, US\$4M was received from the purchaser. The remaining US\$2M should have been paid in September 2002, but has remained outstanding since that time. A similar situation also exists in relation to the privatization of the National Paints Company, where US $\$ 900,000$ is still outstanding on the purchase price.

# REPORT OF THE AUDITOR GENERAL TO THE NATIONAL ASSEMBLY ON THE PUBLIC ACCOUNTS OF GUYANA AND <br> ON THE ACCOUNTS OF MINISTRIES, DEPARTMENTS AND REGIONS <br> FOR THE FISCAL YEAR ENDED 31 DECEMBER 2009 

## INTRODUCTION

1. Articles 223(2) and 223(3) of the Constitution require that I audit the Public Accounts of Guyana and the accounts of all officers and authorities of the Government (including the Commissions established by the Constitution), the Clerk of the National Assembly, and all courts in Guyana and submit my reports to the Speaker of the National Assembly (hereinafter referred to as the Speaker) who shall cause them to be laid in the National Assembly.
2. As the external auditor of the Public Accounts of Guyana, it is my responsibility under Section 24(1) of the Audit Act 2004 (hereinafter referred to as the Audit Act) for conducting financial and compliance audits and performance and value for money (VFM) audits with respect to:

- The consolidated financial statements;
- The accounts of all budget agencies;
- The accounts of all local government bodies;
- The accounts of all bodies and entities in which the State has a controlling interest; and
- The accounts of all projects funded by way of loans or grants by any foreign State or organisation.

3. In the conduct of financial and compliance audits, I am to examine in such manner as I deem necessary the relevant financial statements and accounts and ascertain whether:

- The financial statements have been properly prepared in accordance with applicable laws, and properly present the operations and affairs of the entity concerned;
- The accounts have been faithfully and properly kept;
- The rules, procedures and internal management controls are sufficient to secure effective control on the assessment, collection and proper allocation of revenues;
- All monies expended and charged to an account have been applied to the purpose or purposes for which they were intended; and
- Essential records are maintained, and the internal management controls and the rules and procedures established and applied are sufficient to safeguard the control of stores and other public property.

4. In conducting performance and value for money audits, I am to examine the extent to which a public entity is applying its resources and carrying out its activities economically, efficiently, and effectively and with due regard to ensuring effective internal management control. The VFM Unit established in June 2008 has since completed its first VFM audit report on an "Assessment of the living conditions of the residents of the Palms Geriatric Institution". This Report was laid in the National Assembly on 3 December, 2009. The unit has also completed it second VFM audit on "A Review of the Old Age Pension Programme in Guyana" and this is expected to be laid in the National Assembly along with this report, while they are presently in the reporting stage of the audit on the " A Review on the Operations of the National Board and National Procurement and Tender Administration" and the execution stage of the "An Assessment of the Management and Control of Drugs and Medical Supplies at the Ministry of Health", both of which are expected to be completed before December 2010. This continuous execution of VFM audits strongly emphasises our commitment in ensuring the provision of reports which will facilitate improvements in the operation of our clients.
5. In addition, Section 74(1) of the Fiscal Management and Accountability Act 2003 (hereinafter referred to as the FMA Act) requires that I examine and certify based on the outcome of my examinations, the consolidated financial statements that are to be submitted to me in accordance with Sections 68, 69, 70, 71, \& 73 of the said Act. - End of Year Budget Outcome and Reconciliation Report - Sections 68 and 73;
- $\quad$ Statement of Contingent Liabilities - Section 73; and

(g) Schedule of the Issuance and Extinguishments of all Loans granted by the Government, other levels of Government and Public Enterprises - Section 70.

6. The Minister of Finance is required to submit the above statements within four months of the close of the fiscal year to enable me to audit them and to submit my report to the Speaker not later than the 30th day of September. As at 30 April 2010, the statements referred to above and the draft Appropriation Accounts were received. The signed statements, however, were not received until October 2010.
7. In accordance with Sections 68 to 71 and 73 of the FMA Act, the following statements were submitted to me for audit examination and certification:
(a) End of Year Budget Outcome and Reconciliation Report of the Consolidated Fund (Revenue and Expenditure) - Sections 68, 73(2)(a)(i);
(b) Statement of Contingent Liabilities - Section 73(2)(a)(ii);

8. In addition to reporting on the Public Accounts and the accounts of Ministries/Departments/Regions, I have also provided information with regard to the other areas for which I have audit responsibility. These include the audits of public enterprises, statutory bodies, municipalities, local authorities, foreign-funded projects and special investigations.
9. In keeping with normal practice, the relevant sections of this report were discussed with Heads of Budget Agencies, the Finance Secretary and the Accountant General who were also provided with individual written reports of my findings and recommendations. In addition, the responses of the Accounting Officers were incorporated in the respective sections of the report.

## END OF YEAR BUDGET OUTCOME AND RECONCILIATION REPORT (REVENUE)

## Prior year matters, which have not been resolved

10. The End of Year Budget Outcome and Reconciliation Report as shown on page $2 / 1$ continued to be prepared without all of the necessary information required in accordance with Section 68(1) of the FMA Act. More specifically, the Ministry of Finance did not include explanations of any significant differences between the annual estimates of revenues and out-turn of the revenues. The Ministry also did not provide explanations for the impact of (a) movements in the underlying economic assumptions and parameters used in the preparation of the annual budget proposals; (b) changes to revenue policies during the year; and (c) slippages, if any, in the delivery of the budget measures. It was noted that the Ministry sent out circulars to all Heads of Budget Agencies requesting information and explanations as it relates to revenue collections. However, this information was not provided for the compilation of the Report. As a result, the reasons for the respective positive variance of $\$ 5.070$ billion and negative variance of $\$ 19.549$ billion between the estimates of revenue and the actual Government receipts for current and capital revenue as shown below, could not be ascertained:

| Description | 2009 <br> $\$ \prime 000$ | 2008 <br> $\$ \prime 000$ |
| :--- | :---: | :---: |
| Current Revenue |  |  |
| Approved Revenue | $90,285,100$ | $81,688,806$ |
| Actual Receipts | $95,354,980$ | $83,601,105$ |
| Variance | $5,069,880$ | $1,912,299$ |
| Capital Revenue |  |  |

Ministry's Response: The Ministry of Finance indicated that information were not forthcoming from the Ministries, Departments and Regions. However, the Ministry continues to urge Agencies to make their submissions. Moreover, the requests for the submission of this information are incorporated in the annual budget circular.

Recommendation: The Audit Office reiterates that the Ministry of Finance institute measures to ensure that all necessary information is provided for audit examination as required by Section 68(1) of the FMA Act. (2009/01)
11. In view of the foregoing observations, the completeness, accuracy and validity of the amounts shown in the Statement of End of Year Budget Outcome and Reconciliation Report (Revenue) made in pursuance of Section 68(1) of the FMA Act, could not be satisfactorily determined.

## END OF YEAR BUDGET OUTCOME AND RECONCILIATION REPORT (EXPENDITURE)

12. Capital expenditure exceeded the approved allotment for the year under review. The approved allotment for current and capital expenditure refers to the annual Estimates of Expenditure as approved by the National Assembly. The End of Year Budget Outcome and Reconciliation Report as compared with the Estimates of Expenditure, comprising both current and capital as shown on pages $2 / 2$ to $2 / 6$, is summarised below:

| Description | 2009 <br> $\$ \prime 000$ | 2008 <br> $\$ \prime 000$ |
| :--- | ---: | ---: |
| Current Expenditure |  |  |
| Approved Allotment | $82,379,965$ | $78,401,288$ |
| Actual Expenditure | $81,313,958$ | $81,594,935$ |
| Under the Allotment | $(1,066,007)$ | $3,193,647$ |
| Capital Expenditure |  |  |
| Approved Allotment | $46,502,565$ | $40,853,800$ |
| Actual Expenditure | $46,990,263$ | $36,361,492$ |
| Over the Allotment | 487,698 | $(4,492,308)$ |

13. This Report was similarly prepared to that of the End of Year Budget Outcome and Reconciliation Report (Revenue), without all the necessary information required in accordance with Section 68(1) of the FMA Act. As a result, the respective positive variance of $\$ 487.698 \mathrm{M}$ and a negative variance of $\$ 1.066$ billion, between the estimates of expenditure and the actual amount of expenditure during the year for current and capital expenditures could not be ascertained.

Ministry's Response: The Ministry of Finance indicated that information were not forthcoming from the Ministries, Departments and Regions. However, Ministry will intensify its efforts to obtain responses from the respective Agencies, to ensure that Agencies submit monthly returns.

Recommendation: The Audit Office recommends that the Ministry of Finance institute measures to ensure that all the necessary information is provided for audit examination as required by Section 68(1) of the FMA Act. (2009/02)
14. In view of the foregoing observations, the completeness, accuracy and validity of the amounts shown in the Statement of End of Year Budget Outcome and Reconciliation Report (Expenditure) made in pursuance of Section 68(1) of the FMA Act, could not be satisfactorily determined.

## STATEMENT OF CONTINGENT LIABILITIES

15. The FMA Act defines a contingent liability as "a future commitment, usually to spend public moneys, which is dependent upon the happening of a specified event or the materialisation of a specified circumstance". The Statement of Contingent Liabilities for the year ended 31 December 2009 is shown on page 2/7. The following table shows the Contingent Liabilities of the Government, as at 31 December 2009:

| Name of Government Agency | Lender | $\begin{gathered} \text { Outstanding } \\ \text { Liability } \\ 2009 \\ \$ ’ 000 \end{gathered}$ | Outstandi <br> ng <br> Liability <br> 2008 <br> \$'000 | $\begin{gathered} \text { Outstandi } \\ \text { ng } \\ \text { Liability } \\ 2007 \\ \$ ’ 000 \end{gathered}$ | $\begin{aligned} & \text { Outstandin } \\ & \text { g } \\ & \text { Liability } \\ & 2006 \\ & \$ \prime 000 \end{aligned}$ | $\begin{aligned} & \text { Outstandi } \\ & \text { ng } \\ & \text { Liability } \\ & 2005 \\ & \$ ’ 000 \end{aligned}$ | Outstandin <br> g <br> Liability <br> 2004 <br> $\$ \prime 000$ |

| Total |  | 203,538 | 197,745 | 196,551 | 185,639 | 178,277 | 51,008 |

16. The Ministry of Finance and the Accountant General's Department have still not taken steps to have the above liabilities totalling \$203.538M transferred to the Public Debt, in view of the fact that the entities are no longer in existence. These liabilities have now been increased by $\$ 152.530 \mathrm{M}$ as a result of accrued interest over the last six years.

Ministry's Response: The Ministry of Finance has initiated action to have this issue addressed and resolved by the relevant Agency.
Recommendation: The Audit Office again recommends that the Ministry of Finance and the Accountant General’s Department take steps to transfer the above liabilities to the Public Debt. (2009/03)
17. In view of the foregoing observations and my comments above, the completeness, accuracy and validity of the amounts shown in the Statement of Contingent Liabilities could not be satisfactorily determined.

## FINANCIAL INFORMATION

## RECEIPTS AND PAYMENTS OF THE CONSOLIDATED FUND

18. In January 2004 a new Consolidated Fund № 01610000407 was established in accordance with Section 51 of the FMA Act with a transfer of $\$ 5$ billion from the old Consolidated Bank Account. This bank account reflected an overdraft of $\$ 2.292$ billion as at 31 December 2009. The reconciliation of this account was done monthly. However, there were unreconciled differences which need to be investigated.
19. A number of Government bank accounts were rendered non-operational in 1994 and also at the time of implementation of the Integrated Financial Management and Accounting System (IFMAS) in 2004. As at 31 December 2009, a total of 115 Government bank accounts were listed as inactive. However, it was observed that the majority of these accounts had not been reconciled since their establishment. The accumulated balance of these accounts and other operational accounts (excluding the balances on the bank accounts of special projects) was $\$ 15.137$ billion as at 31 December 2009, as compared to a balance of $\$ 5.340$ billion as at 31 December 2008. This represents the best available estimate of the cash position of the Government as at 31 December 2009.
20. The following gives a breakdown of the bank balances in summarised form with comparative figures at the end of the preceding year:

| Account <br> № | Description | Amount <br> 2009 <br> $\$ M$ | Amount <br> 2008 <br> $\$ M$ |
| :---: | :--- | ---: | ---: |
| 404 | Redemption of Treasury Bills Account | $(18,833)$ | $(18,383)$ |
| 407 | Consolidated Fund (New) | $(2,292)$ | 2,376 |

| 969 | Monetary Sterilisation Account | 69,956 | 56,610 |
|  | Total | 15,137 | 5,340 |

21. The Audit Office's assessment of the balances held in the special accounts indicated that eleven accounts with balances totalling approximately $\$ 4.6$ billion appear to be funds that are transferable to the Consolidated Fund. Seven of these accounts reflected static balances totalling $\$ 1.6$ billion over the last six years. The following are details with appropriate explanations in the subsequent paragraphs:

| Account № | Description | $\begin{gathered} \text { Amount } \\ 2009 \\ \$ ’ 000 \end{gathered}$ | $\begin{gathered} \text { Amount } \\ 2008 \\ \$ ' 000 \end{gathered}$ | $\begin{gathered} \text { Amount } \\ 2007 \\ \text { \$'000 } \end{gathered}$ | $\begin{gathered} \text { Amount } \\ 2006 \\ \text { \$'000 } \end{gathered}$ | $\begin{gathered} \text { Amount } \\ 2005 \\ \$ ' 000 \end{gathered}$ |

22. On the assumption that such monies are funds that should have been paid over to the Consolidated Fund, the total of all Government bank accounts held at the Bank of Guyana (including the overdraft on the Consolidated Fund) would give a positive balance of $\$ 19.7$ billion as at 31 December 2009.
(i) Account № 201110 was established in 1994 through the transfer of $\$ 2.110$ billion from the Consolidated Fund to establish an Infrastructural Development Fund (IDF). From the IDF, it is understood that Wartsila engines were purchased for Anna Regina and Wakenaam. In addition, this account was used to meet counterpart expenditure relating to an IDB loan to the electricity sector, but there was no movement since 1997. As can be noted, the account reflected a balance of \$371.573M as at 31 December 2009.
(ii) Account № 200920 with a balance of $\$ 127.138 \mathrm{M}$ was also set up in 1994 to meet certain expenses relating to the purchase and installation of the Wartsila engines.
(iii) Account № 200950 (Agricultural Sector Loan) relates to the IDB Loan Agreement № 660-SF/GY, which was entered into in October 1981. The components of this loan included mainly (a) the procurement of agricultural supplies; (b) rehabilitation and maintenance of water control; and (c) the capitalisation of GAIBANK. Given that disbursements on this loan were chargeable to the Public Debt, then the balance of $\$ 77.294 \mathrm{M}$ is due to the Consolidated Fund. It should be mentioned that the Government's indebtedness of US\$15M on this loan as at May 1999 was written off as part of the HIPC Initiative.
(iv) The respective balances of $\$ 474.482 \mathrm{M}$ and $\$ 55.421 \mathrm{M}$ held in accounts №s 201000 and 201010 represent local currency proceeds from a grant approved by the British Government to purchase fuel and lubricants. The Grant was used to pay foreign suppliers, while local purchasers paid the local currency equivalent. This programme came to an end several years ago.
(v) The balance of $\$ 280.914 \mathrm{M}$ held in account № 201050 (ARSA A/C) resulted from local currency deposits made by importers under the Agriculture Rehabilitation Project Loan № 839 SF/GY, which was financed by the IDB and had come to an end in 1995. The IDB provided foreign currency for the purchase of agricultural equipment and the disbursements under the loan were chargeable to the Public Debt. It follows that the balance on this account should have been transferred to the Consolidated Fund, which services the Public Debt. Noteworthy also, is the fact that Government’s indebtedness of US\$26.8M on this loan as at May 1999 was written off as part of the HIPC Initiative.
(vi) The Ministry of Finance and Social Impact Amelioration Programme (SIMAP) Agency were unable to provide information on the nature of account № 201090 - SIMAP Phase 2, which reflected a balance of $\$ 213.750 \mathrm{M}$ as at 31 December 2008. This Project came to a close in 2005. Investigations revealed that the amount was transferred from the ARSA Account in 1994.

Ministry’s Response: The Head of Budget Agency indicated that two of these accounts № 201210 and № 201360 were closed in July, 2010, while the others are being addressed by the Ministry of Finance.

Recommendation: The Audit Office again recommends that the Ministry of Finance urgently review the status of the above accounts, with a view to paying into the Consolidated Fund, all funds that are transferable. (2009/04)
23. The old Consolidated Fund bank account № 400 was not reconciled since February 1988. A cash book for the account was reconstructed for the period 1989 to 2003 in order to aid the
reconciliation of this account. However, despite attempts by the Accountant General's Department to reconcile the monthly transactions on the account from January 1994, it was found that a proper reconciliation was still not done. In addition, the Consolidated Fund continued to be overdrawn over the years. At the end of 1992, the overdraft on this account was $\$ 26.823$ billion, compared with an overdraft of $\$ 44.434$ billion at the end of 2003, a net increase of $\$ 17.611$ billion. In January 2004, a new Consolidated Fund was opened with a transfer of $\$ 5$ billion from the old Consolidated Fund. At the end of 2004, the overdraft of the old Fund was $\$ 45.550$ billion compared with $\$ 46.900$ billion at the end of 2005. A static overdrawn balance of $\$ 46.906$ billion was recorded in 2006 and 2007. In 2008 the overdraft decreased to $\$ 46.866$ billion, while in 2009 there was a further decrease to $\$ 46.823$ billion. In 2006, amounts totalling $\$ 15.226$ billion were transferred from the Deposit Fund, General Account and the Non-Sub Accounting bank accounts to the new Consolidated Fund (Account № 407) instead of the old Consolidated Fund. Had these amounts been transferred to the old Consolidated Fund and the amount that was used to open the new Fund repaid, then the overdraft would have been reduced to $\$ 26.640$ billion at the end of 2009.

Ministry's Response: The Head of Budget Agency indicated that detailed reconciliation of the old Consolidated Fund Account № 400 could not have been completed for the period 1982 to 2003 for several reasons: (a) due to the unavailability of records in a continued sequential order; and (b) inability to reconstruct cash books on a monthly basis in an attempt to reconcile monthly transactions. However, there was an effort to reconstruct cash books on a monthly basis in an attempt to reconcile monthly transactions as they occur at the bank and ministerial level. It was through this process that a closing balance was established at the end of December 2003, thereby identifying the opening balance for the new Consolidated Fund Account № 407.

Recommendation: The Audit Office recommends that the Accountant General’s Department (a) seek to establish a cash book balance for the old Consolidated Fund; (b) take the necessary steps to facilitate a proper reconciliation of the bank account; and (c) close the bank account. (2009/05)
24. All gifts to Ministries/Departments/Regions are to be valued and brought to account by the individual entities. Periodic returns are required to be submitted to the Ministry of Finance and the values of these gifts are to be reflected in the Country's accounts as Miscellaneous Receipts. Despite a circular from the Accountant General to all Heads of Budget Agencies that detailed the procedures to account for gifts, there was no evidence of adherence, although it was confirmed that gifts were received during the reporting period. As a result, the amount of $\$ 34 \mathrm{M}$ representing Miscellaneous Receipts as at 31 December 2009 is understated.

Ministry's Response: The Ministry of Finance endorses the recommendation made by the Auditor General and is in the process of initiating disciplinary action against those Agencies that are in default.

Recommendation: The Audit Office recommends that the Ministry of Finance adopt stringent measures to ensure that there is compliance with the Accountant General's circular concerning the accounting for gifts. (2009/06)
25. Despite the above observations the statement as shown on pages $2 / 8$ to $2 / 14$ properly presents the Receipts and Payments of the Consolidated Fund for the year ended 31 December 2009.

## EXPENDITURE FROM THE CONSOLIDATED FUND AS COMPARED WITH THE ESTIMATES OF EXPENDITURE

26. The Ministries listed below, failed to achieve their anticipated levels of capital expenditure activity during 2009. Similar observations were made in my previous reports which had affected ten of these Ministries:

| Name of Ministry/Department | Total Funds <br> Available <br> $\$^{\prime} 000$ | Actual <br> Expenditure <br> $\$^{\prime} 000$ | Shortfall <br> 2009 <br> ${ }^{\prime} 000$ |
| :--- | ---: | ---: | ---: |
|  |  |  |  |
| Min. of Agriculture | $6,532,585$ | $2,975,976$ | $3,556,609$ |
| Office of Prime Minister | $5,593,985$ | $2,604,150$ | $2,989,835$ |
| Min. of Finance | $9,108,554$ | $7,383,690$ | $1,724,864$ |
| Min. of Public Works \& Communication | $11,248,570$ | $10,187,319$ | $1,061,251$ |
| Min. of Housing \& Water | $12,100,569$ | $11,192,335$ | 908,234 |
| Min. of Tourism, Commerce \& Industry | $1,050,500$ | 280,194 | 770,306 |
| Min. of Education | $3,163,641$ | $2,543,687$ | 619,954 |
| Min. of Health | $2,865,693$ | $2,447,268$ | 418,425 |
| Min. of Legal Affairs | 541,816 | 268,549 | 273,267 |
| Min. of Local Government | $1,481,355$ | $1,286,458$ | 194,897 |
| Min. of Labour, Human \& Social Security | 656,800 | 467,312 | 189,488 |
| Office of the President | 795,139 | 714,965 | 80,174 |
| Total | $55,139,207$ | $42,351,903$ | $12,787,304$ |

27. Despite the above observations the Statement of Expenditure from the Consolidated Fund as compared with the Estimates of Expenditure as shown on pages $2 / 15$ to $2 / 19$ was properly present.

Ministry's Response: The Ministry of Finance indicated that the shortfall of $\$ 12.787$ billion in capital expenditure resulted mainly from the following:
(a) Delays in the finalisation of project documents, including feasibility studies and loan agreements;
(b) The re-prioritisation of projects;
(c) Re-designing of several projects affecting mainly infrastructure works;
(d) Lengthy consultation periods, regarding regulatory policy reforms; and
(e) Delayed finalisation of land acquisition.

Recommendation: The Audit Office recommends that the Ministry of Finance encourage Heads of Budget Agency to undertake projects and capital works during the earlier part of the year so that any problem or issues encountered can be detected within a timely manner, so as to avoid delays and ensure amounts are expended as budgeted. (2009/07)

## EXPENDITURE IN RESPECT OF THOSE SERVICES WHICH BY LAW ARE DIRECTLY CHARGEABLE TO THE CONSOLIDATED FUND

28. Expenditure in respect of those services, which by law are directly chargeable to the Consolidated Fund, otherwise known as Statutory Expenditure as shown on pages 2/20, and 2/28 to $2 / 45$, do not form part of the voted provisions approved by the National Assembly. Such expenditure includes repayment and servicing of the Public Debt, emoluments of holders of constitutional offices, and pensions and gratuities of public officers. The details provided for verification of these expenditure revealed that they were properly incurred.

## FINANCIAL INFORMATION

## RECEIPTS AND PAYMENTS OF THE CONTINGENCIES FUND

29. In accordance with Section 41 of the FMA Act, the Minister of Finance "may approve a Contingencies Fund advance as an expenditure out of the Consolidated Fund by the issuance of a drawing right". The criteria requires the Minister to be satisfied that "an urgent, unavoidable and unforeseen need for the expenditure has arisen (a) for which no moneys have been appropriated or for which the sum appropriated is insufficient; (b) for which moneys cannot be reallocated as provided for under this Act; or (c) which cannot be deferred without injury to the public interest....". Where any advance is made, a supplementary estimate must be laid before the National Assembly as soon as is practicable for the purpose of properly authorising the replacement of the amount advanced.
30. According to the Statement, amounts totalling $\$ 3.937$ billion were drawn from the Fund by way of 33 advances. As at 31 December 2009, eleven of these advances totalling $\$ 1.450$ billion remained outstanding. In January 2010, a supplementary paper was passed to clear these advances.
31. My previous Reports highlighted the continual abuse of this Fund. The instances listed below which did not meet the eligibility criteria, support the opinion that the abuse continued during 2009:

| Ministry/Region | Particulars | Amount \$M |
| :---: | :---: | :---: |
| Ministry of Public Works | Support to Transport \& Harbour Dept. <br> Civil works expenditure <br> Civil works expenditure <br> Rehabilitation of Roads in Regions 2,3,4,5,6 | $\begin{array}{r} 200 \\ 185 \\ 23 \\ 1,260 \end{array}$ |
| Guyana Defence Force | Procurement of kit \& equipment, feed \& drugs for livestock, accommodation items, annual medical test for officers \& other ranks <br> Fleet additions - increase in cost for POL | $\begin{aligned} & 169 \\ & 135 \end{aligned}$ |
| Ministry of Education | Student furniture for secondary \& primary schools Rehabilitation of roof and sanitary blocks | $\begin{aligned} & 10 \\ & 10 \end{aligned}$ |
| Total |  | 1,992 |

Ministry's Response: The Head of Budget Agency indicated that the Ministry wishes to highlight that prior to the approval of any request for Supplementary Provisions, the funds being requested are debated and granted by the National Assembly.

Recommendation: The Audit Office recommends that the Ministry of Finance adopt stringent measures to ensure that there is compliance with Section 41 of the FMA Act concerning the criteria for the granting of advance from the Contingencies Fund. (2009/08)
32. Despite the above observations the statement as shown on pages $2 / 21$ to $2 / 22$ properly presents the Receipts and Payments of the Contingencies Fund for the year ended 31 December 2009.

## CURRENT ASSETS AND LIABILITIES OF THE GOVERNMENT

33. The current assets and liabilities of the Government comprise mainly cash and bank balances and cash equivalents, as well as short-term liabilities usually in the form of advances from the bank by way of overdrafts as well as the issue of Treasury Bills. The FMA Act establishes the Consolidated Fund, the Deposits Fund and the Contingencies Fund as a sub-fund of the Consolidated Fund. The balance sheets of these funds at the end of the year would normally comprise the current assets and liabilities of the Government.
34. The Statement of Current Assets and Liabilities of the Government for the year ended 31 December 2009 is shown on page 2/23, and is summarised as follows:

35. In relation to the amount of $\$ 14.691$ billion shown as Central Government Accounts, the following gives a breakdown with comparative figures at the end of the preceding year. It should be noted that actual bank balances were used instead of legder/cash book balances because of the absence of reconciliation of the vast majority of Government bank accounts with the exception of the New Consolidated Fund Account (407) which reflects the cash book balance.

| Account <br> № | Description | Amount <br> 2009 <br> $\$ M$ | Amount <br> 2008 <br> $\$ \mathrm{M}$ |
| :---: | :--- | ---: | ---: |
| 407 | Consolidated Fund (New) | "(Old) | $(21,535)$ |
| 400 | " | $(11,602)$ <br> 401 | Deposits Fund |
| 405 | General Account | 55 | $(46,866)$ |
| 3001 | Non-Sub-Accounting Min/Dept | 23 | 55 |
| - | Other Ministries/Departments' Accounts | 57 | 34 |
| 969 | Monetary Sterilisation Account | 12,958 | 10,980 |
|  | Total | 69,956 | 56,610 |

36. The General Account № 405 was used as an intermediary account to monitor and control releases of funds from the Consolidated Fund to the accounts of Ministries and Departments. The Account remained opened despite previous recommendations to have it closed and the balance
transferred to the Consolidated Fund. As at 31 December 2009, the Account reflected a balance of \$23M.

Ministry's Response: The Ministry of Finance concurs with the comments made by the Auditor General. However, this can only be done through a reconciliation process.

Recommendation: The Audit Office recommends that the Accountant General's Department take immediate steps to effect the closure of the General Account and to have the balance transferred to the old Consolidated Fund account № 400. (2009/09)
37. Prior to 2004, funds were released from the Consolidated Fund into the Non-Sub Accounting Ministries and Departments bank account № 3001. This account, which is under the control of the Accountant General's Department, reflected a balance of $\$ 57 \mathrm{M}$ at the end of 2009. The funds in this account were mainly as a result of the unspent amounts that had not been paid over to the Consolidated Fund over the years.

Ministry's Response: The Ministry of Finance indicated that this issue continues to engage the attention of the Ministry. However, any closure of the accounts does not negate agencies from having their respective accounts reconciled.

Recommendation: The Audit Office recommends that the Accountant General immediately review the status of this bank account in light of the large amount of funds held in it, and take the necessary steps to effect its transfer to the old Consolidated Fund bank account № 400. (2009/10)
38. On 30 June, 2010, one hundred and thirty two accounts were closed. These included forty-one accounts with overdrafts totalling $\$ 676.850 \mathrm{M}$ of which twenty-three listed below had overdraft in excess of $\$ 1 \mathrm{M}$, thirty-three accounts with positive balances totalling $\$ 89.489 \mathrm{M}$ and fifty-eight accounts with nil balance, giving a total net overdraft of $\$ 587.361 \mathrm{M}$.

Ministry's Response: The Ministry of Finance indicated that this issue continues to engage the attention of the Ministry. However, any closure of the accounts does not negate agencies from having their respective accounts reconciled.
39. The Monetary Sterilisation Account, set up in 1993 to capture the proceeds from issues of medium term (i.e. $182 \& 365$ days) Treasury Bills, reflected a balance of $\$ 69.956$ billion as at 31 December 2009. However, the related balance in the Schedule of Public Debt was stated as $\$ 73.669$ billion, resulting in a difference of $\$ 3.713$ billion.

Ministry's Response: The Ministry of Finance indicated that the difference represents the discount element of the treasury bills, which will be recorded in the account when the bills are redeemed.
40. Notwithstanding the claims of the Head of Budget Agency, the Audit Office was only able to verify discount on treasury bills totalling $\$ 2.969$ billion. There still remained an unexplained difference of $\$ 744 \mathrm{M}$.

Ministry's Response: The Ministry of Finance indicated that attempts will be made to have these matters addressed and brought to a satisfactory conclusion.

Recommendation: The Audit Office recommends that the Ministry of Finance take immediate action to have the Ministry's records reconciled with that of the Bank of Guyana, with a view of having the difference resolved. (2009/11)
41. In view of the foregoing observations, and the fact that (a) in some instances the actual bank balances were used instead of cash book balances; (b) an absence of reconciliation existed for the vast majority of Government bank accounts; (c) there were incorrect recordings of current assets; and (d) the recording of "Other Liabilities" totalling $\$ 3.995$ billion remained unsubstantiated, the completeness, accuracy and validity of the amounts shown in the financial statements as Current Assets and Liabilities of the Government as at 31 December 2009, could not be satisfactorily determined.

## APPROPRIATION ACCOUNTS OF HEADS OF BUDGET AGENCIES

42. The Appropriation Accounts of Heads of Budget Agencies for the year ended 31 December 2009 in respect of the current and capital votes for which they were responsible, are shown on pages $2 / 49$ to $2 / 204$. These accounts are subject to the comments dealing with the accounts of Ministries/Departments/ Regions under the relevant sections of this Report.

## RECEIPTS AND DISBURSEMENTS BY HEADS OF BUDGET AGENCIES

43. The Statements of Receipts and Disbursements by Heads of Budget Agencies for the year ended 31 December 2009 are shown on pages $2 / 205$ to $2 / 223$. These statements are also subject to the comments dealing with the accounts of Ministries/Departments/Regions under the relevant sections of this Report.

## STATEMENT OF THE PUBLIC DEBT

44. In accordance with Article 221 of the Constitution, the Public Debt of Guyana and the servicing of that Debt are a direct charge on the Consolidated Fund. In addition, Section 3(1) of the External Loans Act, Chapter 74:08 of the Laws of Guyana, as amended by Order № 31 of 1991, authorises the Government to raise loans outside of Guyana not exceeding $\$ 400$ billion. Section 3(6) of the said Act also requires all agreements relating to such loans to be laid before the National Assembly as soon as practicable after the execution of such agreements. During 2009, four loans were contracted and all the related agreements laid on 29 December 2009 in the National Assembly. The following are details of new loans for 2009:

| № | Date of Agreement | Loan Ref. | Donor <br> Agency | Description of Loan | $\begin{gathered} \text { Amount } \\ \$ \times 000 \\ \text { US } \\ \hline \end{gathered}$ | Amount \$'000 GY |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| 1 | 01-01-09 | 136734/SA | Venezuela | To supply crude oil, refined oil products and LPG of up to 5200 barrels per day on an annual basis | 33,517 | 6,802,340 |
| 2 | 17-04-09 | 2102/BL-GY | IDB | Second Low Income Settlement | 27,900 | 5,723,838 |
| 3 | 23-11-09 | 2235/BL-GY | IDB | For the Financial Sector Reform Program II | 5,000 | 1,025,777 |
| 4 | 27-04-09 | 18/SFG-GY | CDB | Enhancement of the Technical and Vocational Education Training (TVET) | 7,500 | 1,538,666 |

45. The system provides for the Accountant General to maintain a Register of the Public Debt, and whenever debts are incurred he is informed by way of correspondence and other relevant documents for the purpose of updating his records. When repayments are made the Register is updated accordingly. At the end of the year, the Minister of Finance has the responsibility for submitting an official schedule of Public Debt outstanding in the name of the Government, other levels of Government, and public enterprises for audit examination and certification.
46. A system was not in place for the monitoring of disbursements by funding agencies and for updating the disbursement column of the Register. This column was being written up from monthly statements from the loan creditors instead of from the submission of relevant documentation from executing agencies attesting to the disbursements.

Ministry’s Response: The Ministry of Finance indicated that efforts will be made to reconcile this information with the executing agencies.

Recommendation: The Audit Office recommends that copies of all the relevant documentation relating to all debts contracted by the Government be forwarded to the Accountant General's Department for updating of its records. In addition, the Department should take steps to have the Public Debt Register properly maintained, computerised, and carry out monthly reconciliation of its records with those of the Debt Management Division. (2009/12)
47. The reported Public Debt as at 31 December 2009 (i.e. debts which are required to be serviced out of the Consolidated Fund only and which do not include those of Bank of Guyana and parastatal entities) is shown on pages $2 / 29$ to $2 / 46$, and is summarised below:

| Description | External | Internal | Total <br> 2009 <br>  | G\$`000 |
| :--- | ---: | ---: | ---: | ---: |
48. In relation to Treasury Bills, there was a Bill issued in 2006 that should have been redeemed on 29-05-2006 and is still outstanding. In addition, there was also a difference of $\$ 100,000$ for one A series Treasury Bill due to the fact that one amount was cleared by appropriation and a different amount was actually paid.

Ministry's Response: The Ministry of Finance indicated that the Ministry is currently investigating this matter.

Recommendation: The Audit Office recommends that the Ministry of Finance take steps to have the outstanding treasury bills redeemed and reconcile the records with that of Bank of Guyana with a view of clearing difference. (2009/13)
49. Despite the above observation, the statement as shown on pages $2 / 28$ to $2 / 45$ properly presents the Public Debt for the year ended 31 December 2009.
50. As can be noted, the total Public Debt stood at G $\$ 301.578$ billion, as compared with G $\$ 270.455$ billion at the end of 2008, giving an increase of G\$31.123billion. Expressed as a factor of Current Revenue ( $\$ 95.355$ billion), the total Public Debt at the end of 2009 was 3.16 times current revenue compared with a factor of 3.24 at the end of 2008 and 2.90 at the end of 2007.

## SCHEDULE OF ISSUANCE AND EXTINGUISHMENT OF ALL LOANS

51. The Schedule of the Issuance and Extinguishment of all Loans as shown on page 2/46. reflected a balance of $\$ 13.603$ billion at the end of 2009 of which the following are the main loans as shown below. However, this balance did not include loans totalling \$105M which were granted in 2004 to Aroaima Mining Company and Hand-in-Hand Trust Corporation.

| Description | Amount | Amount |
| :--- | :---: | :---: |
|  | 2009 | 2008 |
|  | $\$ ’ 000$ | $\$ ’ 000$ |
| LINMINE | $5,665,853$ | $5,665,853$ |
| Mards Rice Milling Company Ltd. | 500,000 | 500,000 |
| Guyana Airways Corporation | 438,930 | 438,930 |
| Guyana Power and Light | $6,952,929$ | $3,934,435$ |
| Total | $13,557,712$ | $10,539,218$ |

52. Included in the balance of $\$ 13.603$ billion were loans issued to LINMINE, Guyana Airways Corporation and Mards Rice Milling Company Limited. The recovery of the amounts loaned to LINMINE appears to be very remote, in view of the fact that the Government has divested $70 \%$ of its interest in the Company. Guyana Airways Corporation is no longer in existence, while the financial statements of Mards Rice Milling Company Limited were last audited in 2003.

Ministry's Response: The Ministry of Finance indicated that these issues are being addressed by the Ministry.

Recommendation: The Audit Office recommends that loans granted in 2004 totalling \$105M to Aroaima Mining Company and Hand-in-Hand Trust Corporation be brought to account in the Schedule of the Issuance and Extinguishment of all Loans. (2009/14)
53. In view of the foregoing observations, the completeness, accuracy and validity of the amounts shown in the Schedule of the Issuance and Extinguishment of all Loans, could not be satisfactorily determined.

## FINANCIAL REPORTS OF THE DEPOSIT FUNDS

54. Section 42 of the FMA Act provides for the Minister to "establish one or more Deposit Funds into which public monies shall be paid pending repayment or payment for the purpose for which the monies were deposited". It was noted that deposits received during the year were paid directly into the Consolidated Fund (Account № 407), while related payments were also effected directly from that Fund. This method of treatment did not appear to address the accounting issues surrounding deposits and therefore is deemed inadequate. The Financial Report of the Deposit Funds for the year ended 31 December 2009 is shown on page 2/47.

Ministry's Response: The Ministry of Finance indicated that this issue is being addressed by the Ministry.

Recommendation: The Audit Office recommends that the Ministry of Finance undertake to establish a Deposit Fund in accordance with the requirement of the FMA Act. (2009/15)
55. The Audit Office continued to experience difficulty in determining the exact balance on the Deposits Fund. This is due to a gap of fourteen years in financial reporting covering the period 1982 to 1995. In addition, the ledgers relating to the Fund were not written up since September 1987. The figures on the financial statement for the period under review were based on submissions by Ministries, Departments and Regions. However, in the absence of reconciliation with the Accountant General's records, the amounts shown in the statement could not be relied upon.
56. The Audit Office was also unable to verify the accuracy of $\$ 1.372$ billion shown as deposits held for investments on behalf of the Sugar Industry Labour Welfare Fund, the Sugar Industry Rehabilitation Fund, and the Sugar Industry Price Stabilisation Fund. These entities were last audited for the respective years 1999, 1980, and 1980. It was therefore not possible to use the entities records as a basis of verifying the accuracy of the balances.

Ministry's Response: The Ministry of Finance indicated that this is information to be disclosed in the entity's submission to the Public Accounts.

Recommendation: The Audit Office recommends that the Head of Budget Agencies take urgent steps to have these entities bring their accounts up to date and submit same for audit examination. (2009/16)
57. A similar situation existed with the Dependent's Pension Fund. The Financial Report of the Deposit Fund shows the amount of $\$ 427.091 \mathrm{M}$ held on behalf of the entity. However, the last set of audited accounts was in respect of 2008. Hence, the accuracy of this amount could not have been properly validated.

|  |  |  |

| Balances Held on Deposit | Amount | Amount |
|  | 2009 | 2008 |
|  | $\$ \prime 000$ | $\$ ’ 000$ |
|  |  |  |
| Dependents Pension Fund | 427,091 | 415,162 |
| Sugar Industry Welfare Committee | 50,691 | 50,691 |
| Sugar Industry Labour Welfare Fund | $1,216,847$ | $1,232,917$ |
| Sugar Industry Rehabilitation Fund | 68,873 | 68,407 |
| Sugar Industry Price Stabilisation Fund | 86,665 | 86,569 |
| Miscellaneous | $2,145,149$ | $1,364,224$ |
| Total | $3,995,316$ | $3,217,970$ |

|  | 2009 | 2008 |
|  | $\$ \prime 000$ | $\$ 000$ |

| Auto Advance | 75,484 | 85,663 |
| Guyana Gold Board | $6,454,350$ | $4,239,444$ |

| Crown Agents | 332,790 | 332,790 |
| Statutory and Other Bodies | $1,554,456$ | $1,554,456$ |
| Total | $9,907,230$ | $7,374,708$ |

58. Prior to 2004, the records at the Accountant General's Department were not maintained in a manner to adequately monitor or control advances granted from the Deposits Fund. In addition, it was not possible to easily ascertain the value of advances issued or outstanding as at 31 December 2003. As a result, the amount of $\$ 9.907$ billion shown as advances outstanding as at 31 December 2009 could not be substantiated.

Ministry's Response: The Ministry of Finance indicated that this is information to be disclosed in the entity's submission to the Public Accounts.

Recommendation: The Audit Office recommends that the Accountant General's Department ensure that adequate records are maintained to monitor and control advances granted from the Deposit Fund. (2009/17)
59. In view of the foregoing observations, the completeness, accuracy and validity of the amounts shown in the Financial Report of the Deposit Fund could not be satisfactorily determined.

## SCHEDULE OF GOVERNMENT GUARANTEES

60. The Schedule of Government Guarantees as shown on $2 / 48$ shall include, with respect to each Government guarantee outstanding (i) the identity of the public entity whose borrowing has been guaranteed; (ii) the identity of the creditor; and (iii) and the amount of the Government's potential debt obligation in respect of the guarantee.
61. The Government had guaranteed $100 \%$ of the borrowings of Guyana Transport Services Ltd and Guyana Telecommunications Corporation. These entities are no longer in existence and therefore the responsibility to discharge liabilities totalling $\$ 203.538 \mathrm{M}$ now rests with the Government. The Audit Office had recommended in previous Reports that this amount be transferred to the Public Debt. It is disappointing to note that no action was taken in this regard.

Ministry's Response: The Ministry of Finance indicated that this issue is being addressed by the Ministry.

Recommendation: The Audit Office once again recommends that the Head of Budget Agency takes steps to have these liabilities transferred to the Public Debt. (2009/18)
62. In view of the foregoing observations and my comments above, the completeness, accuracy and validity of the amounts shown in the Schedule of Government Guarantees could not be satisfactorily determined.

## FINANCIAL REPORT ON EXTRA-BUDGETARY FUNDS

63. Extra-Budgetary Funds were not created during the period under review.

FINANCIAL REPORT OF OTHER ACCOUNTS APPROVED BY THE MINISTER
64. There was no other Financial Report approved by the Minister for the period under review.

## AGENCY 01 <br> OFFICE OF THE PRESIDENT

## Current Expenditure

## Prior year matters, which have not been resolved

65. The expenses for the Presidential Guard, Castellani House and the Joint Intelligence Coordinating Agency were inappropriately charged as Subsidies and Contributions to Local Organisations, even though these were departments of the Office of the President and therefore should have been operational programmes under that Ministry. Notwithstanding assurances that the Finance Secretary was engaged with a view to rectifying this situation, amounts totalling $\$ 236.6 \mathrm{M}$ were included as expenditure under the sub-head. The inclusion of this sum materially misrepresents subsidies and contributions paid for the period under review.

Office's Response: The Head of Budget Agency explained that the Administration has since written the Finance Secretary to have this matter rectified and is awaiting a response.

Recommendation: The Audit Office recommends that the Office of the President follow-up its collaboration with the Ministry of Finance with a view to ensuring that specific programmes are allocated to all operational units under the present programme budgeting arrangements. (2009/19)
66. The Office of the President is still to lay reports in the National Assembly of the audited accounts for the following statutory entities under its control. The entities were last audited for the years shown below.

| Entity | Year of Last <br> Audit Report | Remarks |
| :--- | :---: | :--- |
| National Parks Commission | 2006 | Audit to be finalised for 2007. Financial <br> statements submitted for 2008 and 2009 |

| Institute of Applied Science \& Technology | 2002 | Audit to be finalised for 2003. Financial <br> statements submitted for the year 2004. |
| Integrity Commission | 2005 | Audit in progress for the years 2006 to 2008. <br> Financial statements submitted for 2009 |

| National Communications Network (NCN) | 2005 | Financial statements submitted for 2006 to <br> 2009 |
| Government Information Agency | 2004 | Financial statements submitted for 2005 |

Recommendation: The Audit Office recommends that the Head of Budget Agency make a special effort to have these accounts laid before the National Assembly. (2009/20)

## Capital Expenditure

Current year matters, with recommendations for improvements in the existing system

## Subhead 34002-GO-INVEST

67. A sum of $\$ 6 \mathrm{M}$ was provided for the (a) rehabilitation of building; and (b) purchase and installation of security system, of which the Appropriation Account reflected expenditure of $\$ 5.9 \mathrm{M}$. An approval was obtained to include the rehabilitation of fence and the purchase of one air conditioning unit.
68. In relation to the rehabilitation of fence and the purchase of air conditioning unit, releases totalled $\$ 1.620 \mathrm{M}$ and in fulfilment of its requirements the agency expended $\$ 1.519 \mathrm{M}$. There was however no evidence to indicate that the fence, which cost $\$ 1.167 \mathrm{M}$, had received the approval of the NPTAB, as required by the Procurement Act (2003).

Office's Response: It was explained that efforts are being made to locate and present NPTAB approval.

Recommendation: The Audit Office recommends that the Office of the President take appropriate measures to ensure full compliance with the Procurement Act (2003). (2009/21)

## Subhead 12120 - Information Communication Technology

69. A sum of $\$ 353.549 \mathrm{M}$ was provided under supplementary appropriations for the installation of fibre optic cables and terminal equipment. In this regard, the Appropriation Account indicated that the full amount was expended during the period. In relation to the expenditure, the IFMAS of the Ministry of Finance indicated that on 31 December 2009 four cheques were drawn to the attention of the Office of the President to commit the entire sum, which according to the Project Manager was deposited into an account at a commercial bank.
70. The Audit Office was also provided with two contract documents. The first, which was signed on 30 April 2010, was for the supply of aerial and direct burial fibre optic cables and splice enclosures and equipment at an agreed sum of US\$1.020M under the Lethem to Providence E-Government Project. The second, which was signed on 23 March 2010, was for the connection of the Globenet System with a terrestrial fibre network in Guyana. An initial fee of US $\$ 1 \mathrm{M}$ was to be paid in three instalments. The amount of $\$ 353.549 \mathrm{M}$ was expended as follows:

| Activity | Amount <br> GY\$'000 |
| :--- | :---: |
| Globenet | 141,190 |
| Corning Cable System | 212,359 |
| Total | 353,549 |

71. At the time of the report the items were verified as having been received and were available for the commencement of the work.

## AGENCY 02 <br> OFFICE OF THE PRIME MINISTER

## Current Expenditure

## Prior year matters, which have not been resolved

72. Of the amount of $\$ 2.042 \mathrm{M}$ expended on vehicle spares and services, $\$ 1.244 \mathrm{M}$ were expended in respect of fourteen contracts awarded to five contractors for the repairs to three vehicles. The maintenance cost for two of the three vehicles was lower in comparison to the previous year as summarised below:

| Vehicle № | 2008 | 2009 | Total |
| :--- | ---: | :---: | :---: |
|  | $\$ ’ 000$ | $\$ ’ 000$ | \$'000 |
| PHH 4396 | 1,012 | 274 | 1,286 |
| PEE 7511 | 572 | 303 | 875 |
| PKK 81 | 574 | 666 | 1,240 |
| Total | 2,158 | 1,243 | 3,401 |

Ministry's Response: The Head of Budget Agency explained that (a) for several consecutive years, the Ministry requested funding from the Ministry of Finance for the replacement of vehicles PHH 4396 and PEE 7511, since both of these vehicles are approximately 15 years old and costly to maintain; and (b) in 2009, an amount of $\$ 6.053 \mathrm{M}$ was expended for the purchase of a Toyota Land Cruiser; and (c) in keeping with the recommendation of the Audit Office, provision was made in the 2010 Budget for replacement of vehicles. New spare parts used on PKK 81 vehicles, which are obviously more costly. Also, on several occasions spare parts had to be imported and shipped by air, which had also resulted in significant cost.

Recommendation: The Audit Office recommends that the Office of the Prime Minister should continue to monitor the maintenance cost for each vehicle in order to determine whether it was economical to retain or dispose them. (2009/22)

## AGENCY 03

MINISTRY OF FINANCE
Current Expenditure

## Programme 1-Ministry Administration

## Prior year matters, which have not been resolved

73. During the period under review, amounts totalling $\$ 414.310 \mathrm{M}$ were expended to meet the cost of operations of the State Planning Secretariat, Customs Anti-Narcotics Unit (CANU), National Procurement and Tender Administration Board (NPTAB), Statistical Bureau and the Financial Intelligence Unit as shown below. It should be noted that CANU is a department within the Ministry of Finance and is not a separate legal entity. The implications of having the operations of this Unit financed under Contributions to Local Organisations are two-fold. Firstly, Employment Costs and Other Charges are not categorised and shown in the Appropriation Accounts in the traditional manner, and this distorts the true costs in these two areas. Secondly, the present arrangement facilitates the circumvention of the application of the Government's pay scales, as employees of this unit enjoy enhanced compensation packages, instead of the approved Government rates.

| Name of Agency | Amount <br> $\$ ‘ 000$ |
| :--- | :---: |
| Statistical Bureau | 147,892 |
| State Planning Secretariat | 131,079 |
| Customs Anti-Narcotics Unit | 83,813 |
| National Procurement and Tender Administration Board | 36,880 |
| Financial Intelligence Unit | 14,646 |
| Total | 414,310 |

Ministry's Response: The Ministry of Finance indicated that this matter continues to engage the attention of the Ministry as a matter of policy.

Recommendation: The Audit Office again recommends that the Ministry of Finance cease to fund the operations of CANU from Subsidies and Contributions to Local Organisations and create specific programmes under the existing programme budgeting arrangements in respect of this Department. (2009/23)
74. Further, although CANU was established to protect Customs revenues, this Unit was not operating under the direction of the Commissioner of Customs and Trade Administration. It is therefore clear that this arrangement does not provide for proper financial and administrative control, and is not in conformity with the applicable Customs Laws and Regulations. The Public Accounts Committee had recommended that the Ministry of Finance cease to fund the operations of CANU from subsidies and contributions to local organisation and create specific programmes under the existing programme budgeting arrangements to fund and account for the operations of CANU.

Ministry's Response: The Ministry of Finance indicated that this matter continues to engage the attention of the Ministry as a matter of policy.

Recommendation: The Audit Office also recommends that the Ministry of Finance abide by the recommendation that was given by the Public Accounts Committee. (2009/24)
75. The State Planning Commission, which should have been dissolved several years ago and its operations transferred to the Ministry of Finance, continues to be in existence and has the status of a separate legal entity. In addition, for the period under review, the State Planning Secretariat had an actual staffing of thirty-two persons. However, only twenty-two officers were attached to it. The remaining ten officers were attached to the University of Guyana (one), Office of the President (five) and other Departments within the Ministry of Finance (four), although their emoluments were met from the State Planning payroll. The last set of audited accounts of the Commission was in respect of 1991. The Public Accounts Committee had recommended that the Ministry of Finance cease to fund the operations of the State Planning Commission and to produce financial statements for audit examinations.

Ministry's Response: The Ministry of Finance indicated that this matter continues to engage the attention of the Ministry as a matter of policy.

Recommendation: The Audit Office also recommends that the Ministry of Finance abide by the recommendation that was given by the Public Accounts Committee. (2009/25)
76. In previous reports, the Audit Office highlighted the Ministry's failure to pay over the Government's share of $24 \%$ of the proceeds of Guyana Lotteries to the Consolidated Fund. Instead, such proceeds were paid into a special bank account № 3119 and were used to meet public expenditure without Parliamentary approval. The balance in the bank account № 3119 were not refunded to the Consolidated Fund as required by Section 43 of the FMA Act, but was retained by the Ministry. However, according to the legal opinion by the Attorney General concerning the deposit and use of funds he stated that "There is therefore no legal obligation to transfer moneys therefrom into the Consolidated Fund. This fund is, however, subject to an audit by the Auditor General under the provisions of the Fiscal Management and Accountability Act 2003".
77. During the period 1996 to 2009, amounts totalling $\$ 3.530$ billion were received from the Guyana Lotteries Company and deposited into account № 3119. The balance on this account as at 31 December, 2009 was $\$ 461.511 \mathrm{M}$. Therefore, payments totalling $\$ 3.153$ billion were made during the period 1996 to 2009 to meet expenditure. Of this amount, a total of $\$ 55.849 \mathrm{M}$ was utilised to meet expenditure for 2009. In this regard, the following are details:

| Ministry/Department/Region | Amount <br> $\$ ’ 000$ | Remarks |
| :--- | :---: | :--- |
| Ministry of Culture, Youth \& Sports | 54,199 | To meet expenditure for PYARG adventure <br> journey, Independence Anniversary etc |
| Region six | 1,200 | Support of Dr. Jagan Memorial football <br> knockout tournament. |
| Stipend to members | 450 |  |
| Total | 55,849 |  |

78. The above expenditure was within the National Sectors previously identified and was in accordance with the guidelines for access to the Lottery funding, which included funding for activities that promoted cultural and youth and sports development, financed medical treatment overseas and economic support for disadvantaged groups, among others.
79. The last set of audited accounts of the Guyana Lottery Commission was for the year 2006. At the time of reporting, the accounts for the years 2007 to 2009 were received and the audits are in progress.

| :--- | ---: | :---: |
| Dividends from Non-Financial Institutions | 155 | 150 |

| Bank of Guyana | 1,550 | 2,301 |
| Miscellaneous - Sundries | 222 | 626 |
| Total | 2,177 | 4,314 |

80. The amount of $\$ 150 \mathrm{M}$ reflected as Dividends from Non-financial Institutions was received from the Guyana Oil Company as dividends for 2008, while the sum of $\$ 1.237$ billion shown as Dividends from Equity Holdings includes amount totaling $\$ 1.230$ billion and $\$ 6.5 \mathrm{M}$ which represents amounts received from National Industrial \& Commercial Investments Limited (NICIL) for Guyana Telephone and Telegraph Company (GT\&T) and Guyana National Printers Limited (GNPL) respectively. The amount received from GT\&T were interim dividends in respect of government's $20 \%$ shares in the company, while the amount received from GNPL were the last dividends declared, which was for the year 2003. In addition, audit checks revealed that the amount of $\$ 256.250 \mathrm{M}$ was received and transfer to the Consolidated Fund in respect of GT\&T dividends for the year 2008.
81. Included in the amount of $\$ 626 \mathrm{M}$ shown as collection of Miscellaneous Receipts is an amount of $\$ 19.566 \mathrm{M}$ which was received by the Office of the President in 2009 and paid over to the Consolidated Fund. This amount represented GT\&T's payment of licence fees calculated in accordance with Section 4(b) of the licence granted to GT\&T to run telecommunications systems under Section 7 of the Telecommunications Act № 28 of 1990. This amount is calculated as $0.1 \%$ of GT\&T's annual gross revenue for 2007 and was verified with the audited financial statements of GT\&T and found to be accurate. In addition, audit checks revealed that amounts of $\$ 18.057 \mathrm{M}$ and $\$ 16.745 \mathrm{M}$ from the years 2008 to 2009 respectively were also received by the Office of the President and paid over to the Consolidated Fund in 2010.

## Capital Revenue

82. Significant differences continued to be observed between the amounts shown as receipts in respect of external loans on the Statement of Receipts and Disbursements and those recorded in the Public Debt Statement. The following gives a breakdown:-

| Lending Agency | Public Debt <br> Statement <br> $\$ \prime 000$ | Revenue <br> Statement <br> $\$ \prime 000$ | Difference <br> $\$ ’ 000$ |
| :--- | ---: | ---: | ---: |

| Inter-American Development Bank | $12,824,535$ | $9,528,874$ | $3,295,661$ |
| IFAD | 227,145 | 22,841 | 204,304 |
| Venezuela | $6,875,991$ | 0 | $6,875,991$ |
| Other Project Loans | 159,659 | $1,131,617$ | $(971,958)$ |

Ministry's Response: The Head of Budget Agency indicated that transactions relating to the disbursements received are required to be brought to account by the ministries under which these projects fall. Efforts will be made to ensure compliance with this requirement.

Recommendation: The Audit Office recommends that the Ministry take appropriate measures to (a) ensure that the Public Debt Register is updated at the time disbursements of loan proceeds are made; and (b) reconcile the entries in the Register with confirmations received from loan agencies. (2009/26)

## Other Matter

83. Guyana Stores Ltd. was sold in October 2000 at a price of US\$6M. Of that amount, US $\$ 4 \mathrm{M}$ was deposited by the purchaser. The remaining US\$2M should have been paid in September 2002, but remained outstanding up to the time of reporting. A similar observation was made in relation to the National Paints Company where US $\$ 900,000$ is still outstanding on the purchase price.

Ministry's Response: The Head of Budget Agency indicated that the Head of the Privatisation Unit has advised that these matters are still engaging the attention of the Court.

## Programme 2 - Accountant General’s Department

Prior year matters, which have not been resolved
84. For the years 2004 to 2008 there were 450 advances totalling $\$ 141.755 \mathrm{M}$ which were still to be cleared. However, an examination of the Conference Advances Register with the related records revealed that significant improvements were made in the clearing of outstanding conferences advances. For the year 2009, eight advances totalling $\$ 680,090$ were shown as outstanding while for the years 2004 to 2008 , seventy-four advances totalling $\$ 15.058 \mathrm{M}$ are still to be cleared.

Department's Response: The Head of Budget Agency explained that the Department continues to engage the recalcitrant Agencies with a view to bringing closure to the clearance of these outstanding advances. However, diligent efforts are being made to ensure that these amounts are reduced.

Recommendation: The Audit Office recommends that the Head of Budget Agency notify the respective officials of their obligation to clear all overseas travel advances through the submission of bills and receipts and other supporting documents to substantiate the payments made. (2009/27)

## Capital Expenditure

## Prior year matters, which have not been resolved

## Subhead 44007 - Poverty Programme

85. The sum of $\$ 673.765 \mathrm{M}$ was voted for providing special support for the most vulnerable groups in the country through community development programmes and projects. According to the Appropriation Account, amounts totalling $\$ 665.921 \mathrm{M}$ were expended. During the year, fortythree Inter-Departmental Allocation Warrants (IDAWs) totalling $\$ 673.765 \mathrm{M}$ were issued to Ministries and Regions to undertake works on behalf of the Ministry. However, at the time of reporting twenty-one warrants totalling $\$ 365.820 \mathrm{M}$ were not cleared via financial returns. In the absence of such returns, it could not be determined whether the expenditure was in keeping with the purposes of the warrants.

Recommendation: The Audit Office recommends that the Ministry take appropriate action to ensure that recipients of IDAWs produce financial returns on a monthly basis, so as to facilitate the timely recording of expenditure and necessary adjustments. (2009/28)
86. Similarly, in 2009 the sum of $\$ 683.390 \mathrm{M}$ was voted and according to the Appropriation Account the entire allocation was expended. Audit checks revealed that sixty-three IDAWs totalling $\$ 683.390 \mathrm{M}$ were issued to the Ministries/Departments to undertake works in the most vulnerable groups in the country through Community Development Programme. As at 31 December 2009, forty-two warrants totalling $\$ 637.666 \mathrm{M}$ were outstanding. However, at the time of reporting they were cleared.

## Customs \& Trade Administration

## Prior year matters, which have not been resolved

87. Examination of import duties revealed that some transactions were facilitated through the Permit for Immediate Delivery (PID) system. The system provides for PIDs to be perfected within ten working days from the date of their issue. In addition, the use of the PID facility is valid for one calendar year after which, importers are required to reapply to the Commissioner General for further use of the facility. However, at the time of reporting in August 2010, fifty five PIDs that were issued since 2004 remained outstanding. In addition, for the years 2005, 2006, 2007 and 2008, there were two, nineteen, five and one PID respectively that remained outstanding at the time of audit.

Administration's Response: The Commissioner General explained that the Administration sent letters to defaulters and has been engaging them in discussions so that the outstanding PIDs could be cleared. The Administration also took measures to strengthen the systems. As such, for 2009 there were no outstanding PIDs.

Recommendation: The Audit Office recommends that the Administration renew its efforts to clear the outstanding PIDs. (2009/29)
88. Examination of the Seizures Register revealed that there were sixty-nine seizures during 2008. However, five files were still not presented for audit examination. In addition two of the files presented did not contain sufficient documentation or any evidence of supervisory checks. While in 2007, 2006 and 2005, fourteen, twenty-three and seven files respectively, were still not presented for audit examination. The situation continued in 2009 where there were two hundred and twenty five seizures during the period under review. However, at the time of reporting in October, 2010 only 182 files were presented for audit examination despite repeated requests for the remaining forty three. It was also observed that three of the files presented for audit examination contained no receipts to substantiate the collection of duties and taxes totalling $\$ 377,316$. Further, amounts totalling $\$ 55.646 \mathrm{M}$ were collected as additional duties on items seized, while $\$ 26.597 \mathrm{M}$ were collected as compensation and fines.

Administration's Response: The Commissioner General explained that eleven seizure files for 2008, with values totalling $\$ 8.2 \mathrm{M}$ in relation to Customs duties/taxes, compensation and fines and proceeds from sale of seizure were located and presented to the Auditor General for examination. Efforts are being made to locate the outstanding files and present them for audit.

Recommendation: The Audit Office recommends that the Customs and Trade Administration take steps to expedite the processing of seizures, since the delay can result in the deterioration of the related goods and subsequent loss in revenue, and to locate and present all outstanding files for audit examination. (2009/30)
89. The Administration has still not implemented appropriate measures to ensure that all outstanding ship files for the years 2008, 2007 and 2006 are completed and submitted to the Quality Review Section for examination and closure. An examination of the Ships' Rotation Book kept at Customs House revealed that of the 1,103 vessels that came into port Georgetown during 2008, only 375 were submitted to the Quality Review Section for examination and closure. However, the Administration has implemented a system from October 2009, where ship files are submitted directly to the Filing Room located at Customs \& Trade Administration and not the Quality Review Section. Hence, it was explained by the Administration that some ship files for the years 2008 and 2007 were submitted to the filing room in relation to Georgetown. It was observed that two files for 2008 and six files for 2007 were submitted to the filing room for closure. Similarly in 2009, of the 1,112 vessels that came into port Georgetown, only 127 files were submitted to the Quality Review and Filing Room Section for examination and closure.

Administration's Response: The Commissioner General explained that although these files were unclosed and not submitted to Quality Review, a forty two days report was prepared for each file indicating the reasons why these files were not closed.

Recommendation: The Audit Office recommends that the Customs and Trade Administration take urgent measures to submit the files requested for audit examination. (2009/31)
90. The System provides for deposits made by way of Bills of Sight (provisional entries) to be cleared within three months, failing which, the amounts deposited shall be brought to account as revenue. Examination of the Bills of Sight Register revealed that during the period under review, a total of eleven Bills of Sight totalling $\$ 8.357 \mathrm{M}$ were recorded. However, there were six instances where importers did not perfect their provisional entries in the stipulated time, and up to the time of audit in August 2010 the Administration did not transfer the deposits totalling $\$ 5.720 \mathrm{M}$ into the Consolidated Fund. Further, there were three Bills of Sight totalling \$1.288M representing sale of seizures which remained in the deposit account at the time of audit examination in August 2010. These monies have not been transferred to the Consolidated Fund, since the matters are still before the court.

Administration's Response: The Commissioner General stated that some of these deposits are held in Escrow account because the matters are before the court and still pending.

Recommendation: The Audit Office recommends that the Customs and Trade Administration take appropriate measures to ensure compliance with the Customs Regulations as they relate to Bills of Sight. (2009/32)

## Current year matters, with recommendations for improvement in the existing system

91. In relation to Private Warehouses, it could not be determined if an application was made and approved by the Commissioner General before the warehouse was set up because no master file to substantiate this was presented for audit verification .

Recommendation: The Audit Office recommends that the Customs and Trade Administration locate and present all master files for audit examination. (2009/33)
92. An examination was conducted on a sample of bonds and it was observed that the bond for Vish Trading was expired since 16 June, 2008 and this warehouse remained in operation throughout the period under review. The bond was eventually renewed on the 28 May 2010.

Administration's Response: The Auditor General's observation is correct. The bond in effect in 2009 was inadequate and the Customs and Trade Administration have since taken steps to correct this situation and an additional bond in the sum of $\$ 17 \mathrm{M}$ was issued by the Bank of Nova Scotia in May 28, 2010.
93. An examination of the In-flight Duty Free Guyana Ltd. register revealed that goods valued $\$ 10.659 \mathrm{M}$ were entered for the period under review. However, the register bore no evidence of the goods being dispatched. In addition, an audit examination was conducted on the receipts presented but they did not correspond with the register.

Administration's Response: Private Warehouse Section is in the process of ensuring that all private warehouses operate in full compliance with the Customs Laws and Regulations Chapter 82:01. The warehouse register for In-flight Duty Free Shop was not maintained in accordance with the Customs Act. In-flight has since been requested to submit copies of declarations for all imports and all sales receipts for 2009. Efforts will be made to reconcile these with the Private Warehouse Section’s registers.
94. Standard Procedures requires that C72 along with all supporting documents are submitted to the warehouse section when requests are made for goods to be released. However, for the period under review no Warehouse/ Released Entries were submitted for audit examination. Hence, it was difficult to ascertain if supporting documentation was presented when requesting the release of goods.

Administration's Response: Further checks are being made by the Private Warehouse Section to locate the required entries.

## Tax Operations \& Services

95. In 2005, the total revenue deposited into the Consolidated Fund by the Customs and Trade Administration (C\&TA) totalled $\$ 25.830$ billion while the Statement of Receipt and Disbursements prepared by the Ministry of Finance reflected amounts totalling $\$ 25.827$ billion. Included in the figure of $\$ 25.830$ billion was a shortage of $\$ 10 \mathrm{M}$, which was reported, stolen from the Customs Administration on May 27, 2005. However, there was no evidence to show whether a losses report was submitted to the Finance Secretary as required, in order for the loss to be written off.

Administration's Response: The Commissioner General stated that the Administration was awaiting the outcome of the Court proceedings. The matter is now completed and the loss report for the $\$ 10.318 \mathrm{M}$ will be submitted to the Finance Secretary shortly.

Recommendation: The Audit Office recommends that the Customs and Trade Administration file the losses report with the Finance Secretary. (2009/34)
96. The Administration has still not presented a losses report to the Finance Secretary for comprehensive submission by the Ministry of Finance to Cabinet for approval to write off losses prior to 2002. These would include cheques valued at $\$ 38.350 \mathrm{M}$ which were dishonored, and for which the amounts remained uncollected for the period 1996 to 2000, and cheques totalling $\$ 14.698 \mathrm{M}$ for goods, which were released to some importers during the Public Service strike of May/June 1999.

Administration's Response: The Commissioner General stated that the loss report will be submitted to the Finance Secretary shortly.

## Internal Revenue

97. The Internal Revenue Administration is still experiencing difficulties with the monitoring of receipts and calculations of remittances with respect to Forms II. In accordance with the Income Tax Act, Forms IIs are required to be submitted each year for the previous year, on the total tax deductions made by each employer. During the year 2008, examination of the Forms 11 Register revealed that there were 1,296 employers who submitted Forms 11 for their employees. However, differences were observed between the amounts declared by the employer and what was actually collected by the Internal Revenue in 259 instances. For 2009, examination of the Forms 11 Register revealed that there were 1,488 Employers who submitted Forms 11 for their employees. In addition, 207 instances were observed where the Forms11 Returns were not examined and reconciled for differences. Further, there were twenty-four instances totalling $\$ 4,296,107$ where differences were observed between the amounts declared by the employers and the amounts paid.

Administration's Response: The Commissioner General stated that mechanisms were put in place to have corrective action taken and to strengthen systems. Of the twenty-four instances where differences were observed, eighteen were overpayments by employers.

Recommendation: The Audit Office recommends that the Administration reconciled these returns on a timely basis so any difference can be readily identified and rectified. (2009/35)
98. The Travel Voucher Tax Act requires airlines to pay tax of $15 \%$ on the value of all tickets sold for travel originating from Guyana. Failure to comply with this requirement will result in a $15 \%$ penalty on the gross amount and $\$ 50$ for every day late. However, since 2002 it was observed that an airline was in default to the sum of $\$ 25.588 \mathrm{M}$. At the time of reporting in September 2010, this matter was being addressed by the Legal Division.

Administration's Response: The Commissioner General stated that the matter regarding this airline is in the course of settlement.

Recommendation: The Audit Office recommends that the Administration deal with this outstanding matter urgently. (2009/36)
99. The Administration is still experiencing difficulties in having all delinquent selfemployed persons comply with the requirements of the Income Tax Act. During 2008, the Authority had identified 43,161 persons as self-employed. Collection of Income Tax for selfemployed persons amounted to $\$ 1.652$ billion. Similarly, during 2009, the Authority had identified 80,134 persons as self-employed and collection of income tax from self-employed persons increased to $\$ 2.057$ billion. With respect to Professional Fees collected there was an increase of $\$ 950 \mathrm{M}$ from 2008. The Conservatory order instituted in October 2003 restraining the Guyana Revenue Authority from assessing and collecting taxes from all Attorneys-at-Law and Medical Practitioners was still in effect and the matter has not been finalized.

Administration's Response: The Commissioner General explained that the Guyana Revenue Authority is still awaiting a decision from the court on the summons filed by GRA to discharge the Conservatory Order instituted in October restraining the Guyana Revenue Authority from assessing and collecting taxes from all Attorneys-at-Law and medical practitioners.

Penalties and interest are imposed on delinquent self employed taxpayers as part of the process of enforcing compliance. Legal redress in the courts is a last resort.

Recommendation: The Audit Office recommends again that the Administration deal with this outstanding matter urgently. (2009/37)
100. During the year 2008, the number of companies that submitted annual returns could not have been determined at the time of the audit. However, evidence was seen where the Department instituted 140 charges against companies and forty-three were subsequently addressed in the Court. For the year 2009, 2,034 companies were reflected as being active. In addition, 785 Corporation Tax Returns were filed for the year. Further, evidence was seen where the Department instituted 123 charges against companies and eight were subsequently addressed in the Court.

Administration's Response: The Management explained that legal charges are instituted against delinquent companies as an ongoing process and the department has strengthened its Legal Division as such the system is now more dynamic and defaulters are taken to court regularly.

Recommendation: The Audit Office again recommends that the Administration rigorously follow-up on these outstanding matters. (2009/38)
101. Amounts totalling $\$ 28.675 \mathrm{M}$ were collected as Process fees/Estate Duty for 2008. This related to the processing of 1,082 estates. An audit examination of the Register was conducted and revealed amounts totalling $\$ 19.627 \mathrm{M}$ as being collected resulting in a difference of \$7.978M. Similarly, for the year 2009, amounts totalling $\$ 26.565 \mathrm{M}$ was collected as Process Fees/Estate Duty and a total of 1,137 estates were processed. However, an audit examination of the register was conducted and revealed amounts totalling $\$ 22.543 \mathrm{M}$ as being collected resulting in a difference of $\$ 4.022 \mathrm{M}$.

Administration's Response: The difference occurred because the revenue collected reflects actual payments of Process Fees during the year. This includes payments for estates that were declared in previous years. The register only records declarations for the current year and excludes arrears and corrective declarations. A report can now be obtained from TRIPS showing this analysis.
102. The Administration is still experiencing difficulties in monitoring the status of all default matters and ensuring that cases pending are finalised in a timely manner. During 2008, an examination of the Objections and Appeals Register revealed that the section had 440 cases pending for various defaults with $\$ 10.722 \mathrm{M}$ for penalties that were yet to be finalized. Similarly during 2009, an examination of the register revealed that approximately 252 cases total $\$ 364.9 \mathrm{M}$ representing Tax in Dispute and $\$ 5.816 \mathrm{M}$ for penalties as at 31 December 2009 were to be finalised.

Administration's Response: The Commissioner General explained that as of October 2010; (a) the number of cases received for 2008 were 1,388 with 385 (27\%) still to be finalized representing $\$ 487 \mathrm{M}$ in taxes and $\$ 10 \mathrm{M}$ in penalties in dispute and (b) Likewise, in 2009 the Department received 762 cases with 155 (20\%) still to be finalized representing $\$ 184 \mathrm{M}$ in taxes and $\$ 5 \mathrm{M}$ in penalties in dispute. However, the Administration is continuing its efforts to finalise the outstanding objections in a timely manner.

## Current year matters, with recommendations for improvement in the existing system

103. There continued to be un-reconciled differences between the records of the Internal Revenue Administration and the Statements of Receipts and Disbursements prepared by the Ministry of Finance. During the year 2008, total payments into the Consolidated Fund were $\$ 34.530$ billion while the statement of Receipts and Disbursements showed total payments into the Fund for Internal Revenue as $\$ 34.609$ billion, resulting in an overstatement of $\$ 79 \mathrm{M}$. Similarly, during 2009, examination of the records of the Department revealed payments totalling $\$ 36.721$ billion were paid into the Fund, whilst the statement showed total payments of $\$ 36.763$ billion resulting in a difference of $\$ 42 \mathrm{M}$. Further checks revealed that included in this difference is an amount of $\$ 34.024 \mathrm{M}$ representing revenue from the Ministry of Home Affairs, thus resulting in an un-reconciled difference of $\$ 8 \mathrm{M}$.

Administration’s Response: The Commissioner General explained that the Guyana Revenue Authority and the Ministry of Finance have reconciled the difference for 2008 and are working to have the un-reconciled difference for 2009 identified and make the necessary adjustments.

Recommendation: The Audit Office recommends that the Revenue Accounting Section and the Ministry of Finance reconcile the records every quarter so that adjustments can be done in a timelier manner. (2009/39)
104. An examination of the Dishonored Cheques Register revealed that for the period under review, fifty-one cheques valued at $\$ 79.459 \mathrm{M}$ received from thirty-eight importers were dishonored and were referred to their respective drawers. However, there was no evidence of undue delay in the clearing of these cheques by importers, since this was done within one to nine days.
105. An examination of liquor licences records for Regions №s 2, 3, 4 and 10 revealed that a total of 1,806 registered premises did not renew their licences in 2009. The details are as follows:

| Types of Business | Defaulters | Renewal Fees <br> $\$$ | Total <br> $\$ ’ 000$ |
| :--- | ---: | ---: | ---: |
| Liquor Restaurants | 758 | 5,000 | 3,790 |
| Spirit Shops | 147 | 5,000 | 735 |
| Hotels | 82 | 5,000 | 410 |
| Special Licence Taverns | 8 | 500 | 4 |
| Members Club | 22 | 5,000 | 110 |
| Off Licences Shops | 789 | 500 | 395 |
| Total | 1,806 |  | 5,444 |

106. In the absence of information on the status of the 1,806 businesses, it could not be determined whether licences totalling $\$ 5.444 \mathrm{M}$ were due for renewal.

Administration's Response: The Commissioner General stated that in 2009, the Licence Revenue Office had commenced the automation of the Motor Vehicle Licencing system which competed for major resources resulting in a delay of some control visits activities. However, some control visits were carried out by the Enforcement \& Investigations Department.

Recommendation: The Audit Office recommends that the Administration send out notices to the owners of all premises registered to sell liquor that have not renewed their licence for the period under review. Based on the responses received, excise officers should carry out inspections for the purpose of prosecuting defaulters and to update the various registers. (2009/40)
107. The Internal Revenue Administration has now filed a losses report to the Finance Secretary, for the eleven dishonored cheques valued at $\$ 1.709 \mathrm{M}$ for the years 2000 to 2002 in order for a comprehensive submission to be made by the Ministry of Finance to Cabinet for approval to write off losses prior to 2002. At the time of reporting, a response was received from the Ministry of Finance stating that the matter is being addressed by the Losses Board Committee.

## Debt Management

108. According to Section 117 of the Income Tax Act Chapter 81:01, employers are required to furnish Pay-As You-Earn (PAYE) returns in respect of their employees to the Commissioner General, not later than fourteen days after the close of the month. However, during 2009 there were 158 employers who failed to submit returns. Legal proceedings were taken against eleven of the companies for non-submission of returns. In addition, an analysis of the penalties outstanding revealed 4,780 penalties totalling $\$ 34.721 \mathrm{M}$ including interest were still outstanding at the time of reporting.

Administration's Response: The Commissioner General stated that the 4,780 cases of penalties amounting to $\$ 34.721 \mathrm{M}$ included the following taxpayers for which no notices were sent:

| Taxpayer | Number | Penalty Amount <br> $\$ ’ 000$ |
| :--- | ---: | :---: |
| Government Agencies <br> Taxpayers with penalty charges amounting to <br> \$100 or less <br> Payment arrangement and court cases for which <br> penalties were incorrectly computed | 363 | 20,644 |
| Summary | 32 | 39 |

Recommendation: The Audit Office recommends that the Internal Revenue Administration send out demand notices to the delinquent employers for non-compliance with the Income Tax Act. (2009/41)

## Integrated Financial Management and Accounting System

## Prior year matters, which have not been resolved

109. In addition to the passing and implementation of the FMA Act, the Procurement Act (2003) and the Audit Act (2004), undertaken as part of the continuing process of Public Sector Reform and strengthening and modernisation of the Public Financial Management System, the Accountant General's Department also implemented an Integrated Financial Management and Accounting System (IFMAS).
110. The IFMAS, which replaces some aspects of the previous manual system, became operational on 1 January 2004 and is operated utilising software of a reputable Canadian Company and has ten modules. These modules are the Appropriation, Expenditure, General Ledger, Control, Revenue, Treasury Management, Purchasing, Asset, Inventory and Performance Budgeting modules. During the period under review, seven of the ten modules were operational. These seven modules were the General Ledger, Appropriation, Expenditure, Revenue, Control, Performance Budgeting and Treasury Management modules.
111. The above system has contributed to a more efficient accounting system and has several advantages over the previous manual system of operation, such as, avoiding any over spending,
reducing the processing time of payments, generating timely reports, among others, and operating a single bank account, which was reconciled for the period under review. However, it should be noted that, despite the Accountant General's Department issuing circulars on various aspects of operation of the IFMAS a number of Agencies continue to experience problems, such as:
(a) Several of the Agencies were uncertain about the records that were required to be maintained and, as such, did not maintain and keep records which were considered essential; and
(b) The input of data into the system by the Agencies were not consistent among Agencies nor was it consistent within the Agency.

Department's Response: The Accountant General explained that plans are being made to implement the Purchasing and Asset \& Inventory modules. In addition, the Accountant General’s Department will be conducting training programmes and making the necessary organisational changes to increase the efficiency and upgrade the skills of employees.

Recommendation: The Audit Office recommends that the Ministry of Finance should take immediate steps to have the remaining modules implemented. (2009/42)

## AGENCY 04 <br> MINISTRY OF FOREIGN AFFAIRS

## Guyana’s Permanent Mission of the Republic of Guyana to the United Nations

Prior Year Matters, which have not been resolved
112. An examination of the reconciliation of the main bank account revealed that fifteen reconciling items totalling US\$15,763.99 dating back to years 1993 to 1998 had not been cleared. These included twelve deposits amounting to US\$13,690.99 which were recorded in the cash book during the period 1993 to 1998 as having been received but could not be traced to the bank account. The following are details of the reconciling items:

113. On the issue of writing off the reported discrepancies as a loss, the Director General filed a Losses Report with the Finance Secretary on 4 August 2006. As far as the Mission is aware, no action has yet been taken on this report.

Ministry's Response: The Head of Budget Agency explained that more stringent measures are in place by monitoring of the bank account by the sub-accounting officer at the mission and the Expenditure Planning and Monitoring Unit. The Ministry is following up with the Ministry of Finance on the losses report submitted for the sum of US\$15,763.99.

Recommendation: The Audit Office recommends that the Mission and the Ministry of Foreign Affairs respectively institute supervisory control measures over the operations of the bank accounts and engage the Finance Secretary on the issue of the losses relating to deposits and other items, which have all proven to be irrecoverable. (2009/43)

## Guyana’s Consulate, New York

114. The banking of revenue was not done in a timely manner at Guyana’s Consulate in New York. Such banking was not done daily, but instead once or twice weekly.

Ministry's Response: The Head of Budget Agency explained that all efforts are being made to bank revenue collected on a daily basis.

## Guyana Consulate - Toronto

115. Revenue collections for the year 2009 totalled CDN $\$ 148,515$ with a Guyana dollar equivalent of $\$ 26.667 \mathrm{M}$. In this regard, the remittance of revenue to the Accountant General was not done on a timely basis, since instances were observed where revenue was remitted approximately four months after the month of collection.

Mission's Response: The Head of Budget Agency indicated that the Ministry takes note of the Auditor General's recommendation and would do so.

Recommendation: The Audit Office recommends that the Ministry of Foreign Affairs put mechanisms in place with a view to ensuring that the Consulate remits its revenue on a timely basis into the Consolidated Revenue Account. (2009/44)

## Guyana Embassy Brussels

Current year matters, with recommendations for improvement in the existing system
116. The main bank account of the Mission was a dual currency account. When transfers are made from the Sub-Treasury in Washington D.C., the amounts were brought to account in United States dollars. When the need arises, the mission would request transfers to the "Euro" $(€)$ part of the account to meet its operational expenses. A cash book was not maintained for the United States dollar segment of the two part main bank account, which had a balance of US $\$ 70,283.58$ at 31 December 2009. The failure to account for transactions in this currency resulted in details of payments and balances and in some instances bank charges, not being readily available and balances not being reconciled.

Embassy's Response: The Representative of Head of Budget Agency indicated that the Embassy does not transfer the full amount that is received in remittances, for example hundreds of dollars. After an accumulation these amounts would then be transferred in a later month. Henceforth, the cashbook will be properly maintained.

Recommendation: The Audit Office recommends that the Embassy take immediate action to introduce a cash book to record transactions on the United States dollar segment of the main bank account. (2009/45)

## Matters Common to Overseas Missions

117. The monthly remittances of funds to meet the operational expenditure of Guyana's overseas missions were received either close to the end of each month or in the succeeding month. This situation has occurred for a number of years without being remedied and could adversely affect the missions’ credibility established over the years and/or result in the bank accounts being overdrawn and become subjected to interest charges and/or penalties. Surely, it is to the credit of the functioning Financial Attachés, Executive Officers (Accounts) and the Representatives of the Head of Budget Agency that the missions' accounts were neither overdrawn nor were there situations of tarnished credibility over the period.

Ministry's Response: The Head of Budget Agency indicated that the Ministry will make every effort to remit funds to Missions in a timely manner. However, the process needs the cooperation of all the three Agencies - Ministry of Finance/Ministry of Foreign Affairs/Missions (14) to allow for a smooth and timely flow of funds for the upkeep of Overseas Missions. Remittances are often not transferred on a timely basis because of the processes the Ministry has to follow for the release of funds which takes approximately three weeks. In an effort to alleviate the problem of Missions not receiving remittances on a timely basis it was recommended that the Ministry discussed with the Director, Office of the Budget to issue one month's remittance in advance. The issue was also raised with officials from the Ministry of Finance at a meeting held on October 8, 2010 to discuss Budget 2011-2014.

Recommendation: The Audit Office recommends that the Ministry of Foreign Affairs take a serious view of this state of affairs and put mechanisms in place aimed at ensuring that remittances are sent in a timelier manner. (2009/46)
118. The Guyana Embassy in Washington D.C. transferred amounts totalling US $\$ 4,902,786.62$ to nine of Guyana's overseas missions on behalf of the Ministry of Foreign Affairs. However, only one of these, namely, the Guyana Permanent Mission to the United Nations, acknowledged receipt of such transfers, whilst the Guyana Embassy in Beijing partially complied. The table below gives details of those missions that had not complied with the requirement to provide acknowledgements for the funds transferred.

| Mission | Amount <br> US\$ |
| :--- | ---: |
| Guyana Embassy, Brasilia | $451,861.08$ |
| Guyana Embassy, Brussels | $449,032.80$ |
| Guyana Embassy, Caracas | $298,420.46$ |
| Guyana High Commissioner, India | $435,359.32$ |
| Guyana Consulate, Nickerie | $106,596.99$ |
| Guyana Embassy, Paramaribo | $180,835.68$ |
| Guyana Consul General New York | $835,273.65$ |
| Total | $2,757,379.98$ |

Recommendation: The Audit Office recommends that the Missions solicit the help of the Ministry of Foreign Affairs to ensure that all Missions in receipt of transfers from the SubTreasury properly acknowledge such funds on official receipts. (2009/47)

Ministry’s Response: The Head of Budget Agency indicated that the Ministry in correspondence dated May 28, 2010, all Missions were advised, that in keeping with Financial Regulations, all remittances received to meet budgetary commitments, including remittances for the payment of salaries and allowances to home-based staff, contributions the international organizations and stipends for Honorary Consuls etc., must be acknowledged by the issuance of a Government of Guyana Official General Receipt. Further, the General Receipt must be issued to the source from where the remittances were disbursed to their Missions. Since this advisory was issued in 2010, the system should be in place from 2010. Missions would be reminded to issue receipts for all remittances received.
119. The Accountant General was yet to acknowledge the remittances of revenue from Guyana's overseas missions, even though evidence establishes the authenticity of the related transfers. The records available at some missions indicate that related acknowledgements have been outstanding for even longer than ten years. The table below gives details of revenue collections at missions that were audited for the current period, which approximate $\$ 181.458 \mathrm{M}$.

| Overseas Mission | Revenue Collected | Equivalent <br> G\$’000 |
| :--- | ---: | ---: |
| Guyana Embassy, Washington | US\$97,836.00 | 18,955 |
| Guyana Embassy, Brussels | $€ 8,747.73$ | 2,274 |
| Guyana Consul General, New York | US\$618,615.00 | 119,852 |
| Guyana Embassy, Ottawa | CDN\$6,510.00 | 1,163 |
| Guyana Consul General, Toronto | CDN\$148,515 | 26,667 |
| Guyana High Commission, London | $£ 39,513.62$ | 12,547 |
| Total |  | 181,458 |

Ministry's Response: The Head of Budget Agency indicated that the Ministry wrote the Accountant General to provide official receipts for revenue received.

Recommendation: The Audit Office recommends that the Missions through the Ministry of Foreign Affairs pursue this matter vigorously with the Accountant General with a view to obtaining the outstanding acknowledgement receipts. (2009/48)
120. The adequacy of staffing at some of Guyana's overseas missions could not be assessed, because of the unavailability of information on the authorised complement. Nonetheless, a comparison of the staffing structure for the previous period with what currently obtains revealed negative changes in the diplomatic structure as it relates to the missions in London and Brussels.
121. In the case of London, the work plan for the year under review indicated that sound foreign policy initiatives would be pursued "in conjunction with the Government's overall objectives to expand and develop the economic and social sectors of Guyana". To this end, a major component required the ".... fostering relations with the UK and countries to which the High Commissioner is accredited." However, during the period the accredited countries were not visited in keeping with the plan. Here it would seem that the Head of Mission was bogged down with other major diplomatic tasks and administration of the High Commission and therefore could not visit as planned, even though he had the support of a Counsellor. In the previous period, the mission had two Counsellors, but one of them, who had carried out the functions of Trade Attaché, was recalled and this apparently increased the work load carried by the other diplomatic staff. It would therefore seem that consideration should be given to improving the complement of diplomatic staff.
122. There was a similar situation at Brussels, and this manifested itself in the internal controls, where the Ambassador had had to undertake the "online" banking for the Embassy, transfer salaries of home-based staff and in the absence of the Representative of the Head of Budget Agency, carry out supervisory checks on the accounting process. Additionally, diplomatic work is likely to suffer if either the Ambassador or the diplomatic staff goes on leave or is otherwise engaged. The shortage of staffing also resulted in critical gaps in the accounting process, where it was necessary for the Ambassador to sign blank cheques and bank transfer orders when away from the Embassy for periods over two weeks. Such untenable practices could only cease if at least one other diplomatic staff is assigned.

Recommendation: The Audit Office recommends that the Director General, Ministry of Foreign Affairs take appropriate action to have the Mission's staff requirement assessed and documented for future reference. (2009/49)
123. Furthermore, the issue of the inability of the missions that were visited to effectively segregate finance related duties must again be considered. At each mission, several related accounting duties were performed by one officer. These duties include: (a) the preparation of payment and receipt vouchers, (b) the execution of payments, while writing up the SubAccountant's cash book, the expenditure statements and the cash book, (c) the preparation and signing of cheques, (d) preparation of bank reconciliation statements, collection, deposit and remittance of revenue and (e) writing up of the votes ledger, among others. It is only because of the honesty of the officers manning these units that the weaknesses were not exploited.

Ministry's Response: The Head of Budget Agency indicated that the Ministry is looking at the possibility of recruiting additional staff.

Recommendation: The Audit Office therefore recommends that the Ministry of Foreign Affairs assist the improvement of the internal controls by including at least one other person in the accounting units of the missions to provide a basis for adequate segregation of duties and improved internal controls. (2009/50)
124. Unspent balance approximating G\$20.141M that existed at 31 December 2009 was paid over late to the Consolidated Fund. This was not in keeping with the requirements of Section 43 of the Fiscal Management and Accountability Act 2003, which requires any unexpended balance of public moneys issued out of the Consolidated Fund to be returned and surrendered to the Consolidated Fund at the end of each fiscal year. The receipt of the amounts transferred was also not acknowledged by the Ministry of Finance. The following are details:

| Overseas Mission | Date of <br> Refund | Foreign <br> currency | Amount <br> G\$’000 |
| :--- | ---: | ---: | ---: |
| Guyana Embassy, Washington | $20 / 04 / 2010$ | US\$35,054.00 | 7,151 |
| Guyana Embassy, Brussels | $11 / 05 / 2010$ | US $\$ 16,680.62$ | 3,603 |
| Guyana Consul General, New York | $13 / 05 / 2010$ | US $\$ 13,991.00$ | 2,848 |
| Guyana Embassy, Ottawa | $15 / 03 / 2010$ | US $\$ 12,938.00$ | 2,639 |
| Guyana Consul General, Toronto | $31 / 05 / 2010$ | CDN\$505.00 | 99 |
| Guyana High Commission, London | $25 / 05 / 2010$ | $£ 12,141.66$ | 3,801 |
| Total |  | 20,141 |  |

Ministry's Response: The Head of Budget Agency indicated that the missions would be formally advised to pay over all unspent balances to the Consolidated Fund.

Recommendation: The Audit Office recommends that the Ministry of Foreign Affairs take steps to ensure that missions comply with Section 43 of the Fiscal Management and Accountability Act (2003) as it relates to unspent balances. (2009/51)
125. The main bank accounts of the missions listed in the table below were affected by a number of outstanding advances totaling $\$ 17.762 \mathrm{M}$, all of which relate to years prior to 2009 . Of the advances, a significant amount was in relation to Heads of Missions’ attendance at official conferences overseas. The issuing of such advances from the operational funds of missions is not in keeping with established procedures, which require the Accountant General's Department of the Ministry of Finance, under which funds were allocated for such purposes, to issue such advances and account for these transactions.

| Overseas Mission | Number of <br> Advances | Foreign <br> Currency | Amount <br> G\$’000 |
| :--- | :---: | ---: | ---: |
| Guyana Embassy, Washington | 35 | US\$65,933.45 | 13,384 |
| Guyana Consul General, New York | 5 | US\$1,423.08 | 289 |
| Guyana High Commission, London | 22 | $£ 12,493.09$ | 4,089 |
| Total |  | 17,762 |  |

Ministry's Response: The Head of Budget Agency indicated that the Statements of Expenses amounting to G\$17.762M have been submitted to the Ministry of Finance for clearing.

Recommendation: The Audit Office recommends that the Ministry of Foreign Affairs take appropriate action to have the outstanding advances cleared, while ensuring that all amounts
associated with the attendance to approved conferences, and other matters requiring the Ministry's intervention, are remitted in a timely manner. (2009/52)

## AGENCY 11 <br> GUYANA ELECTIONS COMMISSION

## Current Expenditure

## Prior year matters, which have not been resolved

126. The Commission continued to be in breach of the Stores Regulations. During the period under review, a physical verification exercise at the Guyana Elections Commission (GECOM) Stores revealed several unsatisfactory features, for example:
(a) several significant differences were observed between the stock ledger balances and actual stock on hand;
(b) large amounts of unserviceable items were kept in the Stores; and
(c) there was no established process for the re-ordering of stock and in many cases there was evidence of overstocking.

## Commission's Response:

(a) The Head of Budget Agency agrees with this comment. However, these differences between the Stock Ledger and actual stock arose because of the fire of 2006 which destroyed some of these stocks. These stocks destroyed were not written off as yet which resulted in the difference between physical stock and the stores record.
(b) The Head of Budget Agency agrees with the comment. Efforts are being made to have these items written off - Board of Survey.
(c) The Head of Budget Agency agrees with the comment. Reorder levels not built into system. The evidence of overstocking shown is from previous years and has been addressed in recent years.

Recommendation: The Audit Office recommends that the Commission carry out a comprehensive review of its Stores accounting methodology, with a view to bringing it in line with the requirements of the Stores Regulations and standard accounting practice. (2009/53)
127. The inquiry into the loss suffered by the Commission of approximately $\$ 1.845 \mathrm{M}$ due to financial irregularities that were perpetrated during the year 2004 has not yet been finalised by the Police.

Commission's Response: The Head of Budget Agency had indicated that the Commissioner had written to the Ministry of Home Affairs and contact was made with the Commission of Police and was advised that the matter is receiving attention.

Recommendation: The Audit Office recommends that the Commission continue to follow-up with the Commission of Police with a view to obtaining a report on his findings for forwarding to the Finance Secretary. (2009/54)
128. In an attempt to determine the reason for the disparity in pricing it was discovered that a GECOM supplier, from whom purchases totalling $\$ 24.633 \mathrm{M}$ were made, could neither be located at the stated business address nor be contacted by telephone. This prompted suspicions that the supplier may not have been genuine. Checks undertaken revealed that documents relating to the supplier's business registration had been falsified.

Commission's Response: The Head of Budget Agency indicated that "this matter had been adjudicated by the NPTAB. This was discovered and the matter was referred to the police.
129. A recommendation was made in my report for the year 2007 for the Commission to investigate and report on the validity of the purchases, and to determine the circumstances surrounding the disparity in pricing and credentials of the supplier. However, to date a report has not been submitted on the issue.

Commission's Response: The Head of Budget Agency explained that the "National Procurement and Tender Administration Board had adjudicated this matter and as such the relevant documentation resides in that office. Efforts should be made to have the documents provided by that office."
130. In relation to the outstanding advances on the Commission's Standing Imprest with an authorised amount of $\$ 50 \mathrm{M}$, the following discrepancies continued to occur during the year under review:

- Advances were not cleared immediately on the completion of the related official business. At time of the audit, seven advances totalling $\$ 1.633 \mathrm{M}$ were still outstanding for 2006-2008;
- In relation to the outstanding advances, four was in relation to officers who were no longer in the employ of the Commission; and
- There was an issue where a senior management official had uplifted an advance of $\$ 500,000$ on 8 June 2006 for the sole purpose of offsetting elections expenses. It should be noted that to date a proper investigation has not been carried out and the advance remained outstanding.

Commission's Response: The Head of Budget Agency explained that action was taken to recover the thirteen outstanding advances totalling $\$ 11.018 \mathrm{M}$ for the year 2008 that was mentioned in the audit report and to date two advances totalling $\$ 0.589 \mathrm{M}$ has remained outstanding for the following reasons:

| Year | Name | Amount \$'000 | Reasons |
| :---: | :---: | :---: | :---: |
| 2008 | C. Saul | 404 | Some endorsed cheques totalling $\$ 1,061,000$ were submitted to clear the advance of $\$ 1,485,000$. However, the amount was below the advance taken. Therefore, the difference is recorded as outstanding. NB: No longer employed with GECOM. |
| 2008 | I. Hernandez | 185 | Two batches of vouchers totalling \$1,016,400 and two (2) endorsed cheques totalling $\$ 260,000$ were submitted to clear the advance of $\$ 1,461,100$. However, the amount was below the advance taken. Therefore, the difference is recorded as outstanding. NB: No longer employed with GECOM. |
| Total |  | 589 |  |

In addition, action was taken to recover the eight outstanding advances totalling $\$ 8.520 \mathrm{M}$ that remained outstanding between the years 2006 to 2007 that was mentioned in the audit report and to date five of the advances totalling $\$ 1.043 \mathrm{M}$ remained outstanding for the following reasons:

| Year | Name | Amount <br> $\$ ’ 000$ | Reasons |
| :---: | :--- | :---: | :--- |
| 2007 | E. Peters | 47 | It is known that a voucher was submitted and photocopy of the <br> voucher is with the CEO. <br> NB: No longer employed with GECOM. |
| 2007 | B. Persaud | 314 | It is known that vouchers were submitted to clear the advance of <br> \$392,000. However, the Commission recommended that the vouchers <br> be forwarded to the Police to conduct investigation. It should be noted <br> Mr. Persaud has since deceased. |
| 2007 | I. Sattaur | 173 | No vouchers were submitted officially to the Imprest Clerk to clear the <br> advance. However, it is known that a voucher was prepared. NB: no <br> longer with GECOM. |
| 2007 | B. Thomas | 10 | No vouchers submitted to clear advance. <br> NB: No longer employed with GECOM. |
| 2006 | C. Benn | 500 | Money was reportedly stolen after the fire on 9 September2006. |
| Total |  | 1,044 |  |

- Mr. Peters submitted vouchers to clear his advance of $\$ 47,000$. However, these vouchers were questioned by the Commission and an internal investigation ensued.
- Mr. Peter's services were terminated as a result of the findings of the investigation. However, the vouchers cannot now be located.
- Mr Bissondyal Persaud submitted vouchers to clear his advance of \$392,000. However, these vouchers were submitted to the Police for investigation on a directive from the Commission.
- Mr. Persaud had to be refunded cash in the sum of $\$ 78,505$, which he had over expended from a previous advance. This amount was utilised to reduce the amount outstanding to the Imprest, therefore the difference is recorded as outstanding. It should be noted that Mr. Persaud is now deceased.
- The Head of Budget Agency did take steps to recover the advance by withholding Mr. Sattaur's salary. However, the Commission intervened and directed that the salary of Mr. Sattaur be released forthwith.
- GECOM endeavours to operate the Imprest in keeping with established policies and procedures as it relates to the issuing of advances. GECOM is also aware of the underlining principle of issuing advances, that is, to ensure persons with outstanding advances are not given another advance without first clearing the previous advance.
- In relation to the $\$ 500,000$ advance outstanding against Mr. C. Benn, he was advised by way of letter from the Chief Security Officer to report this matter to the Police. The Finance Secretary was also informed of the loss of money.
- However, from time-to-time the Commission would intervene and direct that the Officer with outstanding advance be given an additional advance so as not to stymie the work of the Commission.
- In addition, the Commission is aware from past experience that the very underlining principle governing the issuing and clearing of advances and time constraints sometimes conflict with GECOM's ability to complete planned activities within the stipulated time frame, which if not completed in a timely manner would have a disastrous effect on the conduct of General, Regional and Local Government Elections.
- It should be noted that Registration Officers typically request for an advance to conduct planned activities within any given month. The Registration Officers are informed that the cash is for making petty payments below \$50,000 and that all payments from \$50,000 and above must be entered on a contract to be processed at Head Office and a cheque issued to the contractor/supplier for the service provided.
- However, Registration Officers have been complaining for years that contractors/suppliers are reluctant to enter into contracts, render the services and wait for their payments. In addition, some Contractors demand to be paid by cash in full immediately on the completion of a job whilst other contractors may agree on the payment of a mobilisation of $50 \%$.
- The Registration Officers are confronted with these dilemmas on a daily basis and pay out large sums of money to contractors/suppliers by entering into contracts and making full payment from their advances without the contracts being submitted to Head Office for processing. More often than not the Registration Officers just pay the contractors and collect a receipt.
- The Registration Officers would report that this was done because of the time constraint involved in forwarding the contracts to Head Office for processing or contractors demanded to be paid upfront before undertaking the work.
- Payments above the $\$ 50,000$ limit would not be accepted to clear officers' advances. Therefore, the advance is part cleared with the bills/receipts below the \$50,000 limit and the difference to be refunded by the officer in cash or endorsed cheque when the contract is processed.

Recommendation: The Audit Office recommends that the Commission take appropriate action to confirm to the regulations as they relate to issuing and clearing advances, while taking immediate steps to recover outstanding amounts. (2009/55)
131. An audit inspection of the Kingston and Coldingen Stores revealed that the following unsatisfactory features persisted during the year under review:

- both Stores were stocked with large quantities of pharmaceuticals, which were all expired;
- more than 878 print cartridges and toners, which cost $\$ 3.855 \mathrm{M}$, had also expired. In addition, some of these had become obsolete and were no longer in use;
- a stock of 268 cartons of Polaroid film with an estimated market value of $\$ 30.485 \mathrm{M}$ was due to expire on 30 April 2007, but the Commission entered into an agreement, whereby a local firm would utilise and replace the stock at a later date. Apparently, the contract was to be reviewed on 30 April 2007, but this was not done. On 13 September 2007, 94 cartons with an estimated value of $\$ 10.693 \mathrm{M}$ were declared spoilt by the other party to the agreement and were returned to the Commission. To date, the difference of 174 cartons valued at $\$ 19.792 \mathrm{M}$ were still outstanding. There were also 1,200 expired model 669 Polaroid films that cost $\$ 5.460 \mathrm{M}$;
- water soaked, expired, acid leak and /or corroded "D" and similar sized batteries to value of $\$ 528,525$ were still on hand in the stores and were still reflected on the records;
- two 13-plate dry cell batteries, forty three 17-plate and eighty six 29-plate batteries valued at $\$ 3.758 \mathrm{M}$ which had been certified as unusable were also on hand; and
- 2,024 expired air fresheners and 1,086 Baygon to the value of $\$ 1.063 \mathrm{M}$ and $\$ 933,960$ respectively.

Commission's Response: The Head of Budget Agency stated that:
(a) Stocks of large quantity of expired pharmaceutics.
(b) More than 878 obsolete/expired print cartridge and toners
(c) Water soaked, expired, acid leak and/or corroded "D" and similar sized batteries still on hand reflected in the records.
(d) 2-13 plate; 43-17 plate and 86-29 plate batteries certified as unusable still on hand
(e) Expired air fresheners and Baygon still on hand.

As noted efforts are being made to have all expired or obsolete stock written off /disposed.
132. It should be noted that for the year 2007, the Head of Budget Agency response on the film issue indicated that "The Commission at its 253rd Statutory Meeting on 2nd June, 2009 directed the Accounting Officer to write ACME General Store requesting outstanding payments for films supplied via Agreement dated 11th April, 2007. On the 8 March, 2010 out of $\$ 14 \mathrm{M}$ paid to ACME for items, the equivalent of $\$ 5.399 \mathrm{M}$ was recovered in the form of printers, flash drives, projector, power strips etc.

Recommendation: The Audit Office recommends that the Commission (a) re-evaluate its operations, with a view to institutionalising better control over the ordering and management of election stock, so as to minimise, if not eliminate, waste due to managerial extravagance; and (b) do all that is necessary to recover the outstanding sum (including any interest due) on the agreement for utilisation of Polaroid films. (2009/56)
133. In relation to expenditure under the category "Maintenance of Buildings", the following were observed during physical verification exercises:
(a) There was an overpayment of $\$ 30,000$ on the electrical installation to the first and ground floor of the logistics division building and internal walls cladding as a result of a failure to install two four feet double fluorescent lamps as required under the contract;
(b) An amount of $\$ 50,000$ was overpaid on the contract for the completion of fence at GECOM Main office as a result of the requirement for installation of wheels to the gate being breached; and
(c) There was an overpayment of $\$ 97,820$ on the contract for the demolition of an old shed and construction of carport in the GECOM Commission's Building compound, as a result of the following discrepancies:

| Description | Quantity <br> Required | Quantity <br> Paid | Difference | Rate <br> $\$$ | Amount <br> $\$$ |

Commission's Response: The Head of Budget Agency indicated that in every case he agrees with the comments and has contacted GECOM's Consulting Engineers (a) "to investigate whether an additional fluorescent lamp was needed and if payment was made for same. They would report accordingly"; (b) "who are in the process of locating the Bills of Quantity to confirm whether wheels were included in the contract sum and if so, to have the contractor correct the shortcoming"; and (c) "to investigate" and report on the findings on the carport.
134. A physical count of the stock of Motorola C117 cell phones revealed that 2,459 were on hand. However, the stock ledger reflected a balance of 2400 or a difference of fifty-nine cell phones.

Commission's Response: The Head of Budget Agency explained that "The difference between the Physical Stock and the Stock Ledger arises because the Stock Ledger was updated with the quantities of C117 Motorola cell phones purchased and did not include the additional cell phones received in excess of the contract quantities. These additional cell phones were given by the supplier to cater for any defective phones received. These additional cell phones will be transferred to the gift ledger and taken into stock."
135. Efforts to validate the claim that excess phones were gratuitously received from the supplier proved futile, since there was no documentation to support the explanation. Even a comparison of the procurement and stock records of the Commission invalidated the clarification that receipts were in excess of the ordered amounts. Nonetheless, given the circumstances of the explanation it would have been more appropriate for such excesses to be brought to account in the stock records at the time of receipt and appropriate accounting entries made in a timely manner to record the gifts.

Recommendation: The Audit Office recommends that the Commission take immediate action to bring to account the excesses existing in its stock of Motorola C117 cell phones. (2009/57)

## Current year matters, with recommendations for improvement in the existing system

136. An examination of the safe contents revealed that there were fifteen stale dated cheques totalling $\$ 5.215 \mathrm{M}$ which represent outstanding payment to suppliers and contractors for the year under review. These cheques should have been refunded to the Consolidated Fund and the necessary adjustments made to the books of account. However, since this was not done, the Appropriation Account was overstated by the sum.

Commission's Response: The Head of Budget Agency indicated that he "agrees with the comments. However, a majority of the payment vouchers was in the IMFAS and was automatically examined by the Accountant General's Department before the system closed at midnight on the 31 December 2008 and thereafter cheques were printed on the 31 December 2008 and were uplifted by GECOM in January 2009. Therefore, it was virtually impossible to have the cheques refunded to the consolidated fund on or before 31 December 2008.

In addition, the cheques became stale dated as a result of the payments being put on hold for outstanding issues with contractors/suppliers. The Head of Budget Agency agreed to have these matters treated expeditiously in an effort to resolve these issues."

Recommendation: The Audit Office recommends that the Commission facilitate the adjustment of expenditure reported in the accounts by instituting measures to ensure the full repayment to the Consolidated Fund of all amounts remaining unpaid at the end of each financial year. (2009/58)
137. An examination of payment vouchers revealed that 111 vouchers valued at $\$ 48.972 \mathrm{M}$ were not presented for audit during the period under review.
138. The Guyana Elections Commission has still not taken the necessary steps to have all of its employees registered with the National Insurance Scheme. In 2009 there were eight employees were not registered with the National Insurance Scheme. It should be emphasised that registration with the Scheme has Implications for Social Security and other benefits.
139. Amounts totalling $\$ 43.815 \mathrm{M}$ were expended on Utility Charges. However, an examination of the registers revealed differences between the amount in the registers and the amounts shown on the Appropriation Accounts as shown below:

| Description | Amount as per <br> App. A/c <br> $\$ ' 000$ | Amount as per <br> Registers <br> $\$ \prime 000$ | Difference <br> $\${ }^{\prime} 000$ |
| :---: | :---: | :---: | :---: |
| Electricity Charges | 29,715 | 29,551 | 164 |
| Telephone Charges | 7,268 | 7,228 | 40 |

140. Amounts totalling $\$ 90.518 \mathrm{M}$ were expended on Security Services for 2009. Included in this amount is a contract for $\$ 9.7 \mathrm{M}$ awarded to a security firm for the provision of security services for four locations in District 4 and two locations in District 3. An examination of the payments made to this security firm revealed that:
(a) The full amount invoiced was paid on each occasion without any deductions for absences or lateness. This was also evident with fixed monthly billings for thirty or thirty one days respectively; and
(b) There was no system or person in place to verify that guards actually worked and were at their respective locations assigned, thus giving rise to the situation at (1) above.
141. In addition, it was noted in February 2009 that GECOM terminated the contract with the above-mentioned security firm for one location (Coldigen in District 4) without any legitimate reason. However, the head of GECOM's security provided an oral explanation stating that the termination was due to unsatisfactory performance.
142. GECOM then rehired thirteen of the fifteen guards that were previously employed by the security firm at Coldigen as GECOM's security staff attached to the same location. These guards currently receive a flat rate of $\$ 200$ per hour while previously under the security firm these guards received $\$ 100$ per hour although GECOM was invoiced at a rate of $\$ 200$ per hour for each Guard.
143. Further checks revealed that payment voucher № 1101594 for security charges for December, 16-31 2009 did not have the correct certificate of performance. The certificate attached was a photocopy of another security firm for the Period September 1- 30, 2009. The photocopy certificate had no relevance to the payment voucher but was used to process the voucher for payment.
144. Amounts totalling $\$ 23.5 \mathrm{M}$ were paid on two contracts for the purchase of toners for OKIDATA printers, fuser belts and transfer belts as detailed below:

| Date | Contract № | Method | Amount <br> \$'000 |
| :--- | :---: | :--- | :---: |
| $28 / 12 / 2009$ | $411 / 09$ | Single Sourcing | 11,600 |
| $30 / 12 / 2009$ | $465 / 09$ | Selective Tendering | 11,900 |
| Total |  | 23,500 |  |

145. However, an examination of the contracts and supporting documents revealed that:
(a) The suppliers were the same individual who supplied GECOM under two separate business names;
(b) Requests were made separately for Single Sourcing and Selective Tendering by GECOM on 23 and 31 December respectively;
(c) The contracts appeared to be sub-divided in order to avoid the limits for cabinet no-objection; and
(d) Photocopied quotations were attached to the payment vouchers in order to process the payments.
146. With respect to Contract № $465 / 09$, which had the other two quotations attached, one supplier indicated that the item was unavailable while an inspection of the business address and company of the other supplier revealed that the business does not exist.
147. With respect to Contract № 411/09, it was observed that GECOM made a request to the NPTAB for Selective Tendering on 23 December 2009 and received such approval on 30 December 2009 but had already awarded the contract on 28 December 2009 before the receipt of the approval.
148. Further, it was noted that GECOM's request for Selective Tendering was due to the supplier being the only supplier with the items in stock for immediate delivery. However, an examination of the payment vouchers revealed that the supplier received payment on 31 December 2009 and supplied the item fourteen days later on 14 January 2010, thus indicating that the item was not in stock to be delivered immediately.
149. Amounts totalling $\$ 91.721 \mathrm{M}$ were recorded as expended under Field Materials and Supplies for the period under review. However, audit checks revealed that a cheque for $\$ 74.998 \mathrm{M}$ was still with the Commission. This amount was not refunded to the Consolidated Fund in keeping with Section 43 of the FMA Act. It was explained by the Commission that the amount was for the purchase of items for Local Government Elections and that the items were received by the Commission but the payment was not yet effected due to the Commission being engaged in a legal matter with the Company. However, it should be noted that the Commission made a request for single source tendering for these items but no approval was seen. Further, the contract document stipulated that payment should be $100 \%$ prepaid via wire transfer prior to the delivery of all items. As such, this does not clarify why the Commission has the cheque on hand.

## Other Matters

150. An examination of the Inventory and a physical verification of assets revealed that the serial numbers of assets were not recorded therein, neither were the assets marked to identify them as the property of the Commission.

## Capital Expenditure

## Prior year matters, which have not been resolved

151. The matter concerning the eleven digital cameras, which were reported stolen from the Elections Commission Stores in 2005, is still engaging the attention of the Guyana Police Force. Nonetheless, there was no evidence of follow-up action by the Commission in order to bring the matter to resolution.

Commission's Response: The Head of Budget Agency has indicated that "GECOM is awaiting a Police Report on this matter."

Recommendation: The Audit Office recommends that the Commission rigorously follow-up the matter of the stolen cameras with the Commission of Police, so that a loss report could be finalised with the Ministry of Finance. (2009/59)
152. The Commission expended $\$ 4.080 \mathrm{M}$ for the acquisition of twelve metal containers. However, one was delivered damaged and the replacement was reportedly awaiting Customs clearage at a wharf since October 2008. Up to the time of reporting, the container was still on the John Fernandes Wharf.

Commission's Response: The Head of Budget Agency agreed with comments. The equipment to move the Container is still out of order.
153. In an effort to determine the reason for the protracted delay, that is, since the year 2006, officials at the John Fernandes Wharf were contacted and it was explained that their container moving equipment is functional and if GECOM has a container on the wharf it is their responsibility to identify it by its serial number after clearance by Customs, so that delivery could be finalised.

Recommendation: The Audit Office recommends that the Commission aggressively follow-up with the supplier to ensure delivery of the outstanding container. (2009/60)

154. The sum of $\$ 20 \mathrm{M}$ was voted for (a) construction of lower flat at Fort Wellington, storage bond at Annai and perimeter fences at Colidngen and Wismar (b) rewiring of stores bond at Coldingen and (c) purchase of surveillance system, photocopier and water dispenser. There was a Supplementary Allotment of $\$ 7.606 \mathrm{M}$, giving a final voted provision of $\$ 27.606 \mathrm{M}$. As at December 2009, amounts totalling $\$ 21.195 \mathrm{M}$ were expended as follows:

| Description | Amount <br> $\$ ’ 000$ |
| :--- | :---: |
| Purchase items for server | 6,088 |
| Construction of fence at GECOM Compound, Coldingen | 5,264 |

| Total |  |

155. A contract was awarded in the sum of $\$ 1.008 \mathrm{M}$ for the construction of perimeter fence at GECOM compound, Wismar, however this contract has been terminated.
156. In relation to the acquisitions, all equipment should have been marked as required by Section № 28 of the Stores Regulation Order 6 of 1993, which stipulates that "The Permanent Secretary shall ensure that all permanent stores are properly marked so as to readily identify them as Government property." However, this was not done.

Commission's Response: The Head of Budget Agency indicated that action will be taken immediately to have all assets marked.

157. The Ministry continued to make unauthorised credit purchases of fuel from GUYOIL which totaled $\$ 4.235 \mathrm{M}$ for the period under review.

Ministry's Response: The Head of Budget Agency acknowledged this finding and indicated that the necessary measures would be put in place to correct this practice.

Recommendation: The Audit Office recommends that the Ministry desist from the practice of purchasing fuel on credit. (2009/61)

## Current year matters, with recommendations for improvement in the existing system

158. Since the introduction of the IFMAS in September 2003, the Ministry of Finance urged that cash payments of salaries be minimized and that a phased approach be taken towards including all employees under the bank deposit system. The Ministry has not fully observed this procedure, in that, it still has made cash payments.

Recommendation: The Audit Office recommends that the Ministry continue to work vigorously towards minimising the payment of salaries by cash and implement fully the bank deposit system as stipulated by the Ministry of Finance circular № 3/2003 dated 29 September 2003. (2009/62)
159. There was a difference of $\$ 660,234$ between the expenditure of $\$ 2.950 \mathrm{M}$ reported in the Appropriation Account and the amount of $\$ 2.290 \mathrm{M}$ recorded in the telephone register for the period under review.

Recommendation: The Audit Office recommends that the Ministry conduct periodic reconciliations of the telephone register and the account analysis report of IFMAS. (2009/63)

## Subhead 19007 - Project Development \& Assistance

160. The sum of $\$ 280 \mathrm{M}$ was voted for capital subvention to municipalities and local community councils, enhanced environment and improved community services, improved drainage and irrigation facilities. As at 31 December 2009, amounts totaling $\$ 279.734 \mathrm{M}$ were granted to sixty-five Neighbourhood Democratic Councils (NDCs) and six municipalities. In this regard, the Municipal and District Councils Act, Chapter 28:01 of the Laws of Guyana, requires the accounts of Municipal and District Councils to be made up yearly, not later than four months after the end of the financial year to which they relate, and for those accounts to be audited by me as soon as practicable.
161. Despite this legal requirement, the majority of the Municipal and District Councils have been found in violation. There were also twenty-two that were never audited since their establishment. Shown below is the status of audits in respect of the six municipalities at the time of reporting. The financial statements for New Amsterdam and Linden Town Councils were returned because of incomplete submissions

## Subhead 19006 - Infrastructure Development

162. Amounts totalling $\$ 218 \mathrm{M}$ was budgeted for infrastructure development. During the period under review a contract for the sum of $\$ 20.798 \mathrm{M}$ was awarded for the construction of a market tarmac at Golden Grove. The full contract sum was recorded in the Appropriation Account as expended. However, audit checks revealed that a cheque for $\$ 20.798 \mathrm{M}$ was still with the Ministry. This amount was not refunded to the Consolidated Fund in keeping with Section 43 of the FMA Act but was committed for use in 2010.

Ministry's Response: The Head of the Budget Agency explained that the Ministry encountered problems with the site identified for the construction of the market tarmac and a new location had since been identified.

## Prior year matters, which have not been resolved

163. In my report for 2008, it was noted that overpayments totalling $\$ 242,750$ were made on works to the female dormitory and administrator building. To date this matter remains unresolved, since the Ministry is yet to receive a response from the contractor. The table below gives details of the overpayments.

| Item | Description | Unit | Qty | Paid | Difference | Rate <br> $\$$ | Amount <br> $\$$ |

| Total |  |  |  |  |  |  |  |

Ministry's Response: The Head of Budget Agency explained that the Ministry has written to the contractor along with the consultant on this project to have the overpayments repaid, however at this point of time the Ministry has not received any reply. The Ministry will make further interventions of having this matter followed-up legally.

Recommendation: The Audit Office recommends that the Ministry make every effort to recover the overpaid amount, while implementing stricter supervisory controls over execution and certification of works. (2009/65)
164. For the period reviewed two of the Ministry's vehicles had had considerably high maintenance costs. These vehicles had undergone repairs at a cost of $\$ 1.176 \mathrm{M}$ in the preceding accounting period and this has escalated to $\$ 1.836 \mathrm{M}$ in the reporting period. The following are details.

| Vehicle № | Work location | 2008 <br> $\$ \prime 000$ | 2009 <br> $\$ \prime 000$ | Total <br> $\$ ’ 000$ |
| :--- | :--- | ---: | ---: | ---: |

| PKK 7432 | Georgetown | 724 | 632 | 1,357 |
| Total | 1,176 | 1,836 | 3,012 |  |

Ministry's Response: The Head of Budget Agency indicated that the Ministry has instituted systems to ensure vehicle repair and maintenance costs are monitored. However, the two vehicles in question are used for field visits to communities. PJJ 6543 is based in Lethem, Region № 9 and the other PKK 7432 is based at the Ministry head office which is used primarily for interior trips. This vehicle was also previously located in Region № 9. As such it was necessary to equip these vehicles with proper tires, crash bars etc. The Ministry has submitted in its 2011 budget estimate for the proposed procurement of two vehicles to replace these.

Recommendation: The Audit Office recommends that the Ministry put systems in place to adequately control and monitor the maintenance costs for its fleet of vehicles. (2009/66)

## Current year matter with recommendation for improvement in the existing system

165. A total of twenty-five transactions relating to pay change directives for new entrants, resignations, retirements, dismissals and transfers under the Ministry's operational programme. Of these, there were two instances where such directives were forwarded late, with the result that salaries totalling $\$ 223,442$ were overpaid. Up to the time of reporting, one officer who was reemployed had refunded $\$ 60,056$, but the remaining $\$ 163,386$ is still to be recovered.

Ministry's Response: The Head of Budget Agency indicated that the Ministry has written the two officers concerning the overpayment. The officer that was re-employed has initiated repayments which will be completed in January 2011. The other staff has resigned and is out of the country. This matter will be reported to the Guyana Police Force.

Recommendation: The Audit Office recommends that the Head of Budget Agency ensure that (a) measures are put in place to recover the overpayment; and (b) more efficient and effective systems are implemented to ensure the timely communication of pay change directives. (2009/67)
166. Since the introduction of the IFMAS in 2004, the Ministry of Finance urged that cash payments of salaries be minimised, and that a phased approach be taken towards including all employees under the bank deposit system. The Ministry has not fully observed this procedure, in that cash payments were still considerably high. In this regard, there were 148 instances of cash payments totalling $\$ 9.118 \mathrm{M}$, or $13.6 \%$ of the annual payroll, that had been made to employees stationed in Region № 4 - Demerara/Mahaica and Region № 5 - Mahaica/Berbice.

Ministry's Response: The Head of Budget Agency advised that the Ministry has implemented systems to ensure staff are paid salaries through their bank accounts except in special circumstances where the salary of an Officer will have to be withheld. A memorandum dated 24 August 2010 which stipulate that employees must provide their bank account numbers. As of October 2010, failure to do so will result in their salaries being withheld.

Recommendation: The Audit Office recommends that the Ministry vigorously continue to work towards minimising the payment of salaries by cash, and implement fully, the bank deposit system as stipulated by the Ministry of Finance circular № 3/2003 dated 29 September 2003. (2009/68)
167. The Amerindian Purposes Fund was established in the year 2000 in keeping with a proviso in Sections 26 of the Amerindian Act, Chapter 29:01. As at 31 December 2009 this account had a bank balance of $\$ 183.673 \mathrm{M}$. The Act, at Section 29, required the preparation of financial statements and an audit by the Auditor General. These requirements were never satisfied.

Ministry's Response: The Head of Budget Agency indicated that the Ministry will undertake to prepare the financial statements and submit for Audit verification.
168. Nonetheless, the Amerindian Act, Chapter 29:01 was repealed by Section 84 of the Amerindian Act (2006), which had not in itself provided for the operation of the Fund. This would therefore appear to strip the account of its legality. The following other observations were made in relation to the operations of the account, viz.
(a) The account was used to execute payments that should otherwise be made from the public treasury, but with subsequent reimbursements. At the end of the period there were six transactions valued at $\$ 1.009 \mathrm{M}$, which was awaiting the Financial Secretary's approval before the Fund could be restored. The transactions were related to the years 2006, 2007 and 2009;
(b) A cash book was maintained, but this was not updated since April 2009;
(c) Bank reconciliation was also done up to April 2009, but these were affected by an un-reconciled balance of $\$ 11,362$; and
(d) The Ministry did not maintain ledger accounts of the transactions on the account.

Ministry's Response: The Head of Budget Agency indicated that the Ministry will seek advice from the Ministry of Finance on the operation of the fund. The Ministry is awaiting approval for the clearing of the outstanding amount and will ensure that the cash book, ledger and bank reconciliation are updated.

Recommendation: The Audit Office recommends that the Ministry take appropriate action to have the legality of the Amerindian Purposes Fund restored, while ensuring that there is transparency and accountability in the operation of the Fund. (2009/69)
169. At the time of reporting, three payment vouchers totalling $\$ 2.652 \mathrm{M}$ which were transactions on capital programmes were not presented for audit examination. In the absence of these payment vouchers, it could not be determined whether the expenditure was properly incurred and the Ministry received value for the sums expended.

Ministry's Response: The Head of Budget Agency indicated that the Ministry is a Non Sub Accounting one and all Cheque Orders received from the Ministry of Finance (MOF) for payment are required to be returned after the payment with the supporting documents attached. Hence, the Ministry has returned most of these vouchers and has implemented a stronger measure to ensure that vouchers are returned and a signature is obtained for same from the MOF. Efforts are being made in collaboration with the staff of the MOF to locate all vouchers and submit them for audit inspection.

Recommendation: The Audit Office recommends that the Ministry take all necessary measures to locate the missing payment vouchers, while reviewing the controls exercised over all vouchers, so that corrective action could be taken to ensure that vouchers are properly secured for audit and the retention period. ## Subhead 12096 - Buildings

170. The NPTAB awarded the construction of student dormitory at Liliendaal to the third lowest of six bidders in the sum of $\$ 95.415 \mathrm{M}$. This was done because the two lower bidders failed to comply with attendance to mandatory pre-bid meeting and site visit. The agreement for the works indicated that the project was to be completed by 24 March 2010, but this was subsequently extended to 26 May 2010. The contractor nonetheless breached this deadline and completed the project on 30 August 2010. On 15 June 2010, the Ministry took action to inform the contractor of the breach and its intention to introduce liquidated damages at a daily rate of $0.1 \%$ of the contract sum with effect from 27 March 2010, but to date this was not done. The Head of Budget Agency gave assurance that the damages of $\$ 9.160 \mathrm{M}$ that had accrued over the period that the contractor was in default, was to be deducted from amounts owing on the contract sum. However, the absence of a final account on the works stymied attempts to determine the sufficiency of the amounts outstanding, even though it was noted that progress payments made totalled only $\$ 78.122 \mathrm{M}$.

Ministry's Response: The Head of Budget Agency indicated that the final completion date was 30 August 2010. It is with liquidation damages in mind that the Ministry has only paid $\$ 78.122 \mathrm{M}$ out of a contract sum $\$ 95.415 \mathrm{M}$. At present the contractor and consultant are carrying out reconciliation on the measured works. The contractor has applied for a reduction in the number of days to be applied liquidation damages citing various reasons for delays. This is presently being assessed by the oversight Engineer. The Ministry will ensure that there is a timely conclusion to this matter.

Recommendation: The Audit Office recommends that the Ministry take action to obtain and provide the final account for the project, in order that a proper determination could be made in the matter. (2009/71)

171. In relation to the expenditure of $\$ 189.214 \mathrm{M}$ under the capital programme Amerindian Development Fund, the following were observed:
(a) The expenditure included an amount of $\$ 250,000$, which was to be expended to acquire woodworking equipment. The related transaction was initiated on 31 December 2009 and up to time of reporting the Ministry was still in possession of the cheque drawn; and
(b) Also still on hand were twelve cheques totalling $\$ 10.438 \mathrm{M}$ for building projects, security services and construction of boat which should have been initiated during the reporting period. The following are details:

Ministry's Response: The Head of Budget Agency indicated that the twelve cheques were mainly grants for community construction in different villages and in one case the purchase of woodworking equipment for Katoonarib Village Council that was dated 31 December 2009 by the MOF. The village leaders were informed but due to problems in the various villages the cheques were not uplifted however, it is expected that these cheques will be uplifted by the end of October 2010.
172. The retention of the cheques resulted in a failure to refund those amounts to the Consolidated Fund at 31 December 2009 as required by Section 43 of the FMA Act, and the overstatement of the Appropriation Account.

Ministry's Response: The Head of Budget Agency indicated that the Ministry is making every effort to ensure Village leaders uplift these cheques to avoid an overstatement of the Appropriation Account.

Recommendation: The Audit Office recommends that the Head of Budget Agency take immediate steps to ensure full compliance with Section 43 of the FMA Act as it relates to unspent balances. (2009/72)
173. The Guyana Lands and Survey Commission on behalf of the Ministry conducted cadastral and boundary surveys in one area in Region № 1 - Barima/Waini and three in Region № 9 - Upper Takatu/Upper Essequibo at a cost of $\$ 44.486 \mathrm{M}$. However, survey reports were submitted for these project areas with the exception of Katoka, Region № 9 valuing \$10.629M. In view of these circumstances, it could only be concluded that the works were incomplete at the time of reporting.

Ministry's Response: The Head of Budget Agency indicated that surveys were completed and plans for Three Brothers, Waini and Parikwaranawa, Massara, Region № 9 with the exception of Katoka, Region № 9.
174. The Ministry expended amounts totalling $\$ 5.7 \mathrm{M}$ for the construction of village offices at Suruma, Rupertee and Monkey Mountain. However, up to the time of reporting it was not in receipt of progress reports or other evidence of completion. As a result, the Audit Office could not be apprised of the status of the works.

Ministry's Response: The Head of Budget Agency indicated that the table below presents the current status on the identified projects and the Ministry will forward reports from village councils on the various construction projects mentioned to the Audit Office.

| Region | Village | Project | Status | Remarks |
| :---: | :---: | :--- | :--- | :--- |
| 8 | Monkey <br> Mountain | Construct Village Office | completed |  |
| 9 | Rupertee | Construct Village office | Ongoing | Works are in progress |
| 9 | Suruma | Construct Village Office | Ongoing | Works are in progress |

Recommendation: The Audit Office recommends that the Ministry put systems in place to obtain feedback on a regular basis for all its projects, in order to aid its managerial decision making process. (2009/73)

## Prior year matters, which have not been resolved

175. The Ministry continued to expend amounts voted as subvention and capital provision for the National Drainage and Irrigation Authority (NDIA). During the current reporting period amounts totalling $\$ 2.118$ billion was expended on these provisions, with an amount of $\$ 1.134$ billion being used from the current provision. The NDIA is a separate legal entity created by Act 8 of 2004, is required to maintain its own accounting records and is subject to separate reporting and audit. It therefore follows that it should have been in receipt of the subventions appropriated by Parliament. This situation resulted in a failure to have related financial statements for the years 2005 to 2009 prepared and submitted for audit. Similar situation existed in previous years, where the Ministry expended the NDIA allocations.

Ministry's Response: The Head of Budget Agency explained that NDIA is currently building its capacity. As soon as the Authority is capable, steps will be taken in collaboration with NDIA and the Ministry of Finance to maintain separate accounting records, reporting systems and procedures in keeping with the appropriate Legislation. A Financial Operation manual has been developed and is being shared with key decision makers with a view of advancing the process of complying with the NDIA laws.

Recommendation: The Audit Office recommends that the Ministry take appropriate action to hand over all subventions to the National Drainage and Irrigation Authority so that it could properly assume its responsibility as enshrined under its governing legislation. (2009/74)
176. A total of thirty-one transactions relating to pay change directives for resignations, retirements and dismissals over the four account areas. Of these, there were five instances where such directives were forwarded late to the Central Accounting Unit of the Ministry resulting in overpaid salaries totalling $\$ 1.855 \mathrm{M}$. The Ministry was able to recover $\$ 762,564$ from one officer, but the balance of $\$ 1.092 \mathrm{M}$ is still outstanding.

Ministry's Response: The Head of Budget Agency explained that the overpayment to the officers occurred due to untimely instructions to cease payment. Four persons are still in debt to the Ministry. Letters of indebtedness are being sent to these persons, who would have twenty days from the date of the letter to respond or further actions will be taken by the Ministry.

Recommendation: The Audit Office recommends that the Head of Budget Agency ensure that (a) measures are put in place to recover the overpayment; and (b) more efficient and effective systems are implemented to ensure the timely communication of pay change directives. (2009/75)
177. According to Regulation 19 of the Collection of Contributions Regulations made under the National Insurance and Social Security Act, Chapter 36:01, all contributions are required to be paid over to the Scheme no later than the fifteenth day of the month following deductions, failing which penalties and interest are imposed on defaulting employers. During the period under review, NIS deductions were paid over late for four months, that is, April 2009, July 2009, October 2009 and December 2009.

Ministry's Response: The Head of Budget Agency explained that NIS deductions were not paid over late, NIS does not issue receipt at the time of payment, and instead the receipt is written days after receiving the payment. Hence the receipt date will always convey the impression that payments were late when in fact they were not. Since the Ministry did not pay penalties for 2009, it can be assumed that these were not submitted late.
178. After considering the response of the Head of Budget Agency, contact was made with the National Insurance Scheme for clarifications on the late writing of receipts and penalties. The Scheme's representative indicated that a "drop box" is provided for persons who do not have the time to wait in line for the cashier, and in this case receipts are written the next day. In relation to penalties, these are accrued and demand notices sent to Ministries from time to time.

Recommendation: The Audit Office recommends that the Ministry take immediate action to review its methodology of payments to the National Insurance Scheme by implementing the direct payment to the cashiers of the Scheme, instead of the current drop-box approach. (2009/76)
179. The Ministry of Agriculture had nineteen fuel accounts with the Guyana Oil Company (GUYOIL). At the end of the period under review the Ministry owed GUYOIL amounts totalling $\$ 24.308 \mathrm{M}$. This situation resulted in misstatement of expenditure in the Appropriation Accounts. There was also a failure to adhere to the requirements of the Procurement Act (2003) during the acquisition of fuel for departments other than the National Drainage and Irrigation Board.

| Location | Ministry of <br> Agriculture <br> Amount <br> $(\$)$ |  <br> Irrigation <br> Amount <br> $(\$)$ | Total <br> $\$$ |

| Total | $(11,832,771)$ | $36,140,879$ | $24,308,108$ |

Recommendation: The Audit Office again recommends that the Ministry, as directed by Head of Budget Agency, take action to ensure that (a) the practice of purchasing fuel on credit be discontinue and to introduce measures for strict control over acquisitions of fuel; and (b) systems are put in place to avoid future breaches of the Procurement Act 2003 and its Regulations, specifically as it relates to the limits of authority with regard to the procurement of goods and services. (2009/77)
180. Cheque orders are required to be cleared within sixteen days of their issue through the submission of bills/receipts and other documents in support of payments made. The Ministry's compliance with this requirement could not be determined because of its failure to maintain the cheque order register in keeping with circularized instructions. In this regard, pertinent details supporting the clearing of cheque ordered vouchers were not included in the record. This situation was compounded by the fact that to date a total of 127 cheque orders valued $\$ 14.498 \mathrm{M}$ were not cleared. A similar situation existed in 2008 where thirty nine cheque orders valued at $\$ 5.130 \mathrm{M}$ was not cleared and remains outstanding to date.

Ministry's Response: The Head of Budget Agency explained that clearing of cheque orders is an ongoing exercise. Letters were written to the various Departmental Heads with an aim of clearing these cheque orders; the Ministry will continue to pursue this issue.

Recommendation: The Audit Office again recommends that the Ministry take immediate action to align its cheque orders record to the requirements of circularised instructions, while taking measures to (a) locate the missing cheque ordered vouchers; and (b) review existing controls exercised over all vouchers, ensuring that vouchers are properly secured for audit and the retention period. ## Subhead 1301600 - National Drainage and Irrigation Authority (NDIA)

181. The Ministry on behalf of the NDIA entered into a contract in the sum of $\$ 10.309 \mathrm{M}$ for the construction of revetment and installation of HDPE tube in the lower Pomeroon River, Region № 2 - Pomeroon/Supenaam. In relation to the payments, the Ministry was noted to have split these between the current and capital provisions, with $\$ 7.844 \mathrm{M}$ being charged to the former and the remainder of $\$ 2.464 \mathrm{M}$ to the latter.

Ministry's Response: The Head of Budget Agency explained that the payment of $\$ 7.844 \mathrm{M}$ was inadvertently made from current expenditure since this project was budgeted under capital. Attempts were made to reverse this transaction; however, this was not successful.

Recommendation: The Audit Office recommends that the Ministry put systems in place to ensure that at all times there is adequate supervision over the recording of expenditure thereby facilitating the correct categorising of expenditure under the appropriate categories and programmes. (2009/79)

## Subhead 2501300 - Project Evaluation and Equipment

182. Three payment vouchers valued at $\$ 372,003$ for sums expended under the capital programme, were presented without supporting documents that would give details of the related transactions. As a result, the propriety of these payments and whether value was received for the sums expended could not be determined.

Ministry's Response: The Head of Budget Agency explained that these represent cheque orders that are still to be cleared. Efforts are being made to have this rectified.

Recommendation: The Audit Office recommends that the Ministry put systems in place to ensure that there is adequate accountability for and supporting documentation of payment vouchers, so that these could be provided for audit as required. (2009/80)

183. Amounts totalling $\$ 3.650 \mathrm{M}$ were expended on the purchase of Fuel and Lubricants. Contrary to the established cash based method of procurement, the Ministry obtained a credit facility to facilitate purchases of fuel from a local supplier. In addition, the balances on the facility were not reconciled with statements provided by the supplier.

Ministry's Response: The Ministry acknowledge the finding.
Recommendation: The Audit Office recommends that the Ministry desist from the practice of purchasing fuel on credit. (2009/81)

## Current year matter, with recommendations for improvement in the existing system

184. An examination of salaries records revealed that during the period amounts totalling $\$ 16.327 \mathrm{M}$ was paid to thirty employees of the Ministry in the form of cash. This is in contravention of Accountant General's circular dated 29 September 2003 which stated that "with the full implementation of the new system (IFMAS) a phased approach will be taken to have all employees currently being paid in cash to move over to direct bank deposit". Also in view of security issues involved with the payment of cash, the Ministry is urged to have all staff paid through the bank.

Ministry's Response: The Head of Budget Agency has responded that currently, the Ministry is using a phased approach to have all employees paid through the Bank.

Recommendation: The Audit Office recommends that the Department put in place mechanism to minimize cash payments in keeping with the requirements of the IFMAS system. (2009/82)
185. The Ministry incurred significant cost in the hiring of taxis for the year under review as shown below:

| Name of Taxi Service | Amount <br> $\$ ’ 000$ |
| :--- | :---: |
| Courtesy Transport | 5,538 |
| R\&T taxi Service | 7,471 |
| Green Ice | 752 |
| Total | 13,761 |

Ministry's Response: The Head of Budget Agency has indicated that the Department had to use taxis for the daily operations.

Recommendation: The Audit Office recommends that the Department prepare a detailed cost analysis for the hiring of taxis as a basis of determining whether it would be more economical to purchase vehicles for the Ministry's operations. (2009/83)

186. The sum of $\$ 16 \mathrm{M}$ was allocated for the provision of electrical works. As at 31 December 2009 amounts totaling $\$ 9.472 \mathrm{M}$ was expended to carry out electrical works and a change of programme was approved to include the purchase of refrigerator, transformer, steel stove and fire proof safe. However, an amount of $\$ 900,500$ was expended on the servicing and repairs of pipe lines which was not catered for in the change of programme.

187. Cheque orders are required to be cleared within sixteen days of their issue through the submission of bills/receipts and other documents in support of payments made. However, the Ministry failed to adhere to this requirement, since a sample of nine cheque orders for transactions valued at $\$ 2.176 \mathrm{M}$ were cleared on average three months after they were issued.

Ministry's Response: The Head of Budget Agency explained that the responsible persons have been written to requesting explanations why they were not cleared within the specified time and also to ensure that the cheque order regulations are complied with in the future.

Recommendation: The Audit Office recommends that the Ministry take immediate action to ensure that all cheque orders are cleared in keeping with circularized instructions. (2009/84)
188. The Ministry had ten fuel accounts with the GUYOIL. At the end of the period under review, there were two accounts where the Ministry had overpaid amounts totalling $\$ 2.006 \mathrm{M}$, four accounts where amounts totalling $\$ 1.241 \mathrm{M}$ was due to the supplier and another four accounts with zero balances. This situation resulted in a net misstatement of expenditure in the Appropriation Accounts in the sum of $\$ 765,022$.

## Current year matters, with recommendations for improvement in the existing system

189. Since the introduction of the IFMAS in 2004, the Ministry of Finance had advised that cash payments of salaries be minimised and that a phased approach be taken towards including all employees under the bank deposit system. However, the Ministry has not fully observed this procedure, since a random sample of thirty-five persons across the three account areas revealed that twenty persons had received cash payments totalling $\$ 886,221$.

Ministry's Response: The Head of Budget Agency agreed with the observations and explained that efforts are in train to encourage officers to open bank accounts in which their salaries could be paid into by the Ministry.

Recommendation: The Audit Office had recommended that the Ministry continue to work vigorously towards minimising the payment of salaries by cash and implement fully the bank deposit system as stipulated by the Ministry of Finance circular № 3/2003 dated 29 September 2003. (2009/85)
190. The register for rental of government flats revealed that twenty flats were available at Echilibar Villas, of which seventeen were occupied by public officers. There were also twelve double flats at Main and New Market Streets and ten premises at other locations, which were occupied. In relation to the accounting for rental, the rental register did not provide pertinent information such as the date of occupancy, date premises was vacated, rent due, rent paid, etcetera. As a result, a proper examination could not be carried out to determine whether there was proper accountability for rent revenues over the period.

Ministry's Response: The Head of Budget Agency agreed with the observations and explained that action has been taken to have the register updated. Of particular importance is the fact that certain occupants are entitled to rent free quarters and which information was not recorded in the register at the time of audit. Action will also be taken to implement supervisory checks of this record.

Recommendation: The Audit Office recommends that the Head of Budget Agency take immediate action to ensure that the rental register is updated with all pertinent information that would enable full accountability for rent revenues accruing and paid on all Government flats and premises. (2009/86)

## Subhead 14005 - Miscellaneous Roads

191. Mobilization advances totalling $\$ 1.499 \mathrm{M}$ were paid on five contracts totalling $\$ 14.986 \mathrm{M}$ that were awarded in 2005 to construct timber bridges at Zeeburg, Hague, road at Doctor Dam, Hurry Up Scheme and Duke Street. However, these contracts were subsequently terminated and the advances were not recovered. The confiscation of materials at the project sites at Zeeburg and Hague had accounted for \$703,350, while the Regional Administration of Region № 3 - West Demerara/Essequibo Islands that had managed the execution of the projects in keeping with the authority given under warrant from the Ministry of Public Works, had withheld a progress payment amounting to $\$ 567,500$, until the contractor had settled the outstanding indebtedness of $\$ 546,347$. Notwithstanding this, an amount of $\$ 248,987$ is still to be recovered in relation to the road at Duke Street, Hague.

Ministry's Response: The Head of Budget Agency agreed with the observations and explained that the Ministry has again written the Regional Executive Officer, Region № 3 on the 23 April 2010 requesting that he ensures the full recovery of the amount overpaid.

Recommendation: The Audit Office again recommends that the Ministry follow-up this matter with the Regional Executive Officer to ensure full recovery of the overpaid amounts. (2009/87)
192. In 2004, an amount of $\$ 1.113 \mathrm{M}$ was overpaid on the construction of earthen embankment at Tranquility Hall/Voorzigitheid due to the width at the top of the embankment being 11 feet instead of the specified 15 feet. Since that year, the Ministry has repeatedly failed to recover the overpayment, even though the contractor was notified and the matter referred to the Attorney General and the Police. A losses report was also submitted to the Finance Secretary on the 21 April 2010.

Ministry's Response: The losses report has been submitted to the Finance Secretary on the 21 April, 2010 for the amount of $\$ 1.113 \mathrm{M}$ to be written off as recommended. In addition, the Attorney General suggested that the Auditor General review this matter since the audit inspection was undertaken two years after the completion of works.

Recommendation: The Audit Office again recommends that the Ministry follow-up the matter of the loss report with the Finance Secretary. (2009/88)

## Roads and Bridges - $\$ 5.894$ billion

193. For the period under review, a contract register was not maintained to record details of the financial transactions in relation to the projects undertaken by the Ministry. The absence of this record created significant gaps in the financial information required for validation of expenditure in relation the projects undertaken. The failure to maintain this record is a major weakness in the financial system and is in breach of circularized instruction.

Ministry's Response: The Head of Budget Agency explained that the contract register is in place but was not written up at the time of the audit. Action is now being taken to bring it up to date.

Recommendation: The Audit Office recommends that the Ministry take action to ensure that the register is properly maintained and kept up to date at all times. (2009/89)
194. During the period under review, the Ministry issued twelve Inter/Intra Departmental Allocation Warrants for amounts totalling \$284.731M to the Regional Administrations of Region Nos 2, 3, 5, 6 and 9. The warrants were to enable the rehabilitation of roads in the respective Regions. However, the amounts on the warrants were recorded as final expenditure without financial returns being submitted to validate what was actually spent. In the circumstances, amounts expended through these warrants, including any adjustments required to be made to the Appropriation Account, could not be determined.

Ministry's Response: The Head of Budget Agency agreed with the observation and explained that the respective Regional Executive Officers were spoken to in relation to the submission of returns and this will be followed up in writing.

Recommendation: The Audit Office recommends that the Ministry ensure that where Inter Departmental Warrants are issued, monthly financial returns are submitted so that appropriate adjustments could be made to the Appropriation Accounts to avoid incorrect reporting of expenditure. (2009/90)

195. A total of thirty-six transactions relating to pay change directives for resignations, retirements, dismissals and maternity leave transactions for two account areas were examined. Of these, there were eleven instances where such directives were forwarded late to the Central Accounting Unit of the Ministry resulting in overpaid salaries totalling $\$ 1.425 \mathrm{M}$. At the time of reporting, the Ministry was able to recover $\$ 382,812$, leaving an outstanding balance of $\$ 1.042 \mathrm{M}$. During 2008, there were also overpayments that resulted from similar reasons.

Ministry's Response: The Head of Budget Agency indicated that strenuous efforts will continue to be made to recoup overpaid amounts for 2009 and the preceding periods.

Recommendation: The Audit Office once again recommends that the Head of Budget Agency initiate a review of the system to ensure that the measures in place are updated to provide more efficient, effective and timely advice to the Central Accounting Unit. (2009/91)
196. In relation to the noted recoveries of overpayments, these were obtained from the bank accounts of employees after negotiations with banks. However, this process was not extended to the individual employees and/or Heads of the Schools. In summary, the Ministry is still to recover amounts in excess of $\$ 35.457 \mathrm{M}$ for the year 2001 to 2009. The Appropriation Accounts for those years were also overstated by the amounts overpaid. The following are details:-

Denotes that the amount is to be increased by an undetermined amount of deductions
Ministry's Response: The Head of Budget Agency acknowledged the finding and indicated that relentless efforts have continued in pursuit of fully recouping net salaries and deductions owed to the Ministry. The Ministry acknowledges the provisions of the Limitation Act; Chapter 7:02 which are applied because of the significant lapse in time.

Recommendation: The Audit Office recommends that the Head of Budget Agency renew its efforts to locate the overpaid persons and or engage deduction agencies, with a view to recovering the amounts overpaid. (2009/92)
197. A financial loss of $\$ 136,637$ that was suffered by the Ministry in 1997 is still not resolved and a decision is still pending by the Losses Board. This loss was as a result of an apparent misappropriation of funds for which two Officers were interdicted from duty. The Ministry wrote the Crime Chief in 2002 enquiring about the status report on the investigation, but so far this report has not materialized. On 18 April 2005, the Head of Budget Agency apprised the Finance Secretary of the situation and filed a losses report. At the time of reporting in September 2010 the Finance Secretary was written to on three occasions without results.

Ministry's Response: The Head of Budget Agency acknowledge this finding and indicated that all efforts to ascertain the whereabouts of the Officers who were implicated were unsuccessful; even leads once pursued by lawmen ran cold. After filing a loss report the Ministry is awaiting a response from the Losses Board.

Recommendation: The Audit Office again recommends that the Head of Budget Agency seek audience with the Finance Secretary to determine the way forward. (2009/93)
198. The Ministry has still not taken the necessary steps to ensure that cheque orders are carefully monitored and cleared within the stipulated time-frame through the submission of bills, receipts and other supporting documents. At the time of reporting for the year 2009, there were thirteen cheque orders totalling $\$ 912,336$ which remained outstanding and this situation was compounded with an outstanding balance of ninety-two valued at $\$ 3.251 \mathrm{M}$ for the years 2004 to 2008

Ministry's Response: The Head of Budget Agency indicated that for fiscal year 2008 the Ministry was able to clear 36 outstanding cheque orders at a value still to be determined and an additional thirty-eight valued at $\$ 1,314,664$ for 2009. As a punitive measure (where applicable), the delinquent officers/sections have been intermittently denied/delayed access to finances to conduct further purchases, pending the resolution of these matters.
199. Considering the response of the Head of Budget Agency, it should be noted that all cheque orders submitted by the Ministry were taken into account when the reported outstanding balance was determined.

Recommendation: The Audit Office recommends that the Ministry make special efforts to adhere to circularized instructions in relation to the clearing of cheque orders. (2009/94)
200. The Ministry is still to recover amounts totalling $\$ 4.116 \mathrm{M}$ that were outstanding on transactions for the years 2000 and 2001, viz.

- An amount of $\$ 2.073 \mathrm{M}$, representing $50 \%$ of the cost of 2-1 minute television features, was advanced to a local firm. The cost included accommodation and 5 airfares to an unspecified location, together with shooting and agency costs. The reasonableness of the charges was not ascertained, since the contractor was not required to give a breakdown of the activity costs, before the matter was referred to the Central Tender Board for approval. Following the award, the execution of the contract was put on hold since November 2000, but the contractor was not required to refund the advance.
- A difference of $\$ 2.043 \mathrm{M}$ still remains outstanding from transactions undertaken by an expediter of the Ministry, who during his tenure of duty, made payment of various amounts to suppliers without the receipt of the goods. The initial discrepancy amounted to $\$ 5.243 \mathrm{M}$, but during the years 2002 and 2003, items to the value of $\$ 3.2 \mathrm{M}$ were delivered.

Ministry's Response: The Head of Budget Agency explained that (a) a report was filed with the Losses Board and the Ministry is awaiting a response; and (b) the Ministry will act upon the advice of the Auditor General to engage the Finance Secretary and also the Attorney General to have this matter given redress.

Recommendation: The Audit Office once again recommends that the Head of Budget Agency seek the advice of the Finance Secretary on how to proceed, given that the discrepancies have not been resolved over the last nine years. (2009/95)

## Ministerial Tender Board

201. The operations of the Ministerial Tender Board (MTB) did not confirm to the requirements of the Procurement Act (2003) in that, Section 23(5) of the Procurement Act (2003) required the MTB to "select from the pool of evaluators appointed by the National Board under Section 17, three evaluators with expertise and experience to serve as members of the Evaluation Committee for such procurement." In this regard, the MTB failed to submit the required information and as such the NPTAB could not proceed with the appointment of members for the Ministry's Evaluation Committee.

## Ministry's Response: The Head of Budget Agency has acknowledged this finding.

Recommendation: The Audit Office recommends that the Ministry institute measures to ensure that the Procurement Act as it relates to the adjudication over the awards of contracts for construction, goods and services is adhered to in all respects. (2009/96)
202. According to a register kept by the Secretary of the Tender Board, the Ministry's Board adjudicated over twenty-one awards totalling $\$ 14.757 \mathrm{M}$ for purchases of goods and services and thirty awards amounting to $\$ 17.002 \mathrm{M}$ for construction. In relation to these awards, the following discrepancies were found:
(a) The Ministerial Tender Board was appointed in keeping with Section 22 of the Procurement Act, but this Board approved awards based on recommendations of an evaluation committee not appointed by the NPTAB in keeping with Section 23(5) of the Procurement Act (2003);
(b) In relation to the fifty-one awards, these were approved by three persons that formed the quorum for the entire period. In this regard, two had been appointed in keeping with Section 22 of the Procurement Act (2003) for the entire period, while the appointment of the other was effective 1 June 2009. The fact that this officer had comprised the quorum, in the months preceding the appointment, effectively invalidated sixteen awards valued at $\$ 10.678 \mathrm{M}$, as in those instances the Board could not be deemed to have had a quorum or properly constituted; and
(c) The minutes of the MTB did not give reasons for the lack of attendance or involvement by the other two members and it could not be determined whether they were notified of sittings or matters considered by the Board.

Ministry's Response: The Head of Budget Agency explained that despite timely notice members did not attend and this made the round robin of documents necessary.
203. In relation to contracts for awards made during the period, discrepancies were found where these were deficient, in that clauses stipulating commencement, duration and completion dates, including defects liability period and liquidated damages charges were still not included. Without proper contract documents, the Ministry was exposed to great financial risks should contractors renege on agreements, provide substandard works or fail to show due diligence in the execution of works.

Ministry's Response: The Head of Budget Agency explained that the contract templates now in use satisfy the criterion that serve to protect the interest of the Ministry at all times.

Recommendation: The Audit Office once again recommends that the Head of Budget Agency take immediate steps to ensure that all contract documents meet the criteria set out in the standard bidding documents approved by the NPTAB. (2009/97)

## Other Matters

204. The Ministry was in breach of the Stores Regulations as it did not maintain a master inventory for the items procured and distributed to the various departments, sections and schools as stipulated in Section 24. In this regard, verification of the items sent to the New Amsterdam Technical Institute and the University of Guyana, Berbice revealed that the assets were not entered into a goods received book or inventory as well as being marked to identify them as the property of the University.

Ministry's Response: The Head of Budget Agency explained that a master inventory is maintained for recurrent stores. However, a parallel record for capital stores is being developed. The process of inventorying and marking is an ongoing one and the Ministry has designated staff to ensure this process is duly executed.
205. In a related matter, an asset verification exercise conducted at the University of Guyana, Berbice revealed that the institution could not account for two computer monitors, three keyboards and one mouse. Further, at the time of writing a local supplier failed to deliver an electrical furnace valued at $\$ 750,000$, ordered for the Upper Corentyne Industrial Training Centre and for which full payment was made.

Recommendation: The Audit Office recommends that the Ministry take immediate steps to ensure that (a) the Stores Regulations as it relates to the maintenance of its master and sectional inventories and marking of assets is complied with in every respect; (b) the assets not accounted for are located; and (c) appropriate follow-up action is taken to facilitate the delivery of the furnace or refund of the purchase price. (2009/98)
206. A sample of seven rehabilitation projects undertaken by the Ministry during the 2007 revealed six instances where contractors were overpaid amounts totalling $\$ 2.108 \mathrm{M}$ on measured works. The Ministry was able to clarify matters concerning overpayments amounting to $\$ 1.621 \mathrm{M}$ on two projects, but could not validate or recover the sum of $\$ 487,000$ outstanding on the projects listed in the table below.

|  | Contract <br> Sum <br> Name of Project | Amount <br> Overpaid <br> $\$ \prime 000$ |
| :--- | :---: | :---: |
| New Campbellville Secondary School | 3,044 | 30 |
| Comenius Primary School | 7,722 | 175 |
| St. Agnes Nursery School | 1,294 | 200 |
| East Street Nursery | 1,149 | 82 |
| Total |  | 487 |

207. In 2008, three instances were observed where overpayments totalling $\$ 642,480$ were made on measured works on the projects listed in the table below. However, on 29 January 2010 the outstanding amounts of $\$ 100,000$ that existed on St. Mary's High and Dolphin Secondary Schools were repaid to the Ministry. The amount of $\$ 542,480$ that was overpaid on the St Thomas Moore Primary School is still to be recovered

| Name of Project | Contract Sum <br> $\$ ’ 000$ | Overpayment <br> $\$$ |
| :--- | :---: | :---: |
| St Thomas Moore Primary School | 4,113 | 542,480 |
| St Mary's High School | 4,757 | 25,000 |
| Dolphin Secondary School | 3,689 | 75,000 |
| Total | 642,480 |  |

Ministry's Response: The Head of Budget Agency explained that the Ministry was successful in recouping substantial amounts of those overpayments and will redouble efforts to ensure a full reclaim, while underscoring the diligence that is required when certifying valuations for payment. In the case of St. Thomas Moore Primary School, the contractor concerned has since contested the findings of overpayment. Nonetheless, the contractor is still required to fully remit the stated overpayment.

Recommendation: The Audit Office recommends that the Ministry make every effort to have outstanding amounts recovered, while implementing stricter controls over the supervision and certification of works. (2009/99)

## Employment Cost

208. Since the introduction of the IFMAS in 2004 the Ministry of Finance urged that cash payments from salaries be minimized and that a phased approach be taken towards including all employees under the bank deposit system. However, a review of payroll records revealed that for December 2009, cash payments totalling $\$ 13.034 \mathrm{M}$ were made to 126 teachers, while 101 public officers were paid cash amounting to $\$ 13.116 \mathrm{M}$. A similar observation was made in the preceding period, where cash salaries amounting to $\$ 35.249 \mathrm{M}$ were paid to 643 employees.

Ministry's Response: The Head of Budget Agency explained that a careful review of the audit evidence that informed this query revealed that these instances were largely cheque payments to Institutions that were thereafter converted to cash payments. Historical cash salary employees were urged/instructed to attain eligibility to establish bank accounts or risk withholding of salaries, the majority complied. However, there still remain a few special cases that are being addressed.

Recommendation: The Audit Office recommends that the Ministry put in place mechanisms to minimise cash payments in keeping with the requirements of the IFMAS system, since retaining large cash payrolls could result in significant losses by theft or fraud. (2009/100)

## Other Charges

209. The Ministry produced historical records of all motor vehicles under its control, but these were not updated to include details of maintenance costs. In the circumstance, the Ministry was not in a position to monitor the individual cost of repairs and to determine whether it was economical to retain or dispose of certain vehicles.

Ministry's Response: The Head of Budget Agency acknowledged this finding and indicated that while official registers of maintenance cost are not maintained for individual vehicles, it must be noted that the IFMAS retains permanent records of all such expenses, which is periodically consulted and reports compiled for analysis when needed. Nonetheless, registers to monitor this cost centre will be implemented and maintained.

Recommendation: The Audit Office recommends that the Ministry confirm to the requirement of the stores regulations in the maintenance of historical records, while instituting effective controls to monitor maintenance costs of vehicles under its control. (2009/101)

## Stores and Other Public Properties

210. The Stores Regulations Section 6 (1) \& (2) provided for the maintenance of bin cards as an independent check on the Stock Ledger of receipt and issues of items of stock, kept by the Central Accounting Unit. However, the bin cards for the stores at 21 Brickdam were not kept up to date nor were they reconciled with the stock ledger in the Central Accounting Unit. In relation to the stores at 68 Brickdam, bin cards were not maintained. As a result, vital control mechanisms to ensure proper accountability for stock were not in place.

Ministry's Response: The Head of Budget Agency indicated that steps are being taken to ensure full compliance with the Stores Regulations.

Recommendation: The Audit Office recommends that the Ministry adhere strictly to the requirements of the Stores Regulations at all times. (2009/102)
211. For the period under review, a total of ninety-four payment vouchers for expenditure amounting to $\$ 30.161 \mathrm{M}$ were not presented for audit examination. As a result, the scope of the audit was limited and a determination could not be made as to the propriety of the payments or whether value was received for the money spent. A similar situation had occurred in 2008 and to date 159 payment vouchers for expenditure amounting to $\$ 52.046 \mathrm{M}$ remains outstanding for that year.

Ministry's Response: The Head of Budget Agency explained that the Ministry and State Auditors have managed to locate vouchers considered to be missing and are reviewing and adjusting the provisional list of 'missing vouchers'.

Recommendation: The Audit Office recommends that the Ministry put systems in place to ensure that there is adequate accountability for payment vouchers and supporting documents, so that these could be provided for audit in a timely manner. (2009/103)
212. A cursory examination revealed that at least nine vouchers valued at $\$ 356,492$ in support of transactions carried out with one Firm in December 2009 were missing. Since this appeared strange and unprecedented follow-up checks were undertaken and it was revealed that:
(a) the firm had twenty-four transactions for the weeding and cleaning of school compounds amounting to $\$ 1.228 \mathrm{M}$ prior to December 2009 and which covered the period April 2009 to November 2009;
(b) even though the monthly transactions had averaged three over that period, the month of July 2009 had the highest rate of seven, while May 2009, August 2009 and November 2009 had the lowest rate of one;
(c) in December 2009, twelve transactions were undertaken for $\$ 678,127$, of which vouchers relating to nine were missing;
(d) records of the Ministry indicated that the vouchers were supposed to be in the possession of the Chief Accountant, who denied that this was so and ordered searches;
(e) it was later discovered that the firm was owned and managed by a close relative of the Chief accountant; and
(f) there was no evidence of compliance with the Procurement Act (2003) in relation to the award of the works, which totalled $\$ 1.907 \mathrm{M}$.

Current year matters, with recommendations for improvement in the existing system
213. The Ministry of Education had twenty-two fuel accounts with the GUYOIL at its Providence Terminal and Station and outlets at Regent Street and Sheriff Street. At the end of the period under review, there were twelve accounts where there were overpayments totalling $\$ 2.339 \mathrm{M}$, seven accounts where amounts totalling $\$ 1.574 \mathrm{M}$ were due to the supplier and three with a zero balances. This situation resulted in a net misstatement of expenditure in the Appropriation Accounts in the sum of $\$ 0.765 \mathrm{M}$.

Ministry's Response: The Head of Budget Agency explained that to avoid credit, departments would pay in advance and utilise a reducing balance. This situation is now in control.
214. There was also a failure to adhere to the requirements of the Procurement Act (2003) during the acquisition of fuel and lubricants, for which amounts totalling $\$ 12.518 \mathrm{M}$ were expended from current provisions.

Ministry's Response: The Head of Budget Agency explained that this long standing sole sourcing, based on best prices is being reviewed with a view to obtaining best value for money.

## Grants for Security Services

215. The expenditure for security services, which totalled $\$ 198.578 \mathrm{M}$, included amounts totalling $\$ 131.885 \mathrm{M}$ that were paid to 101 schools as security grants. Two schools, namely F.E. Pollard Primary and Ascension Community High were randomly chosen for accountability tests on respective grants of $\$ 1.359 \mathrm{M}$ and $\$ 1.812 \mathrm{M}$. The following discrepancies were unearthed during the tests: -

## (a) F. E. Pollard Primary

- Even though bank account № 688-573-5 was operated at the Republic Bank to facilitate receipt of the proceeds of the grant and payments to security providers, a cash book was not maintained to record the various transactions and the balance of funds at the end of each month;
- A bank balance of $\$ 203,655$ existed at 31 December 2009, but bank reconciliation was never undertaken for the entire period reviewed. In the circumstances, the composition of the balance, and whether it was tainted with any discrepancies, could not be discerned;
- In August 2009, the security grant was misused to provide loan funding to a former Head Teacher in the sum of $\$ 54,000$, but this was repaid in October 2009;
- Two cheques for the security account, that is, 3401994456 and 3401994459 , were missing and the related stubs were devoid of details of any transactions undertaken;
- Ten payments totalling $\$ 778,377$ could not be properly authenticated because of the absence of supporting documentation. In the circumstances, the completeness and accuracy of the expenditure was not determined. Seven of these payments that had a value of $\$ 735,877$ were associated with a security firm, but the reason for the remaining expenditure of $\$ 42,500$ was not established;
- Bank statements for the months of February 2009 and March 2009 were not presented for audit examinations; and
- Financial reports were not prepared and forwarded to the Ministry on the operation of the security account and from all appearances this was not a requirement.

## (b) Ascension Community High

- A bank account № 688-237-7 was operated at the Republic Bank to facilitate receipt of the proceeds of the grant and payments to security providers. However, a cash book was not maintained to record the various transactions and the balance of funds at the end of each month;
- A bank balance of $\$ 1.339 \mathrm{M}$ existed at 31 December 2009, but bank reconciliation was never undertaken for the entire period reviewed. In the circumstances, the composition of the balance, and whether it was tainted with any discrepancies, could not be discerned. Even though the balance at 31 May 2010 was $\$ 1.110$ M, the Ministry continued to provide the school with grants on a monthly or quarterly basis without determining its financial position;
- Financial reports were not prepared and forwarded to the Ministry on the operation of the security account and from all appearances this was not a requirement;
- Bank Statements the months of May and August, 2009 were not presented for audit examination;
- Three payments totalling $\$ 72,000$ could not be properly authenticated because of the absence of supporting documentation. In the circumstances, the completeness and accuracy of the expenditure was not determined; and
- The school was supposed to recover a total of $\$ 155,000$ from a security firm because of losses suffered. However, deductions to this end were made until September 2009, but a balance of $\$ 8,896$ remains outstanding to date.

Ministry's Response: The Head of Budget Agency acknowledged these findings and indicated that a full investigation into these findings has been launched to determine the extent of these malpractices, the weaknesses in supervisory oversight and whether public funds were misappropriated and the culpable parties. These systems and accounts will be more frequently monitored and reported on in immediate periods ahead.

Recommendation: The Audit Office recommends that the Ministry put systems in place to monitor these expenditures so that possibilities of irregularities, fraud and/or corruption could be avoided. (2009/104)

## Electricity Charges

216. Of the total sum of $\$ 301.736 \mathrm{M}$ expended on electricity charges, an amount of $\$ 185 \mathrm{M}$ was paid to the Guyana Power and Light Company without any bills to establish the completeness and accuracy of the amounts paid. Instead, a breakdown of electricity accounts for various schools and amounts to be credited were provided to substantiate payments. What is even more intriguing is the fact that unspent balances from several subheads were transferred, without any approved virements, to the "Electricity Charges" subhead to facilitate the payments. Nonetheless, these transfers may have had the assistance of the Ministry of Finance, since under IFMAS transfers of this nature must be done by that Ministry. The amount was nevertheless paid to the electricity firm in January 2010.

Ministry's Response: The Head of Budget Agency acknowledged this finding and indicated that the slim window of time allotted for this transaction before the close of financial year (2009) required haste and urgency. Nonetheless, all pertinent procedures should have been duly followed. The supervising officer has since been warned and urged to ensure full compliance with established guidelines and procedures.

Recommendation: The Audit Office recommends that the Ministry take appropriate measures to seek approved virements for transfers of funds between subheads, while underscoring the need for adequate evidence to support the completeness and accuracy of payments. (2009/105)

## Subvention and Grants

217. The sum of $\$ 1.244$ billion was disbursed as subvention and grants, but the Ministry was unable to present evidence of how they sought assurance on the utilization of funds from agencies in receipt of the amounts. This apparent void, could lead to the use of funding by some, if not all, subvention agencies for purposes other than that which was intended, when Government had conceived such subsidies.

Ministry's Response: The Head of Budget Agency acknowledged this finding and explained that subvention agencies are required to prepare and submit to the Central Accounting Unit and the Permanent Secretary; monthly and quarterly expenditure and impact reports. Failing which will bar access to spending further subvention releases.

Recommendation: The Audit Office recommends that the Ministry seek to obtain statements of expenditure from the various agencies for submission to the Audit Office on a timely basis. (2009/106)

## Maintenance of Buildings

218. In relation to maintenance of buildings the following discrepancies were noted, viz.
(a) The rehabilitation of East La Penitence Primary School was awarded in the sum of $\$ 4.531 \mathrm{M}$. Based on physical measurements taken on site it was revealed that a sum of $\$ 195,740$ was overpaid as shown in the table below.

| Item | Description | Unit | Paid | Actual | Excess | Rate <br> $\$$ | Overpaid <br> $\$$ |

(b) The rehabilitation of the Ascension Nursery School was awarded in the sum of $\$ 3.701 \mathrm{M}$. The measured works on site at the time of the inspection was $\$ 122,133$ below payments to the contractor. In fact, two instances were noted where overpayments had occurred. The first case required the construction of 101 feet of reinforced concrete drains, but only 83 feet were measured with the result that $\$ 24,220$ was overpaid. The second case required 120 square yards of a reinforced concrete tarmac. However, only 82 square yards was constructed, creating a deficiency of $\$ 97,913$.
(c) The rehabilitation of Cummings Lodge Secondary School had a project price of $\$ 4.099 \mathrm{M}$ and included the construction of a one storied timber building. The physical measurements taken revealed that overpayments totalling \$277,600 had occurred in the areas detailed below:

| Item | Description | Unit | Paid | Actual | Excess | Rate \$ | Overpaid \$ |

(d) The rehabilitation of the St. Joseph High School two storied building of concrete and timber was awarded in the sum $\$ 6.911 \mathrm{M}$. An inspection revealed overpayments totalling $\$ 2.009 \mathrm{M}$, as shown below:

(e) The rehabilitation of the Comenius Primary School was awarded in the sum of $\$ 6.381 \mathrm{M}$. Payments totalling $\$ 825,000$ were made from provisional sums for plumbing and electrical installation, but details of the related expenditure was not provided. This was compounded by overpayments on measured works that totalled $\$ 1.115 \mathrm{M}$, as shown below:

| Item | Description | Unit | Paid | Actual | Excess | Rate <br> $\$$ | Overpaid <br> $\$$ |

| Total |  |  |  |  |  |  |  |

Ministry's Response: The Head of Budget Agency has acknowledged the overpayments and has indicated that the Ministry will look into the instances with a view of recovering the overpayments form the contractors.

Recommendation: The Audit Office recommends that the Ministry make every effort to recover the overpaid amounts, while implementing stricter controls over the supervision and certification of works. (2009/107)

## Capital Expenditure

## Prior year matters, which have not been resolved

219. The overpayment of $\$ 178,000$ on the rehabilitation of the GTIC building has been recovered on 13 May 2010, but since 2005 the Ministry is still to recover:
(a) $\$ 703,780$ on the renovation of the library building at University of Guyana (Turkeyen) that occurred as a result of the following:

| Item | Description | Unit | Paid | Actual | Excess | Rate <br> $\$$ | Overpaid <br> $\$$ |
| :---: | :--- | :---: | ---: | ---: | ---: | ---: | ---: |
|  | Clean and remove defective |  |  |  |  |  |  |

| 1.2 | Prepare surfaces and repair cracks | sy | 1,556 | 850 | 706 | 300 | 211,800 |
| 1.4 | Repair defective flashing | sy | 386 | 56 | 330 | 250 | 82,500 |
| 1.5 | Apply Swepco Roof coating | sy | 1,556 | 850 | 706 | 520 | 367,120 |
| Total |  |  |  |  |  |  |  |

(b) $\quad \$ 12.142 \mathrm{M}$ on the construction of a science laboratory building at the University of Guyana (Berbice). The overpayment occurred mainly from the: (i) unauthorised inclusion by the consultant of variation in rates amounting to $\$ 8.118 \mathrm{M}$; (ii) sum of $\$ 2.024 \mathrm{M}$ being payments to the contractor while maintaining a presence on the work site during legal proceedings for the project; and (iii) amount of $\$ 2 \mathrm{M}$ that had been duplicated with respect to the settlement of land purchased.

Ministry's Response: The Head of Budget Agency indicated that the Ministry is still attempting to recover the outstanding overpaid sums.

Recommendation: The Audit Office once again recommends that the Head of Budget Agency continue to aggressively follow-up this matter to ensure all overpayments are recovered and/or action taken to have the responsible officer(s) surcharged. (2009/108)
220. In relation to the year 2008 overpayments on measured works amounting to $\$ 402,570$ had occurred and is still to be recovered. The following are details:

| Affected Programme | Contract sum <br> $\$ \prime 000$ | Overpayment <br> $\$$ |
| :--- | :---: | :---: |
| University of Guyana (Berbice) | 8,579 | 15,000 |
| Government Technical Institute | 2,890 | 160,000 |
| Linden Technical Institute | 7,681 | 227,570 |
| Total |  | 402,570 |

Ministry's Response: The Head of Budget Agency acknowledged this finding and indicated that the Ministry requested a refund of the amounts from the contractors.

Recommendation: The Audit Office recommends that the Ministry do all that is necessary to recover the overpaid amounts and/or surcharge the responsible officer(s), while implementing stricter supervisory controls over the examination of works and certification of payments. (2009/109)
221. The Ministry has still not resolved the issue concerning an overpayment of $\$ 32 \mathrm{M}$ to a delinquent contractor for works on the construction of the male dormitory at the President's College and at the time of reporting in September 2010, the overpayment was not recovered by the Ministry.

Ministry's Response: The Head of Budget Agency indicated that the Ministry has engaged the Ministry of Finance to derive a final resolution to this matter.

Recommendation: The Audit Office once again recommends that the Head of Budget Agency intervene with the appropriate agency to determine the status of the matter, given that the Project Execution Unit of the SIMAP was closed before the issue was concluded. (2009/110)
222. At the time of reporting, the Ministry has still not presented vouchers and other documentation in support of the expenditure of $\$ 22.979 \mathrm{M}$ undertaken on behalf of the University of Guyana (Berbice) in 2007. In the circumstances, the completeness, accuracy and propriety of the expenditure could not be established. The sum expended was part of an amount of $\$ 25 \mathrm{M}$ allocated for the (a) purchase of computers and accessories and library books; (b) completion of science laboratory; and (c) payment of retention.

Ministry's Response: The Head of Budget Agency explained that the Ministry is still attempting to locate the vouchers under reference.

Recommendation: The Audit Office once again recommends that the Ministry take appropriate measures to provide the relevant documentation for audit scrutiny. (2009/111)
223. In 2008, the Ministry entered into a contract for the supply of equipment for Technical/Vocational Projects in the sum of $\$ 18.470 \mathrm{M}$. However, the contractor failed to honour
the terms of the agreement, even though the Ministry had paid over the full contract sum. The equipment ordered are still outstanding.

Ministry's Response: The Head of Budget Agency acknowledged the above and has indicated that this matter is now being pursued through litigation.

Recommendation: The Audit Office recommends that the Ministry take immediate action to determine the contract and recover the sum paid to the contractor. (2009/112)

## AGENCY 44 <br> MINISTRY OF CULTURE, YOUTH AND SPORTS

## Current Expenditure

## Prior year matters which have not been resolved

224. At the beginning of the period reviewed, the Ministry was to recover $\$ 704,658$ which remained outstanding on amounts overpaid on salaries in previous years. During the reporting period an amount of $\$ 37,993$ was cleared, but further amounts totalling $\$ 197,115$ were overpaid to seven officers who had left the job. In the circumstances, an amount of $\$ 863,780$ was still to be recovered by the Ministry.

Ministry's Response: The Head of Budget Agency indicated that "the Ministry of Culture, Youth and Sport acknowledges a lapse in its personnel management system. Despite best efforts using available contact details, only two persons came forward and made pledges. As was recommended, the Ministry of Culture, Youth and Sport will intensify its effort to recover the stated sum of outstanding amounts overpaid on salaries."

Recommendation: The Audit Office recommends that the Ministry intensify its efforts to locate the persons who were overpaid in order to recover the amounts erroneously received. (2009/113)

## Current year matters with recommendations for improvement in the existing system

225. The Ministry had seven fuel accounts with the Guyana Oil Company (GUYOIL) at its Providence Terminal and Station and outlets at Regent Street, Kitty and Sheriff Street. At the end of the period under review, there was one account where there was an overpayment of $\$ 1,167$, four accounts where amounts totalling $\$ 1.637 \mathrm{M}$ was due to the supplier and two with zero balances. This situation resulted in a net misstatement of expenditure in the Appropriation Accounts in the sum of $\$ 1.636 \mathrm{M}$.

Ministry's Response: The Head of Budget Agency explained that "the fuel accounts with GUYOIL were inherited from the Guyana National Service Merger with the Ministry of Culture, Youth and Sport. And this was in keeping with Government's policy at the time. The Ministry of

Culture, Youth and Sport reviewed the situation and maintained the accounts, efforts are now being made to consolidate the accounts and manage same more effectively. The situation that resulted in a net misstatement of expenditure in the Appropriation Accounts, was due to late submission of bills for the last month of the year, 2009. However this was corrected in January 2010 as soon as it was brought to the attention of the Accounting Officer.
226. In relation to the current provisions for "Maintenance of Buildings", for which \$33.792M were expended, amounts totalling $\$ 8.504 \mathrm{M}$ were spent on works of a capital nature that were budgeted for under capital programme subheads 120570 - Buildings Central Ministry, 180010 Youth and 450170 - National Archives. The following are details:

| Particulars | $\begin{gathered} \hline \text { Amount } \\ \$ ’ 000 \end{gathered}$ | $\begin{aligned} & \hline \text { Total } \\ & \$ ’ 000 \end{aligned}$ |
| :---: | :---: | :---: |

| Total |  | 8,504 |

Ministry's Response: The Head of Budget Agency did not respond to this finding.
227. Several instances were noted where the Ministry was in breach of the provisions of the Procurement Act (2003), viz.
(a) There was a failure to adhere to the requirements of the Procurement Act (2003) during the acquisition of fuel and lubricants, for which amounts totalling \$14.209M were expended from current provisions;
(b) The purchase of the building materials and labour contracts for works on the New Opportunity Corps (NOC) and Ministry of Culture Annex were awarded by the Ministerial Tender Board (MTB) in thirteen portions with a total value of $\$ 5.363 \mathrm{M}$ to avoid the adjudication by the National Procurement and Tender

Administration Board. In this regard, there were five awards for zinc valued at $\$ 2.013 \mathrm{M}$, three awards for labour amounting to $\$ 1.642 \mathrm{M}$, two awards for shutters and windows totalling $\$ 0.603 \mathrm{M}$ and respective awards amounting to $\$ 591,136$, $\$ 308,480$ and $\$ 205,575$ for plumbing fittings, lumber and paint;
(c) Purchases of materials for the National Cultural Centre were also undertaken in a piecemeal manner to avoid adjudication at the level of the National Procurement Tender Administration Board (NPTAB). One supplier received awards for goods, while another were awarded labour contracts. The table below gives details of how the transactions were undertaken; and

| Date | Description | Amount <br> $\$ ’ 000$ |
| :---: | :--- | ---: |
| 19 May 2009 | Purchase of atomic 3000 strobe lamps (240) volts | 1,159 |
| 19 May 2009 | Purchase of 6 Shure wireless systems |  |
| 19 May 2009 | Purchase of 3 Shure wireless systems | 571 |
| Total | 2 |  |
| 19 May 2009 | Service fly gallery | 2,251 |
| 19 May 2009 | Replacing wire ropes | 575 |
| 19 May 2009 | Service and replace dividers | 476 |
| Total | 126 |  |

(d) Under the capital provisions, eighteen transactions totalling $\$ 2.016 \mathrm{M}$ were undertaken for the acquisition of materials for the rehabilitation of the NOC Guest House. Of these, eleven totalling $\$ 1.278 \mathrm{M}$ were related to one supplier. The treatment of the transactions was clearly in breach of Section 14 of the Procurement Act (2003), as it relates to contract splitting.

Ministry's Response: The Head of Budget Agency explained, as follows:
(a). The acquisition of fuel is based on a traditional and inherited policy from the Guyana National Service, involving GUYOIL, the efforts will be made to procure the supply of same via the open tendering procedure;
(b). The submission is acknowledged and corrected, all maintenance and capital works are properly assessed, cost tendered, evaluated and approved by the relevant Tender Board;
(c). In the case of the National Cultural Centre the supply of equipment/material and servicing fly gallery are unique. The items supplied are not readily available and have to be sourced in the USA and or the UK. Similarly the servicing of the fly gallery is done by a person specially trained. In both cases sole tendering should have been done and would be pursued; and
(d). Same as response for (b).

## Subhead 1800100 - Youth

228. Up to the time of reporting, the Ministry still has not recovered overpayments totalling $\$ 193,450$ paid to a contractor for works carried out at Madewini male dormitory. In this regard, the works were carried out in 2008 and checks revealed that the quantities paid for had exceeded the actual measured works in the areas listed in the table below.

| Item | Description | Unit | Qty <br> Paid | Actual | Differ- <br> ence | Rate <br> $\$$ | Amount <br> $\$$ |

| Total |  |  |  |  |  |  |  |

Ministry's Response: The Head of Budget Agency indicated that arrangements were made by the Consultant to visit the site to verify the overpayments and a comprehensive report was put up which indicated that there was no overpayment.
229. The Audit Office wishes to indicate that, notwithstanding the response of the Head of Budget Agency, it stands by its original findings. This position is taken since the examination of works were undertaken together with the Ministry's personnel, who identified all works and were satisfied with measurements taken. The findings of the consultant hired by the Ministry were previously presented in the original final account of the project. Further, in the document dated 27 April 2010 submitted by the Ministry as the consultant's "comprehensive report", the consultant clearly indicated interest to "make the site visit and to meet with all those who are involved in writing the report, in order to clarify discrepancies." This request was never satisfied.

Recommendation: The Audit Office recommends that the Ministry engage (a) the Attorney General on the possibility of private action to recover the outstanding sums from the contractor and (b) the Finance Secretary on the question of surcharge of errant officer(s) involved in the certification of transactions leading to the overpayments. (2009/114)

## Subhead 4501600 - National Trust

230. The Ministry is still to recover amounts of $\$ 245,700$ and $\$ 989,900$ overpaid to contractors in relation to the rehabilitation of the ramport at Kyk-over-Al and walkway at Fort Zeelandia. It was noted that the Ministry had given the contractor deadlines for the sums to be repaid, but these were apparently ignored.

Ministry's Response: The Head of Budget Agency indicated that "it was previously mentioned that overpayments were made to contractors, from its capital provisions, in the amounts of $\$ 245,700$ and $\$ 989,900$ in the rehabilitation of the ramport of the Kyk-over-al and walkway at Fort Zeelandia. The Ministry of Culture, Youth and Sport acknowledges this conclusion and is in accord with the recommendation that every effort be made to recover such sums from the contractors."

Recommendation: The Audit Office recommends that the Ministry engage (a) the Attorney General on the possibility of private action to recover the outstanding sums from the contractors and (b) the Finance Secretary on the question of surcharge of errant officer(s) involved in the certification of transactions leading to the overpayments. (2009/115)

## AGENCY 45 \& DIVISIONS 523,524 \& 552

## MINISTRY OF HOUSING \& WATER

## Current Expenditure

## Prior year matters, which have not been resolved

231. The Guyana Water Incorporated (GWI) and the Central Housing and Planning Authority (CH\&PA) were respectively funded by subvention of $\$ 250 \mathrm{M}$ and $\$ 147.355 \mathrm{M}$. Audit reporting on the GWI was last done for the year 2008 while at the time of reporting the audit for the year 2009 was being finalised. The audit for the CH\&PA is presently being conducted for the year 2009. It should be noted that the Ministry failed to have the financial statement of CH\&PA laid in the National Assembly within the statutory period.

Recommendation: The Audit Office recommends that the Ministry institute measures to ensure that the accounts of the GWI and CH\&PA laid in the National Assembly, within six months of the close of the financial year. (2009/116)
232. Contrary to the established cash based method of procurement the Ministry purchased fuel on credit from GUYOIL. However, at the time of reporting in October 2010, the Ministry had begun to adhere to the reconciliation process and a cash based system has been instituted. Ministry's Response: The Head of Budget Agency concur with the finding of the Auditor General.

## Capital Expenditure

233. The sum of $\$ 430 \mathrm{M}$ was budgeted for Infrastructure Development and Buildings. A supplementary provision of $\$ 4$ billion was approved giving a revised amount of $\$ 4.430$ billion. The full amount was recorded as expenditure in the appropriation account. However, the full amount was transferred to Central Housing and Planning Authority (CH\&PA) Housing Fund to be utilised for the improvement of infrastructural facilities and living conditions. Similarly, there was no voted provision for the Housing Programme Revolving Fund. A supplementary provision of $\$ 2$ billion was approved and the full sum was recorded as expended. However, the full amount was not utilised but was transferred to the Low Income Revolving Fund loan account to be utilised for granting loans to persons within the low income bracket.
234. The unexpended amounts referred to above were not refunded to the Consolidated Fund as required in Section 43 of the FMA Act but was retained by the CH\&PA. However, according to the legal opinion provided by the Attorney General concerning the deposit and use of funds/revenue generated under the provisions of the Housing Act Chapter 36:20, there is no statutory requirement for the unutilised funds to be refunded to the Consolidated Fund.

## AGENCY 46 <br> GEORGETOWN PUBLIC HOSPITAL CORPORATION

## Current Expenditure

## Prior year matters, which have not been resolved

235. The Georgetown Hospital Corporation (GPHC) is a separate entity, which was established under the Public Corporation Act 1988 № 3 of 1999, but continued to receive appropriations instead of a subvention from the Government. This practice is not in keeping with the requirement of the FMA Act Part XII Sections 79 and 80. Such legislation requires the entity to keep separate books of accounts to record assets and liabilities as well as income and expenditure and to have separate financial reporting and audit.

Corporation's Response: The Head of Budget Agency in response to the above paragraph explained that "We recognise our limitations in resolving the issue of funding and reporting being a corporation. However, this issue was brought to the attention of the Board of Directors and also to the subject Minister by the Chief Executive Officer in a letter dated August 18, 2009. The subject Minister has since made the necessary submission to Cabinet for consideration".

Recommendation: The Audit Office recommends that the Corporation follow-up with the subject Minister with a view to having the necessary representation made to the Office of the Budget for annual subventions instead of appropriations, which would be definitive in paving the way for the Corporation to confirm to the statutory requirement by maintaining separate books of accounts, financial statements and audit reporting. (2009/117)
236. It was observed, that the Corporation was still not able to complete the process of computerizing its financial accounting and record keeping function, which should have been
implemented with the assistance of the Health Sector Development Unit of the Ministry of Health. To this end, a contract in the sum of US\$9,500 was signed on 21 October 2008 based on an award by the NPTAB. The contract was subsequently terminated on 26 March 2009 without any payments to the contractor. The determination of the contract was due to breach of Section 2 of the said contract, which stated that "The Consulting Firm shall perform the Services during the period commencing from the date of signature of this agreement and continuing through the period of nineteen days or any other period as may be subsequently agreed by the parties in writing."

Corporation's Response: The Head of Budget Agency explained that the previous consultant that was contracted donated the software to the Corporation. The programme will be implemented as soon as a server is acquired.

Recommendation: The Audit Office recommends that the Corporation do all that is necessary to computerize its financial accounting and record keeping function in keeping with the Health Sector Development Plan. (2009/118)
237. According to the Corporation's records, amounts totalling $\$ 13.459 \mathrm{M}$ were collected as revenue, of which only the sum of $\$ 6.073 \mathrm{M}$ were paid into the Consolidated Fund for the period under review. The Corporation continued to make payments from its revenue during 2009. Similarly during 2008 amounts totalling $\$ 14.443 \mathrm{M}$ were collected as revenue and the full amount was expended. As stated earlier, the Corporation was in receipt of an appropriation instead of subvention and as such, it ought not to incur expenditure out of its revenue. Revenue must be deposited promptly into the Consolidated Fund in accordance with Section 46(1) of the FMA Act.

Corporation's Response: The Head of Budget Agency has acknowledged the above, he however stated that expenditures made from the revenue earned were approved by the Board and that the Corporation is in the process of returning funds to the Consolidated Fund.

Recommendation: The Audit Office again recommends that the Corporation desist from utilising revenue collected which should be promptly deposited into the Consolidated Fund. (2009/119)
238. Four payment vouchers totalling $\$ 2.833 \mathrm{M}$ and eleven payment vouchers totalling $\$ 3.558 \mathrm{M}$ for the years 2007 and 2008 respectively were still outstanding. In the absence of these payment vouchers and supporting documents, it could not be determined whether the expenditure was properly incurred and the Corporation received value for the sums expended.

Corporation's Response: The Head of Budget Agency indicated that the payment vouchers for the years 2007 and 2008 would have to be reconstructed.

Recommendation: The Audit Office recommends that the Corporation put systems in place to ensure that there is adequate accountability for payment vouchers and supporting documents, so that these could be provided for audit in a timely manner. (2009/120)
239. During the period under review, amounts totalling $\$ 1.073$ billion were expended on the procurement of drugs and medical supplies of which amounts totalling $\$ 812.766 \mathrm{M}$ were
purchased from the New GPC and \$261.093M from other suppliers. The GPHC paid the New GPC $\$ 731.024 \mathrm{M}$ for drugs and medical supplies, however, only $\$ 446.478 \mathrm{M}$ were received for the year under review. The balance of $\$ 284.546 \mathrm{M}$ was received during 2010. It should be noted that the amount of $\$ 731.024 \mathrm{M}$ consisted of thirteen contracts which were supported by NPTAB approval. However, a system of competitive bidding was not followed in the award of these contracts. In a similar case during 2008, the Corporation had purchased drugs and medical supplies valuing $\$ 539.301 \mathrm{M}$ without evidence of following the relevant tender procedures.

Corporation's Response: The Head of Budget Agency explained that the 2009 deliveries started in 2009 and were completed in September 2010. In addition, bidding for 2008 and 2009 were conducted by MMU and MOH and not by the Corporation.

Recommendation: The Audit Office recommends that the Corporation put systems in place to ensure that all drugs supplied are promptly delivered and to avoid any breaches in the tender board procedures. Also, there should be strict adherence to Sections 26 and 27 of the Procurement Act in relation to the tendering process. (2009/121)

## Capital Expenditure

## Subhead 4500203 - Medical Equipment

240. The sum of $\$ 55 \mathrm{M}$ was budgeted for purchases including the purchase of anaesthetic machine, defibrillator, enzyme assay equipment, rigid sigmoidscope and surgical instruments. Amounts totalling $\$ 54.696 \mathrm{M}$ were expended as at 31 December 2009. The relevant tender procedures were adhered to except for the purchase of one defibrillator valued at $\$ 2.064 \mathrm{M}$ which did not have the required NPTAB approval.

Corporation's Response: The Head of the Budget Agency explained that efforts are being made to have the NPTAB approval presented for audited examination.

Recommendation: The Audit Office recommends that in future all supporting documents be attached to the payment vouchers including the relevant tender board awards when presenting them for audit scrutiny. (2009/122)
241. All the items purchased were verified as having been received except for three defibrillators valued at $\$ 6.191 \mathrm{M}$ and one versamed ventilator valued at $\$ 2.642 \mathrm{M}$ which were not received by the Corporation at the time of reporting in September 2010. The items received were marked as property of the Corporation.

Corporation's Response: The Head of the Budget Agency indicated that "the defibrillators and the ventilator were processed late in November and December 2009. However, items are expected to be delivered by November 2010.

Recommendation: The Audit Office recommends that the Corporation strictly vigorously follow-up this matter with the suppliers to have the items delivered immediately. (2009/123)

## AGENCY 47 <br> MINISTRY OF HEALTH

242. The main office buildings of the Ministry of Health that housed its Central Accounting Unit and the storage area for financial and other records, was destroyed by fire of unknown origin on 17 July 2009. This fire destroyed a significant amount of the Ministry’s accounting records, while others became water soaked in the aftermath. This report therefore captures the findings applicable to some records that remained or were generated in the post fire period, including those that were reconstructed and those available at other Departments/Units of the Ministry.

Ministry's Response: The Head of the Budget Agency has indicated that it is a fact that the Ministry of Health (Main Office) was completely destroyed by fire in which a number of records were lost. Notwithstanding the Ministry of Health was successful in reconstructing 87 vouchers to the value of $\$ 26 \mathrm{M}$.

## Current Expenditure

## Prior year matters, which have not been resolved

243. There were no identified overpayments for the year 2007. However, at the end of the preceding accounting period the Ministry was to recover a balance of $\$ 1.163 \mathrm{M}$ of deductions that were overpaid in 2007, as a consequence of late pay changes directives to the Central Accounting Unit on resignations, transfers, dismissals and retirements. The Ministry was able to recover $\$ 686,814$ during 2009 and the following period January 2010 to September 2010, leaving an outstanding balance of $\$ 476,158$.

Ministry's Response: The Head of the Budget Agency has indicated that effective June 2010, there has been no overpayment to any deduction agency. Currently, where overpayments involving NIS and GRA are involved, the Ministry of Finance has a measure in place which allows the Ministry to write requesting that the deduction cheques be cancelled, changes made and a new cheque be printed representing the sums due to the deduction agencies. As per the recommendation of the Audit Office, follow up actions are being taken to ensure that the outstanding refunds of $\$ 476,158$ due by the NIS are recouped. Letters have been written and direct contact has been made to have this matter settled.

Recommendation: The Audit Office recommends that the Ministry take urgent action to have all outstanding overpayments recovered and put systems in place to prevent recurrences. (2009/124)
244. Since the introduction of the IFMAS in 2004, the Ministry of Finance urged that cash payments of salaries be minimised and a phased approach be taken towards including all employees under the bank deposit system. The Ministry of Health has not fully observed this procedure, in that cash payments were still considerably high. In this regard, monthly cash payments to 267 of the Ministry's employees approximated $\$ 43.237 \mathrm{M}$. Nonetheless, it was noted
that up to September 2010 there were 155 employees, who had taken action to comply with the salary banking requirements.

Ministry's Response: The Head of the Budget Agency has advised that the Ministry is moving towards having all of its employees paid through the banking system.

Recommendation: The Audit Office recommends that the Ministry continue to work vigorously towards minimising the payment of salaries by cash, and implement fully, the bank deposit system as stipulated by the Ministry of Finance circular № 3/2003 dated 29 September 2003. (2009/125)
245. Corrective action was not taken by the Ministry to have all of its employees registered with the National Insurance Scheme (NIS). As at December 2009, there were 128 employees without NIS numbers. A similar observation was made for the year 2008, when there were 277 employees without NIS numbers.

Ministry's Response: The Head of the Budget Agency indicated that to date, only nine employees are without NIS numbers. These employees have been written to requesting them to bring in their NIS cards. Those without are required to be registered. They have been informed that failure to comply would result in their salaries being withheld.

Recommendation: The Audit Office recommends that the Ministry take every action deemed necessary to ensure that NIS numbers in respect of its employees are obtained and affixed to the contributions register, since failure to do so may have consequences for employee benefits. (2009/126)
246. During 2009, the Ministry expended amounts totalling $\$ 1.884$ billion for drugs and medical supplies. Of this sum, an amount of $\$ 1.404$ billion was paid to New GPC Ltd., after approvals were obtained from the NPTAB for contract awards. The awards were however made on the basis of sole sourcing and not competitive bidding, occasioned by public advertisement. This therefore could not justifiably consider being in fulfilment of the tenets of the Procurement Act (2003).

Ministry's Response: The Head of the Budget Agency acknowledged this finding and indicated that future contracts would be awarded on the basis of public advertisement and competitive bidding.

Recommendation: The Audit Office recommends that the Ministry put systems in place to ensure strict adherence to Section 26 and 27 of the Procurement Act as it relates to the tendering process. (2009/127)
247. Of the contracts to the New GPC Ltd., the Audit Office was able to authenticate transactions related to ten awards over the period August 2009 to December 2009 that had a face value of $\$ 461.195 \mathrm{M}$. In this regard, it was established that receipts for the period totalled $\$ 415.418 \mathrm{M}$, leaving an outstanding balance of $\$ 45.776 \mathrm{M}$. Nonetheless, the outstanding balance for the earlier period January 2009 to July 2009, which was computed at $\$ 286.695 \mathrm{M}$ could not
be immediately validated, since the Ministry was in the process of reconciling their records with the supplier. Similar circumstances affected payments made in the year 2008, where transactions with the New GPC Ltd. amounting to $\$ 137.111 \mathrm{M}$ could not, and is still to, be verified.

Ministry's Response: The Head of the Budget Agency indicated that the Ministry has done a reconciliation, which the auditors would have to verify.
248. It should be noted that the Ministry's reconciliation was used in determining the position mentioned before. In the ensuing period, it is expected that the process should be finalized with the presentation of additional records.

Recommendation: The Audit Office recommends that the Ministry make available all necessary documentation that would clearly establish the reasonableness of the outstanding balances on all contracts for the supply of drugs, while providing evidence of compliance with Stores Regulations in relation to quantities received and utilized over the period. (2009/128)
249. The Ministry had eight fuel accounts with the GUYOIL at its Providence Terminal and Station and outlets at Regent Street, Kitty and Sheriff Street. At the end of the period under review, there were two accounts where there were overpayments totalling $\$ 3.208 \mathrm{M}$ and four accounts where amounts totalling $\$ 1.192 \mathrm{M}$ was due to the supplier. This situation resulted in a net misstatement of expenditure in the Appropriation Accounts in the sum of $\$ 2.016 \mathrm{M}$.

Ministry's Response: The Head of the Budget Agency indicated that effective August 2010, the Ministry is procuring fuel on cash based method and the overpayment will be deducted from the September 2010 account.
250. There was also a failure to adhere to the requirements of the Procurement Act (2003) during the acquisition of fuel and lubricants, for which amounts totalling $\$ 38.998 \mathrm{M}$ were expended from current provisions.

Recommendation: The Audit Office had recommended that the Head of Budget Agency, take action to (a) introduce measures for strict control over acquisitions of fuel; and (b) ensure that systems are put in place to avoid future breaches of the Procurement Act 2003 and its Regulation, specifically as it relates to the limits of authority with regard to the procurement of goods and services. (2009/129)
251. The contracts for security services were not awarded in keeping with the Provision of the Procurement Act (2003), since these were renewed annually without required approvals. During the reporting period amounts totalling $\$ 84.881 \mathrm{M}$ were expended on the hire of security services, without the application of the provisions of the Act. A similar situation existed in the preceding year, where related expenditure totalling $\$ 77.632 \mathrm{M}$ did not confirm to the requirements of the Act.

Ministry's Response: The Head of the Budget Agency has explained that the Ministry wrote to the NPTAB seeking covering approval for security services in 2009 since the funds available were inadequate to use a new provider. The Ministry advertised for security services and a recommendation has been made to NPTAB for approval which the Ministry is awaiting.

Recommendation: The Audit Office again recommends that the Ministry seek the approval of the NPTAB in a timely manner, thus ensuring that the expenditure is properly authorised in keeping with the statutory requirements. (2009/130)

## Other Matters

252. The Ministry failed to adhere to the provisions of Section 43 of the FMA Act as it relates to unspent balances, when it retained cheques drawn on appropriations for the year 2009. Even though it was noted that the amounts were refunded in October 2010, there was an obvious lack of timeliness in confirming to the stated requirements. The lack of timeliness has resulted in the Appropriation Accounts being overstated, since these have not been adjusted to date. The following are details of the accounts affected.

| Line Item | Voucher № | Payee | Amount <br> $\$$ |
| :--- | ---: | :--- | ---: |
| 6284-Other | 4704584 | Demerara Shipping Co. Ltd | 100,000 |
| 6284-Other | 4707282 | Pressy Enterprise | 175,392 |
| Centre for Disease Control | 4707091 | NT Computect | 10,440 |
| 6302-Training | 4708108 | Assoc. of Caribbean Tertiary Institutions | 12,000 |
| 6293 Refreshment and Meals | 4700993 | Grand Coastal Inn | 29,836 |
| Centre for Disease Control | 4708265 | Impression | 928,000 |
| Total | $1,255,668$ |  |  |

Ministry's Response: The Head of the Budget Agency has explained that the Ministry is in the process of obtaining supporting documentations before making the payments to the various payees.

Recommendation: The Audit Office recommends that the Ministry institute measures to ensure full compliance with Section 43 of the FMA Act which required unspent balances to be returned and surrendered to the Consolidated Fund at the end of each fiscal year. (2009/131)

## Capital Expenditure

## Prior year matters, which have not been resolved

## Subhead 25018 - Office Furniture and Equipment

253. A sum of $\$ 20.983 \mathrm{M}$ was expended on the acquisition of office and household furniture and equipment. In this regard, record keeping at the Ministry of Health Central Stores was lax, in that, it did not include all relevant information on the purchases, cross referencing to vouchers was non-existent and in some cases the cost was omitted. As such, it was difficult to ascertain whether goods valued at $\$ 19.970 \mathrm{M}$ had actually been received. A similar situation occurred with medical equipment valued at $\$ 27.077 \mathrm{M}$, which were acquired from funding under the capital subhead Equipment (Medical). In relation to these items not verified at the time of reporting in September 2010, documentation of records at MMU remained outstanding for amounts totalling $\$ 1.044 \mathrm{M}$ and $\$ 1.984 \mathrm{M}$ for office furniture and medical equipment respectively.

Ministry's Response: The Head of the Budget Agency has advised that they are in the process of having the outstanding amounts cleared.

Recommendation: The Audit Office recommends that the Ministry adhere strictly to Stores Regulations as it relates to the accounting for the acquisition of goods. (2009/132)

## Current year matter with recommendation for improvement in the existing system

## Subhead 1207700 - Doctor Quarter

254. An Inter/Intra Departmental Allocation Warrant (IDAW) for $\$ 4 \mathrm{M}$ was issued to the Regional Administration, Region № 6 - East Berbice/Corentyne for the rehabilitation of Doctor's Quarters. The full amount on the warrant was recorded as expenditure, although a financial return submitted by the Region indicated that an amount of $\$ 3.043 \mathrm{M}$ was expended. In this regard, the difference of $\$ 957,438$ was refunded to the Consolidated Fund in January 2010, but the Ministry failed to adjust the Appropriation Account.

Ministry's Response: The Head of the Budget Agency has agreed with the findings and also indicated that works at Doctor Quarters at Vryman’s Irving were done by Region № 6 Administration.

Recommendation: The Audit Office recommends that the Ministry ensure that where Inter Departmental Warrants are issued, appropriate adjustments must be made to the Appropriation Accounts when monthly financial returns are submitted. (2009/133)

Similarly, during the period under review deductions totalling $\$ 167,998$ have not been recovered. Further, an examination of the salaries refund register revealed several amounts totalling $\$ 838,821$, as being omitted from the register.

Ministry's Response: The Head of Budget Agency explained that letters were written to the agencies such as Guyana Revenue Authority and National Insurance Scheme requesting the refunds. However, the matter is being addressed with the view of refunding the relevant amounts.

Recommendation: The Audit Office recommends that the Ministry continue to follow up with the various agencies and to seek the advice of the Solicitor General's Office in this matter. (2009/134)
256. The investigation involving irregularities of 8,078 old age pension and social security coupons valued at $\$ 13.959 \mathrm{M}$ which was uncovered has still not been resolved. Some of the officers implicated had made restitutions totalling \$3.844M. In March 2007, the Commissioner of Police informed the Ministry that based on the advice of the Director of Public Prosecution, the investigations were suspended.

Ministry's Response: The Head of Budget Agency explained that a losses report was prepared and submitted to the Ministry of Finance and he was awaiting the outcome.
257. 260. A total of forty-five transactions relating to pay change directives for new entrants, resignations, retirements, dismissals and transfers for three of the five account areas. Of these, there were five instances where such directives were forwarded late to the Central Accounting Unit of the Ministry resulting in overpaid salaries totalling $\$ 604,020$. Up to the time of reporting, the overpaid amounts were not recovered.

Ministry's Response: The Head of Budget Agency indicated that the Ministry would endeavor to recover the sum.

Recommendation: The Audit Office recommends that the Head of Budget Agency ensure that (a) measures are put in place to recover the overpayment; and (b) more efficient and effective systems are implemented to ensure the timely communication of pay change directives. (2009/135)
261. Cheque orders are required to be cleared within sixteen days of their issue through the submission of bills/receipts and other documents in support of payments made. However, the Ministry failed to adhere to this requirement, since 219 cheque orders for transactions valued at $\$ 114.209 \mathrm{M}$ were cleared on average fifty-seven days after they were issued.

Recommendation: The Audit Office had recommended that the Ministry make special efforts to adhere to circularized instructions in relation to the clearing of cheque orders. (2009/136)
262. At the time of reporting, eight cheque ordered vouchers for expenditure totalling $\$ 9.487 \mathrm{M}$ remained outstanding for the period under review. Of the outstanding vouchers, three valued at $\$ 4.798 \mathrm{M}$ were for transactions on capital programmes. In the absence of these vouchers, the supporting documentation, such as bill, receipts, invoices, etc. could not be examined to determine the propriety of the related transactions and as a result a conclusion could not be reached as to whether value was received for the sums expended.

Ministry's Response: The Head of Budget Agency explained that efforts are currently in train to locate the vouchers.

Recommendation: The Audit Office recommends that the Ministry take all necessary measures to locate the missing cheque order vouchers, while reviewing the controls exercised over all vouchers, so that corrective action could be taken to ensure that vouchers are properly secured for audit and the retention period. 263. The Ministry is still unable to finalise the 2005 matters concerning payments made to acquire 500 MTSL shells and 2 stallions, which had a total value of $\$ 2.336 \mathrm{M}$. The Ministry of Foreign Affairs was engaged and diplomatic arrangements were in the process. With respect to the stallions, the supplier was charged criminally for failing to fully refund the sum of $\$ 1.022 \mathrm{M}$, when it became evident that the he was unable to make good the order. Only $\$ 50,000$ of the sum involved was recovered.

Ministry's Response: The Head of Budget Agency explained that the Ministry is still addressing this matter.

Recommendation: The Audit Office recommends that the Ministry continue to pursue this matter to finality. (2009/138)
264. The Ministry is yet to recover the overpayment of $\$ 10.410 \mathrm{M}$ on the contract for the construction to the New Capital Dormitory at the Georgetown Prisons. The contract was terminated due to extreme lack of diligence on the part of the contractor. The Ministry levied on a performance bond for $\$ 12.237 \mathrm{M}$ held with the insurance firm Colonial Life and General Insurance Company Limited (CLICO), which is currently facing liquidation proceedings in the courts. As a result, this claim has not been settled to date. Ministry's Response: The Head of Budget Agency explained that this matter is still being addressed.

Recommendation: The Audit Office recommends that the Ministry engage the Attorney General on the possibility of private action to recover the outstanding sum. (2009/139)

265. A verification of the works in relation to the rehabilitation of the Yarakita Police Station, Region 1 - Barima/Waini, revealed that the quantities for items under this contract were over measured and this resulted in overpayment to the contractor in the sum of $\$ 508,700$. ## PROGRAMME 2 - GUYANA POLICE FORCE

## Current Expenditure

## Prior year matters, which have not been resolved

267. The Guyana Police Force (GPF) has still not reached a consensus with the Ministry of Finance on provisions for the purchase of uniforms and other items of military kit, such as, boots, shoes, socks, belting, buttons and name tags, ribbons, etcetera, of which the Audit Office is of the opinion should not, as is presently the case, be included under Benefits and Allowances, for the following reasons:-
(a) Benefits or allowances as an accounting concept connotes the receipt of cash or kind by a payee for his or her use or consumption;
(b) The GPF stockpiles uniform material and other associated components, which are not utilised specifically in the period of purchase, but over a number of years;
(c) The kit remains the property of the Guyana Police Force and must be surrendered by the recipients at the end of their tenure; and
(d) The budgetary arrangements for Guyana Defence Force (GDF), a member of the Joint Services of which the GPF is a part, require charges for similar acquisitions to be included under Other Operating Expenses (Other).
268. During the period under review, the Force made purchases of uniform and related accessories amounting to $\$ 280.210 \mathrm{M}$. Similar observations were made in relation to transactions for 2008 where purchases made amounted to $\$ 378.692 \mathrm{M}$

Police Force's Response: The Finance Officer explained that the Director of Budget was written to in relation to this matter and the Guyana Police Force is still awaiting a directive.

Recommendation: The Audit Office recommends that the Guyana Police Force take affirmative follow-up actions to resolve this matter, given the protracted period over which it was referred to the Ministry of Finance. (2009/140)
269. At the time of inspection, 120 payment vouchers totalling $\$ 23.463 \mathrm{M}$ were not presented for audit scrutiny. As a result, the scope of the audit was limited and a determination could not be made as to the propriety of the payments or whether value was received for the money spent. A similar situation existed in 2008 where one hundred and thirty-three vouchers totalling $\$ 74.180 \mathrm{M}$ were not provided and remains outstanding to date. There were also eighteen vouchers valued at $\$ 1.528 \mathrm{M}$ and twenty vouchers totalling $\$ 5.418 \mathrm{M}$, together with documentation in support of vouchers totalling $\$ 12.7 \mathrm{M}$, which remain outstanding for the respective years 2007 and 2006. As a result, the propriety of the expenditure or whether value was received for the sums expended could not be ascertained.

Police Force's Response: The Finance Officer explained that efforts are ongoing to locate these vouchers and have them presented to the Auditor.

Recommendation: The Audit Office recommends that the Guyana Police Force take all necessary measures to review the controls in relation to the accounting for vouchers and ensure the security and retention of all vouchers for audit examination. (2009/141)
270. The Guyana Police Force had six fuel accounts with the GUYOIL. At the end of the period under review, there were four accounts where there were overpayments totalling $\$ 16.002 \mathrm{M}$, one account where amounts totalling $\$ 171,919$ was due to the supplier and another with a zero balance. This situation resulted in a net misstatement of expenditure in the Appropriation Accounts in the sum of $\$ 15.831 \mathrm{M}$. The following are details:

| Location | Amount <br> $\$$ |
| :--- | :---: |
| Providence Terminal | $(13,346,414)$ |
| GUYOIL Adventure | 171,919 |
| GUYOIL Heathburn | $(2,655,819)$ |
| GUYOIL Morawhanna | $-(192)$ |
| GUYOIL Regent Street | $(1)$ |
| GUYOIL Providence Station | $(15,830,507)$ |
| Total |  |

271. There was also a failure to adhere to the requirements of the Procurement Act (2003) during the acquisition of fuel and lubricants, for which amounts totalling $\$ 256.629 \mathrm{M}$ were expended. There were similar breaches in the preceding accounting period in relation to the purchase of fuel.

Police Force's Response: The Finance Officer explained that the procurement of fuel is done only on prepayment basis and not on credit.

Recommendation: The Audit Office recommends that the Guyana Police Force take action to (a) introduce measures for strict control over acquisitions of fuel; and (b) ensure that systems are put in place to avoid future breaches of the Procurement Act 2003 and its Regulations, specifically as it relates to the limits of authority with regard to the procurement of goods and services. (2009/142)

## Current year matters, with recommendations for improvement in the existing system

272. Amounts totalling $\$ 158,160$ representing refunds, unpaid allowances and travel and subsistence for the year 2009 were only refunded to the Consolidated Fund in April 2010. This amount should have been refunded to the Consolidated Fund in keeping with the requirements of the FMA Act.

Police Force's Response: The Finance Officer explained that this lapse is regretted and system has been put in place to prevent any future occurrences.

Recommendation: The Audit Office recommends that the Guyana Police Force ensure that all unspent balances of public moneys are refunded to the Consolidated Fund at the close of the financial year in accordance with Section 43 of the FMA Act. (2009/143)
273. During the period under review, the Guyana Police Force suffered a loss of cash from its Finance Office, Eve Leary in the sum of $\$ 3.547 \mathrm{M}$. The table below gives details of the composition of the loss.

| Description | Affected <br> persons | Amount <br> $\$$ |
| :--- | :---: | :---: |
| 6\% Increase to inactive personnel | 201 | $1,903,769$ |
| 6\% Increase on pensions | 82 | $1,054,095$ |
| One-off payment to active personnel | 8 | 337,858 |
| 6\% to active personnel | 11 | 168,587 |
| One-off payment to Constabulary | 4 | 52,636 |
| Musketry | 2 | 30,000 |
| Total | 308 | $3,546,945$ |

274. The loss occurred when a person or persons unknown accessed a strong box within the cashier cage, designated "Cashier 3" at the Finance Office and removed some components of payrolls kept in the strong box. A post loss audit found the following internal control weaknesses, viz.
(a) Records were not maintained of daily checks carried out on Cashiers 2 and 3;
(b) In terms of responsibility, Cashiers 2 and 3 were functional in the Salaries Section, while performing duties as cashiers. This obvious lack of proper segregation of duties created possibilities for the perpetration of fraud or other irregularities, since the preparation of payrolls was not separated from the payment of related cash;
(c) A significant amount of salaries, pensions, etcetera were paid in cash, contrary to the requirement articulated by the Ministry of Finance for minimized cash payments;
(d) The duties relating to the holding of keys to the safes in Cashiers 1 and 2 were segregated, but a record was seen to support the arrangements for only Cashiers 1. In relation to Cashiers 3, the keys to both the cage and the canister were in the possession of one officer. There was also no record of this arrangement; and
(e) It is the requirement for a record to be kept of all monies and items lodged in vaults, safes, strong boxes and canisters, but such records were not maintained in respect of such facilities at the Finance Office.

Police Force's Response: The Finance Officer explained that the loss has been verified by the Audit Department and stricter control measures have been implemented.

Recommendation: The Audit Office recommends that the Guyana Police Force take urgent measures to (a) maintain records of daily checks undertaken on cashiers and of contents of safes; (b) provide a basis for adequate segregation of duties; and (c) minimize cash payments to an acceptable level in keeping with the recommendations of the Ministry of Finance. (2009/144)
275. Contrary to circularised instructions, which require that historical records and log books be kept for each vehicle owned and /or operated by the Guyana Police Force to record the cost of maintenance and pertinent information required of the records. However, of the 398 motor vehicles under the control of the Force, seven historical records and seventy log books were not presented for audit scrutiny. In the circumstances, there was no basis of evaluating whether the vehicles were operating efficiently or economically and the journeys undertaken were properly authorised.

Police Force's Response: The Finance Officer explained that efforts are ongoing to have the books presented for inspection.

Recommendation: The Audit Office recommends that the Police institute measures to comply with the requirement for maintaining these records with all the relevant information. (2009/145)
276. The overseas calls register was not properly maintained, since pertinent information, such as, telephone numbers, persons initiating calls, nature of calls, details of refunds for private calls and evidence of supervisory checks. As a result, the related information was not discerned as it relates to overseas telephone calls made during the period.

Police Force's Response: The Finance Officer explained that this lapse is regretted and the register has since been updated.

Recommendation: The Audit Office recommends that the Police take corrective action to have this record properly written up in accordance with Stores Regulations №s 26 and 29. (2009/146)
277. Amounts totalling $\$ 32 \mathrm{M}$ were paid for water charges during the period under review. However, the Force failed to maintain a register that would establish a basis for reconciliation with the supplier.

Police Force's Response: The Finance Officer explained that the Force expresses regret at this lapse and has since updated the register.

## Police Stations

278. Audits conducted at the Kitty and East La Penitence Police Stations revealed cash shortages in relation to bail moneys lodged. The shortage at the Kitty Station amounted to $\$ 58,500$, while there was a deficiency of $\$ 982,000$ at East La Penitence and this was the subject of a matter being investigated by the Criminal Investigation Department.

Police Force's Response: The Finance Officer explained that the matter at Kitty was very old and details were hazy. However, in the case of East La Penitence, restitution was made of \$867,525.

## Prior year matters, which have not been resolved

279. Applications submitted for the registration of business names continued to be misplaced and there was no evidence of supervisory checks in the registers at the Deeds Registry. During the reporting period, 1,438 applications were received for registration of business names. Of these, seventy-seven were not presented for audit scrutiny. Similarly, for the respective years 2006, 2007, and 2008 the Department failed to present eighty-one, 130 and fifty-five applications. As a result, the fees payable on these applications could not be verified.

Ministry's Response: The Ministry has explained (a) eight, eighty-nine, twenty-seven and thirtyone applications for the respective years 2006, 20072008 and 2009 (b) work is in progress to locate the outstanding applications to have them presented to the auditors. A system was established for regular supervisory checks to be done by supervisors and the evidence of such checks would be reflected in the columns provided in the record.

Recommendation: The Audit Office recommends that the Head of Budget Agency ensures that all applications are preserved after registration, systems that are put in place to effect supervisory checks are maintained thus ensuring full accountability for revenues collected. (2009/147)
280. The Department was still in arrears in the processing of applications for Trademarks. During the reporting period, 484 applications were received but only thirty-four certificates were issued. In the previous accounting period a total of 611 applications were received, and fiftyseven certificates were issued in respect of these applications. In 2007, certificates were still not issued for 460 applications. Certificates were still to be issued for applications of Trademarks made since 2002.

Ministry's Response: The Ministry has explained that work is still in progress.
Recommendation: The Audit Office recommends that the Head of Budget Agency do all that is necessary to have the processing of Trade Marks brought up to date, so that specific companies can use legally registered names or symbols to identify products, apart from that of other manufacturers. (2009/148)
281. The State Solicitor bank account № 120 was last reconciled for May 2006, and as at 31 December 2009, the bank account reflected a balance of $\$ 52.439 \mathrm{M}$, while the cashbook balance was $\$ 42.870 \mathrm{M}$. In relation to the cash book, this was last written up on 31 August 2010 and several unsatisfactory features were observed. In this regard, the bank and cash columns in the cash book were not drawn up to separately identify sums on hand and disposal of collections of cash either by payments or deposits to the bank account.

Ministry's Response: The Head of Budget Agency explained that the bank and cash columns are now segregated to reflect receipt, disposal and cash and bank balance.
282. The cash book for the Official Receiver bank account № 330, which had a bank balance of $\$ 9.573 \mathrm{M}$ at 31 December 2009, written up to August 2010 and was reconciled for the year under review.

Ministry's Response: The Head of Budget Agency explained that the cash book is written up as at 31 August 2010. Reconciliation was done as at July 2010, cash on hand and cash at bank columns of the cash have been segregated, deletions of entries are now initialled.
283. In relation to the rental of the First Federation Building which is controlled by the State Solicitor's Office, there were twenty six tenants occupying the building during the period under review. However, seven had no tenancy agreements and sixteen had agreements which had expired since 2000. At the time of reporting, there was also evidence that rent was in arrears in the amount of $\$ 5.677 \mathrm{M}$ for the period under review. Although notifications were sent to the defaulting tenants there were no improvements or positive results to clear same.

Ministry's Response: The Head of Budget Agency explained that the Tenancy Agreements Register was updated to August 2010. Efforts are being made to have delinquent tenants to honour their obligations.

Recommendation: The Audit Office recommends that the Ministry discuss with the Attorney General the possibility of recovering the outstanding rent from defaulters through the legal process. (2009/149)
284. In accordance with Section 153(1) and (2) of the Companies Act of 1991, Companies are required to file annual returns from the year following its incorporation and to pay a filing fee of $\$ 800$. Any failure in this regard, carried a penalty of being struck off the companies register and being deemed an invalid Company. During the reporting period, 244 Companies were registered and certified whilst 235 Companies registered in 2008 were required to file returns. However, eighty-seven were struck off of the register, seventeen were compliant and 121 remained in default resulting in revenue loss amounting \$174,400.

Ministry's Response: The Head of Budget agency explained that notices were sent to 235 defaulting companies to file returns. To date seventeen have complied and 218 were struck off the register.
285. A similar observation was made in relation to Companies registered in previous years, particularly those for the year 2007, where 245 returns were required to be filed in 2008, but no returns were filed. There was evidence to indicate that notices were sent to the defaulting Companies resulting in fourteen returns being subsequently filed in 2009. The current state of affairs results in the loss of revenue due to failure to file returns by the delinquent Companies.

Ministry's Response: The Head of Budget Agency explained that of the 242 defaulting companies fourteen are in compliance whilst 228 were struck off the register.
286. Amounts totalling $\$ 1.595 \mathrm{M}$ were expended on Fuel and Lubricants for the year under review. However, contrary to the established cash based method of procurement, the Ministry purchased fuel on credit from a local provider. Further, of the two vehicles for which log books were required to be maintained only one log book was presented for audit scrutiny. Hence, it could not be determined if the journeys undertaken were authorised. As was noted in previous years, fuel consumption was still not evidenced in log books for the Ministry's vehicles.

Ministry's Response: The Head of Budget Agency explained that a request was made to the Accountant General (ag) for a cheque order system to be put in place to purchase fuel. Such system will eliminate credit purchase.

Recommendation: The Audit Office recommends that the Ministry of Legal Affairs put measures in place to ensure that fuel purchased was properly accounted for in vehicle log books. (2009/150)
287. Further, a list of all serviceable vehicles owned by the Ministry was also requested for audit examination by the auditors but to date this has not been presented.

Ministry's Response: The Head of Budget Agency explained that the list of serviceable vehicles are submitted for audit.
288. An examination of the vouchers related to the year 2009 had revealed the existence of poor segregation of duties, in that, one officer was observed to have conducted interrelated activities, such as, signing, certifying and approving payments. Similar observations were made in relation to transactions for the year 2008.

Ministry's Response: The Head if Budget Agency explained that this practice has ceased and segregation of duties is maintained.
289. The Ministry still has not made the outstanding payment to the local telecommunication provider for the acquisition of a telephone system which cost $\$ 424,369$. This purchase had required the approval of the Ministerial Tender Board, but this was not obtained.

Ministry's Response: The Head of Budget Agency explained that this amount is a previous year liability. Same was sent to the Finance secretary as unpaid account, for direction in respect of payment.

## Current year matters, with recommendations for improvement in the existing system

290. Paychange directives were not forwarded in a timely manner to the Accounting Department to enable changes to be made to the payroll. This resulted in the overpayment of salaries to eight officers in the amounts $\$ 199,195$ and deductions totalling $\$ 31,515$ being paid over to various Agencies after they ceased to be employed.

Ministry's Response: The Head of Budget Agency explained that due to untimely receipt of termination notices, salaries were already paid to the banks, thus causing the overpayment. Notices will be sent to the banks and former staff members to recover the excess.

Recommendation: The Audit Office recommends that the Ministry take appropriate action to recover sum overpaid and ensure that a system is put in place to facilitate the timely submissions of pay changes to the Accounts Division. (2009/151)
291. An examination of the NIS contribution schedules revealed that there were twenty-one instances where the employees were without NIS numbers. Of the twenty-one, one was employed in 2005 and six were employed in 2008. It should be emphasised that registration with the Scheme has implications for Social Security and other benefits. An examination of the register of contributions also revealed that deductions were made from an employee and the amount was not remitted to NIS.

Ministry's Response: The Head of Budget Agency explained that to date twenty out of twentyone numbers were received and would be inputted on the payroll. One person resigned on the 27 July 2009. New entrants will be required to submit NIS number before salary is processed.

## Stores and Other Public Property

292. The Stores Regulations provided for the maintenance of bin cards as an independent check on the Stock Ledger. However, examinations carried out in July 20, revealed that the bin cards for the stores were not kept and the stock ledger was not written up when items were received and issues were made from the stores. Further, a physical count revealed twenty-two instances of shortages and five cases of excesses, items which became obsolete due to the upgrading of equipment by the Ministry remained in the stores. The items kept in the stores were not easily accessible and were not labelled and packed on shelves.

Ministry's Response: The Head of Budget Agency explained that (a) bin cards were not in use to record stores acquired and this system is now being put in place, (b) reconciliation was done and all items of stores are accounted for, and (c) items are properly sorted and labelled.

Recommendation: The Audit Office recommends that the Ministry adhere to the requirements of the Stores Regulations as it relates to the accounting for items of stock. (2009/152)

## Capital Expenditure

## Prior year matters, which have not been resolved

293. For the period under review, the Ministry still has not presented the payment vouchers totalling $\$ 1.707 \mathrm{M}$ that were not presented for audit scrutiny. In the circumstances, the propriety of these payments could not be determined and it could not be ascertained whether value was received for the amounts expended. There were also two payment vouchers valued at $\$ 3.964 \mathrm{M}$ for the 2007, which are still outstanding.

Ministry's Response: The Head of Budget Agency explained that a written request was made to the Accountant General (ag) for vouchers to be presented for audit and are still awaiting a response.
294. The Ministry acquired seven air conditioning units, fifteen chairs with arms, three executive chairs, a photocopier, one circular suite, a carpet and other items of office furniture and equipment at a cost of $\$ 8.425 \mathrm{M}$. However, the items were not inventoried nor marked in order to indentify the items as Government property. A similar situation existed in the previous reporting period and is yet to be corrected as indicated by the Head of Budget Agency.

Ministry's Response: The Head of Budget Agency explained that all assets were inventorised, marked in order to be easily identified as Government property.

## Prior year matters, which have not been resolved

295. The bank reconciliation statement of the salaries bank account № 688-306-0 continued to reflect an unresolved difference of $\$ 12.635 \mathrm{M}$ as at 31 December 2009. There was also one stale dated cheque to the value of $\$ 61,526$ reflected on the statement and this cheque was written in January 2009.

Defence Force's Response: The GDF has been unable to reconcile the difference mentioned as a result of the absence of records which would have aided the process. However, perusal of available records revealed certain errors contributed to this situation. Overpayments identified accounted for approximately $\$ 4 \mathrm{M}$ of the irrecoverable amount. One stale dated cheque was on hand in the sum of $\$ 61,526$ was cancelled and returned to revenue.
296. A review of the salaries cash book revealed that the required "nil" balance was not achieved in 2009. The failure to maintain this control mechanism over the payment of wages and salaries resulted in unexplained amounts being retained in the account. As at 31 December 2009, the cash book reflected an overstated balance of $\$ 968,544$.

Defence Force's Response: The Head of Budget Agency explained that this amount was an overstatement. The cheque № 790297694 for an amount of $\$ 968,544$ was written and recorded in the salaries cash book when there was no money in the account to facilitate the payment. A deposit the following day however facilitated the payment.

Recommendation: The Audit Office recommends that the Guyana Defence Force continue to enforce corrective action to ensure that the accounting control mechanism of "nil" balances is achieved consistently throughout the year. (2009/153)
297. As was the case in previous years, the Guyana Defence Force has still not taken strict action to institute supervisory controls to correctly categorise expenditure since during the year under review the acquisition of computers and processors, printers, fax machines, a photocopier and scanners to the value of $\$ 2.853 \mathrm{M}$ were incorrectly charged to Equipment Maintenance.

Defence Force's Response: The Head of Budget Agency explained that this was an oversight. The G.D.F has placed better supervision over this process hence there has been improvements.
298. The presentation of $\log$ books for vehicles and other equipment continued to be most unsatisfactory. In 2008, non compliance was rated at $65 \%$. For the year under review, log books were not presented for forty-two of the 104 serviceable vehicles. This represents $40 \%$ of the vehicles and equipment requiring such records.
299. In addition, historical records for thirty-four vehicles were also not presented for audit scrutiny. In the absence of these records, it could not be determined
(i) whether the journeys undertaken were properly authorised and whether effective control was exercised over their use; and
(ii) the quantity of fuel and lubricants utilised and the repairs and maintenance costs expended on each vehicle.

Defence Force's Response: The Head of Budget Agency explained that log books have been assigned to all vehicles. However, the G.D.F was not very efficient in signing off the records at year end and issuing new ones; hence the shortfall of forty-two log books. Efforts have been made to correct this anomaly.

Recommendation: The Audit Office again recommends that the Guyana Defence Force initiate follow up measures to ensure strict compliance with Sections 26 and 29 of the Stores Regulations with regards to the maintenance of log books and historical records for all vehicles requiring such records. (2009/154)
300. Cheque orders are required to be cleared within sixteen days after their issue through the submission of bills, receipts and other supporting documents. Based on a review carried out, these were being cleared on an average of two and one-half months later than required. A significant amount of outstanding cheque orders were cleared as a result of an exercise undertaken by the GDF. Notwithstanding, the following is a summary of the cheque orders that remain outstanding to the time of reporting.

| Year | № of Cheque <br> Orders | Value <br> $\$ ’ 000$ |
| :---: | :---: | :---: |
| 2008 | 222 | 884,184 |
| 2009 | 16 | 8,601 |
| Total | 238 | 892,785 |

Defence Force's Response: The Head of Budget Agency explained that the G.D.F is making every effort to have the cheque orders cleared within the stipulated sixteen day period. This exercise is being carried out and also being verified by the auditors.
301. In 2004, upon the introduction of the IFMAS, the Ministry of Finance urged that cash payments of salaries be minimised and that a phased approach be taken towards including all employees under the bank deposit system. However, cash payments were still made to some employees. For the reporting period there were cash payments totalling $\$ 152.605 \mathrm{M}$ whilst in 2008 such payments amounted to $\$ 195.361$ M. At the time of reporting, cash payments had been further reduced to $\$ 44 \mathrm{M}$.

Defence Force's Response: The Head of Budget Agency explained that the G.D.F has made significant efforts to bring cash salaries as close as possible to nil and this process is ongoing.

Recommendation: The Audit Office recommends that the Guyana Defence Force continue to vigorously work towards minimising the payment of salaries by cash and implement fully the bank deposit system as stipulated by the Ministry of Finance circular № 3/2003 dated 29 September 2003. (2009/155(a))
302. At the time of reporting on the 2008 accounts, 145 employees were without NIS numbers. However, fifty-nine have now been registered. The situation has not been fully corrected since for the year under review, forty-eight employees were without NIS numbers bringing the outstanding number of persons still to be registered with the NIS to 114. It should be emphasised that registration with the National Insurance Scheme has implications for social security and other benefits for the employees therefore steps should be taken to have the employees registered without delay.

Defence Force's Response: The Head of Budget Agency explained that the strong action has been taken as it relates to this issue. The G.D.F has taken the position that will see persons being employed only after they are properly documented with this entity. In the case of younger persons/recruits, measures are put in place to have them documented in a timely manner. In relation to 2008, fourteen persons have since been documented while for 2009, the situation remains the same with four persons no longer being within the employ of the G.D.F.
303. The Guyana Defence Force has still not corrected the defective system of bringing to account in the stock ledgers fuel and lubricants purchased. During the period under the review, amounts totalling $\$ 385.466 \mathrm{M}$ were expended on fuel received by headquarters and fuel distributed to divisions.

## Current year matters, with recommendations for improvement in the existing system

304. Separate and apart from the cheque ordered vouchers that remained un-presented, there were 374 payment vouchers totalling $\$ 464.300 \mathrm{M}$ that were not submitted for audit examination. As a result, the accuracy of the transactions and whether the GDF received value for the sums expended could not be determined. The following are details: -

| Line Item | № of <br> Vouchers | Amount <br> $\$ ’ 000$ |
| :--- | ---: | ---: |
| Materials, Equipment and Supplies | 40 | 231,181 |

| Transport, Travel and Postage | 69 | 11,505 |
| Utility Charges | 10 | 22,389 |
| Other Goods and Services Purchased | 53 | 28,208 |
| Other Operating Expenses | 129 | 72,792 |
| Training Including Scholarships | 28 | 7,043 |
| Total | 374 | 464,300 |

## Capital Expenditure

## Current year matters, with recommendations for improvement in the existing system

305. In relation to capital expenditure, seventy-nine vouchers were either not presented for examination or were found to be defective, that is, without bills or other supporting documents.
306. These circumstances frustrated the audit process, since the completeness and accuracy of the transactions could not be determined. Further, the unavailability of the payment vouchers resulted in physical verification exercises not being conducted and as such an opinion could not be reached as to the validity of the expenditure, including whether value was received for the amounts expended by the Guyana Defence Force under the capital programmes, as specified in the National Estimates for the year under review. The table below gives details of both issues relating to the vouchers surrounding the expenditure:

| Line Item | Defective <br> Vouchers |  | Unpresented Vouchers |  | Total |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |

| Total | 12 | 8,017 | 67 | 141,036 | 79 | 149,053 |

Defence Force's Response: The Head of Budget Agency explained that the G.D.F has undertaken a verification exercise to determine the validity of this query and will make every effort to have it resolved satisfactorily and in a timely manner.

Recommendation: The Audit Office recommends that the Guyana Defence Force take all necessary measures to locate the missing vouchers, while reviewing the controls exercised over all vouchers, so that corrective action could be taken to ensure that vouchers are properly secured for audit and the retention period. (2009/155(b))

# AGENCY 55 <br> SUPREME COURT 

## Current Expenditure

## Prior year matters, which have not been resolved

307. There continued to be several apparent irregularities pending before the Court or with the Police. These irregularities were uncovered at various magisterial districts during 1995 to 2001 and were valued $\$ 22.509 \mathrm{M}$. At the time of reporting this position remained the same.

| № | Year | Magisterial Courts <br> /Districts | Nature of Apparent Irregularity | Amount <br> $\$$ |

| 11 | 2000 | Berbice | Short banking | 5,000 |
| 12 | $2000 / 01$ |  | $2,149,204$ |  |
| Total |  |  | $2,509,129$ |  |

Department's Response: The Head of Budget Agency has indicated that matters at Nos $1 \& 3$ to 7 are still being investigated by the police, №s 2,11 , and 12 charges were laid and are still pending trial while №s 8 to 10 were dismissed. Also, the Court is pursuing these matters with the relevant authorities to this end. A letter was sent to the Permanent Secretary, Ministry of Home Affairs as was advised by the PAC.

Recommendation: The Audit Office again recommends that the Department take vigorous follow-up action with the relevant agencies with a view to bringing closure in these matters. (2009/156)
308. In 2009, there were seven instances where pay change directives for resignations, retirements and dismissals were forwarded late to the Central Accounting Unit of the Department resulting in overpaid net salaries totalling $\$ 129,955$ and deductions amounting to $\$ 7,128$ giving a total overpayment of $\$ 137,083$. A similar situation occurred in 2008, where late pay change
directives for eleven officers resulted in overpaid salaries totalling $\$ 141,307$, which has not been refunded to date.

Department's Response: The Head of Budget Agency explained that the Personnel Department along with all Heads of Department are closely monitoring staff changes which are reported immediately to the accounts Department for action.

Recommendation: The Audit Office recommends that the Department take immediate steps to have amounts overpaid recovered, while ensuring that systems are put in place to avoid recurrences. (2009/157)
309. To date amounts totalling $\$ 441,150$ have not been recovered, even though indentified during audits conducted for the year 2008 as overpayments on measured works, which resulted from the following:
(a) A sum of $\$ 258,150$ was overpaid in relation to the fencing of the Blairmount Magistrate Court. The works formed part of a contract awarded in the sum of $\$ 838,486$ for repairs to the exterior of the court. The table below gives details of the overpayment:

| Item | Description | Unit | Actual | Paid | Excess | Rate <br> $\$$ | Amount <br> Overpaid <br> $\$$ |
| :---: | :--- | ---: | ---: | ---: | ---: | ---: | ---: |

| Total |  |  |  |  |  |  |  |

(b) Rehabilitation of Vigilance Magistrate Court was done under a contract in the sum of $\$ 918,060$. These works included the rehabilitation of the windows. Calculations based on measurements that were taken on site revealed overpayment in the sum of $\$ 106,000$ as set out in table below:

| Item | Description | Unit | Actual | Paid | Excess | $\begin{gathered} \text { Rate } \\ \$ \end{gathered}$ | Amount Overpaid \$ |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |

| Total |  |  |  |  |  |  | 106,000 |

(c) Measurements on a fence at Vigilance, for which a contract in the sum of $\$ 858,792$ was awarded for its construction, revealed that there was overpayment to the contractor in the sum of $\$ 77,000$ as follows:

| Item | Description | Unit | Actual | Paid | Excess | Rate <br> $\$$ | Amount <br> Overpaid <br> $\$$ |
| :---: | :--- | :---: | :---: | :---: | :---: | :---: | :---: |

| 2.10 | Chain Link Mesh | sy | 148 | 158 | 10 | 800 | 8,000 |
| Total |  |  |  |  |  |  |  |

Department's Response: The Head of Budget Agency indicated that a letter dated 20 August 2010, has been sent to the Consultant informing him that the overpaid amounts will be deducted from future payments.

Recommendation: The Audit Office recommends that the Ministry make every effort to have outstanding amounts recovered, while implementing stricter controls over the supervision and certification of works. (2009/158)
310. According to the Collectors Cash Book/Statement, Fees, Fines and Seizures totaling $\$ 155.434 \mathrm{M}$ were received in 2009. However the collection of this revenue was not supervised, in that, evidence of supervisory checks were not seen in the fines register. Efforts were made to update the fines register with effect from January to June 2009 while the July to December 2009 is currently been updated.

Department's Response: The Head of Budget Agency has indicated that the fines register is now being checked and signed by the various Clerks of Court. Also the warrants register is recorded with all warrants and is updated whenever the warrants are executed and returned by the police department.

Recommendation: The Audit Office again recommends that the Department continues to institute measures to guarantee the completeness and accuracy of all register and records. (2009/159)

## Magisterial Districts

## Case Jackets

311. The filing of affiliation, criminal and civil case jackets at the Georgetown, West Demerara and East Demerara Magisterial Districts continued to be disorganized with a number of case jackets being misplaced or filed at different locations and the register of case jackets not containing any information to this effect. For the current reporting period, the respective amounts of affiliation, civil and criminal cases filed at the Georgetown Magisterial District amounted to 880, 1,063 and 14,056. Of these amounts, the jackets of sixty-nine affiliation, thirty-two civil and 430 criminal cases were not presented. Similarly, for the preceding period twenty-six affiliation, thirty-seven civil and 457 criminal case jackets were not presented and are still outstanding to date.

Department's Response: The Head of Budget Agency has indicated that the Supreme Court has instituted Transfer and Movement Registers which are being updated on a regular basis, to monitor all case jackets.

Recommendation: The Audit Office again recommends that the Department do all that is necessary to locate the missing jackets and to have them presented for audit examination. (2009/160)

## Current year matters, with recommendations for improvement in the existing systems

312. Examination of log books for the four vehicles under the control of the Department revealed that there was no evidence that the journeys undertaken were authorized, since the signature of the person(s) that exercised control over these vehicles was (were) not affixed to the record. In a related matter, the departure and arrival times were also not included for three vehicles, while the record for the remaining vehicle had this information only for the period September 2009 to December 2009.

Department's Response: The Head of Budget Agency has acknowledged this finding.
Recommendation: The Audit Office recommends that the Department take immediate steps to ensure that the log books are written up to reflect all information required of the record as evidence of control over the use of vehicles, and to facilitate the preparation and submission to the Public Service of the required monthly summaries of fuel utilisation by vehicles as compared to the number of miles ran. (2009/161)
313. Items of a capital nature such as stand fans, fridge, televisions and kettles, which had a total value of $\$ 1.972 \mathrm{M}$, were acquired from the department's current provision.

Department's Response: The Head of Budget Agency explained that the items purchased from current expenditure would have been an oversight.

Recommendation: The Audit Office recommends that the Department budget for acquisitions of a capital nature under its capital budget or take steps to utilize the available facility where virements from current provisions could be sought to improve any deficiencies under its capital provisions. (2009/162)

## Capital Expenditure

## Prior year matters, which have not been resolved

314. The Department failed to observe the provision of the Procurement Act (2003) in the acquisition of office furniture and equipment, such as, filing cabinets, desks and chairs, fax machines and air conditioning units, which had an aggregate cost of $\$ 2.242 \mathrm{M}$. In the preceding financial year a similar breach was observed, when two digital copiers valued at $\$ 1.860 \mathrm{M}$ were purchased without such approval.
315. In a related matter, seven instances were recorded where the purchase of office furniture and equipment valued at $\$ 2.7 \mathrm{M}$ were split to avoid adjudication at the level of the Departmental Tender Board. Such practices were noted in findings for the year 2008, when the acquisition of two computers and two processors that had an aggregated cost of $\$ 2.044 \mathrm{M}$ were subdivided to allow approval at the level of the Departmental Tender Board. The following are details of the most recent occurrence.

| Total |  |  |  |  |

Department's Response: The Head of Budget Agency acknowledged these discrepancies and has (a) promised to comply with the Procurement Act 2003 and all other regulations to ensure that such breach do not occur in the future; (b) indicated that the purchases were urgent and no DTB was in place.

Recommendation: The Audit Office again recommends that the Department adhere strictly to the requirements of the Procurement Act and Regulations regarding tender procedures and competitive bidding. (2009/163)

## AGENCY 71 <br> REGION 1 - BARIMA/WAINI

## Current Expenditure

Prior year matters, which have not been resolved
316. The Regional Administration has still not taken appropriate measures to recover related deductions in respect of unpaid salaries for the years 2006, 2007 and 2008. During 2009, amounts totalling $\$ 6.404 \mathrm{M}$ were refunded to the Sub-Treasury as unclaimed net salaries. In addition, amounts totalling $\$ 1.051 \mathrm{M}$ representing deductions paid over to the various agencies have not been recovered. It was noted that the relevant agencies were written to but there was only a promising response from the National Insurance Scheme. It should be emphasised that the failure to recover the deductions would result in over-payments to the various agencies and a corresponding over-statement of the Appropriation Accounts.

Region's Response: The Head of Budget Agency has indicated that in addition to writing the agencies concerned, the Region has commenced visiting these agencies, requesting refunds of the amounts overpaid, but there has been no response.

Recommendation: The Audit Office once again recommends that the Regional Administration renew its efforts to recover the amounts overpaid. (2009/164)
317. The Regional Administration has still not put mechanisms in place to ensure that cheque orders are carefully monitored and cleared within the stipulated time-frame through the submission of bills, receipts and other supporting documents. At the time of reporting, it was noted that 1,768 cheque orders valued at $\$ 747.256 \mathrm{M}$ remained outstanding for the years 20042009 as shown below: As a result, it could not be ascertained whether the Region received full value for all monies expended.

| Year | No of <br> Cheque Orders | Amount <br> $\$ ’ 000$ |
| :---: | :---: | :---: |
| 2004 | 205 | 167,040 |
| 2005 | 555 | 175,281 |
| 2006 | 475 | 178,107 |
| 2007 | 295 | 121,125 |
| 2008 | 149 | 62,833 |
| 2009 | 89 | 42,870 |
| Total | 1,768 | 747,256 |

Region's Response: The Head of Budget Agency has indicated that the Region has enlisted the help of the Sub-Treasury to assist in locating these cheque orders.

Recommendation: The Audit Office once again recommends that the Regional Administration renew its efforts to clear these long outstanding cheque orders. (2009/165)
318. The Regional Administration has still not taken appropriate measures to monitor the purchase of fuel and lubricants. During 2009, amounts totalling $\$ 101.929 \mathrm{M}$ were expended on the purchase of fuel and lubricants for vehicles and equipment owned and controlled by the Regional Administration and the three electricity generating plants at Port Kaituma, Moruca, and Mabaruma. An examination of the related records revealed that:
(i) Purchases of diesel were delivered directly to the Mabaruma Power Plant when needed, and the remainder delivered to the Regional Stores. However, in respect of the diesel delivered to the Mabaruma Power Plant, the related receipts were not recorded in the stock records at the Regional Stores. Subsequent issues of diesel from the Regional Stores to the Power Plant could not be verified, since same was also not recorded in the stock records;
(ii) Seven purchases of fuel and lubricants were not brought to account on the bin cards; and
(iii) During 2009, seven contracts valued at $\$ 423,620$ were awarded to the same contractor for the transporting of 273 drums of fuel and eighty-three cases of lubricants. However, it could not be determined whether all the fuel purchased and contracted to be transported to the Regional Stores were actually received, since (a) all the fuel were not delivered at the same time and place, due to inadequate storage space as claimed by the Region (b) only the amounts actually delivered at the Stores were recorded in the stock records, whereas, fuel delivered after working hours were delivered directly to the Mabaruma Power Plant, which were not recorded in the Stores records and (c) as the need arose, the Regional vehicle and boat drivers were given slips of paper by the relevant authority to uplift fuel from the supplier, however, the fuel uplifted was also not recorded in the stock records.

Region's Response: The Head of Budget Agency has indicated that receipts and issues of dieselene are now being recorded in the relevant records. With regards to contracts for the transportation of fuel, this arrangement has ceased, since Guyoil has ceased its operation in the Region.

Recommendation: The Audit Office recommends that the Regional Administration ensures that proper systems are put in place when issuing of fuel to vehicles/equipment. (2009/166)
319. The Regional Administration has still not taken corrective measures to ensure log books are maintained for all vehicles and equipment owned and/or operated by the Region, while ensuring that all required information are at all times, recorded therein. In addition, the Regional Administration has still not implemented a historical record for each vehicle to record the cost of maintenance. During 2008, of the thirty-nine serviceable vehicles/equipment for which log books were required to be maintained, log books were only presented for twenty-five. Six log books have since been presented for audit examination, leaving eight still to be presented. Similarly, during 2009, log books were not presented for seven of the thirty-seven serviceable vehicles/equipment. Of the thirty log books that were submitted, only six covered the entire period under review. In my Report for 2007 and 2008, the Head of Budget Agency had indicated that corrective measures were being taken to remedy the situation; however, the situation remained the same. It must be mentioned that recommendations were made at PAC meetings to have all log books closed at the end of each year, properly secured and presented for audit scrutiny, when requested.

Region's Response: The Head of Budget Agency has indicated that improvement would be seen in the presenting and writing up of log books with the appointment of a Transport Officer, who will be responsible for ensuring that log books are kept and maintained.

Recommendation: The Audit Office recommends that the Regional Administration closes all log books at the end of each year and open new ones at the beginning of the year and that log books be properly secured and have same presented for audit examination when requested. (2009/167)

Region's Response: The Head of Budget Agency has indicated that the Regional Administration is in agreement with the overpayments and would be writing the contractors requesting refund of same.

Recommendation: The Audit Office recommends that the Regional Administration diligently pursue this matter with the contractors with the view of recovering the overpayments and put systems in place to avoid a recurrence. (2009/168)
321. Systems were still not put in place by the Regional Administration to account for revenues of the generation project, and have same paid into the Consolidated Fund. The Regional Administration subsidised the Port Kaituma and Moruca Sub-Regions with twenty and three drums of fuel respectively, per month, to operate their generators. In each case, these generators provided electricity to the residents. This process was administered over by Electricity Committees, which collected revenues from these residents. Except for the fact that an Assistant Regional Executive Officer was responsible for both plants, the Regional Administration did not exercise any supervision over the collection of revenues and the utilisation of same to purchase fuel.

Region's Response: The Head of Budget Agency has indicated that the Public Accounts Committee had advised that an Economic Project be set up in collaboration with the Ministry of Local Government and Regional Development. All revenues collected would have been paid over to this fund and all payments met there from. At the time of reporting this project has not been set up.

Recommendation: The Audit Office recommends that the Regional Administration pursue this matter with the Ministry of Local Government and Regional Development so that the Economic Project can be set up as soon as possible. (2009/169)
322. Expenditures in respect of the generation project are being recorded in a register on a summarised monthly basis. The expenditures could not be verified since payment vouchers are
not being prepared for payments made. However, a few bills/receipts and pieces of paper on which payments were purported to be made were presented for audit. Also, there was no evidence to show that payments made were properly authorised. As a result, the validity and accuracy of the payments made could not be determined.

Region's Response: The Head of Budget Agency has indicated that all payments are now properly vouched and authorised. The Assistant Regional Executive Officers of the Matarkai and Moruca Sub Regions who are ex-officio members of the Electricity Committee have been monitoring the operations of the generation project.

Recommendation: The Audit Office recommends that the Regional Administration ensures that all revenues collected are properly accounted for and all expenditures are properly authorised. (2009/170)
323. The Regional Administration has still not undertaken the exercise to install 300 meters purchased in June 2003 to provide electricity to the Regional Administration. At the time of the audit in April 2010 these meters were still in the Stores.

Region's Response: The Head of Budget Agency has indicated that these meters will soon be put in use with the completion of the Wauna Power Generation Project.

Recommendation: The Audit Office recommends that the Regional Administration ensures that these meters are installed as soon as possible. (2009/171)
324. During 2008, it was observed that payments in respect of Security Services were being made fifteen days within the bill month for services rendered for that said month. It was also observed that the number of guards working on any given shift was not stated and the Region paid for the full complement of eighty-two Security Officers each month. The Region does not have a security checker; as such, reliance was placed on the checks done by the security firm. Similarly during 2009, this situation continued with amounts totalling $\$ 37.358 \mathrm{M}$ expended on Security Services.

Region's Response: The Head of Budget Agency has indicated that regular checks are being made on security guards by officers of the Regional Administration and payments are made on the submission of invoices after the end of the month.

Recommendation: The Audit Office recommends that the Regional Administration ensures that security guards are only being paid for the number of guards and hours worked during the month. (2009/172)

325. During 2007, the Regional Administration purchased two 150KVA transformers and one 90 KVA generator to improve their power supply in the Wauna area. These items should have been installed since March 2010. However, audit checks carried out revealed that the transformer and the generator have not been installed. The Head of Budget Agency had indicated that because of some minor items that are needed and funds were not budgeted to purchase them, the equipment could not have been put into use in Wauna.

Region's Response: The Head of Budget Agency has indicated that the transformers and generator will soon be put into use with the completion of the Wauna Power Generation Project.

Recommendation: The Audit Office recommends that the Regional Administration ensures that these pieces of equipment are installed as soon as possible. (2009/173)

326. At the time of audit in May 2010, the sum of $\$ 5.392 \mathrm{M}$, representing $40 \%$ of the contract sum of $\$ 13.480 \mathrm{M}$ was paid in 2009 to the contractor as mobilisation advance for the construction of Nurse's Hostel at Mabaruma. The contract was awarded by the National Procurement and Tender Administration Board (NPTAB); however, the contractor failed to mobilize his materials and did not commence any work. Subsequently, another contract valued at $\$ 13.512 \mathrm{M}$ was awarded to another contractor by the NPTAB for the construction of the same Hostel. As at May 2010, the Regional Administration had still not recovered the mobilisation advance paid to the original contractor.

Region's Response: The Head of Budget Agency has indicated that the contractor is presently executing works on behalf of the Regional Administration, Region № 3, who has sums of monies owing to him. The contractor, vide letter dated 10 August 2010, has authorised the Regional Administration, Region № 3 to pay over to the Regional Administration, Region № 1 amounts totalling $\$ 5.392 \mathrm{M}$, representing the mobilisation advance to be recovered by the Regional Administration, Region № 1. 327. Stores records were not kept up to date for the receipt and issue of school furniture in the Mabaruma Sub-Region. Items were delivered directly to the schools and ISR's were then prepared. The store-keeper indicated that sometimes he is unaware of the quantity delivered to the schools.

Region's Response: The Head of Budget Agency has regretted this lapse and diligent efforts are being made to have all furniture or other items delivered directly to schools in the Mabaruma Sub-Region properly recorded in the relevant records.

Recommendation: The Audit Office recommends that the Regional Administration put systems in place to ensure that all items delivered to schools in the Mabaruma Sub-Region are properly recorded and accounted for. (2009/175)

Region's Response: The Head of Budget Agency indicated that letters were written to the contractors requesting refunds of the overpayments but there has been no response from the contractors.

REGION 4 - DEMERARA/MAHAICA

## Current Expenditure

## Prior year matters, which have not been resolved

344. The Personnel Section continued to forward pay changes directives in respect of resignations, transfers, dismissals and retirement to the Regional Accounting Unit in an untimely manner. As a result, overpayments totalling $\$ 5.105 \mathrm{M}$ were made to officers for the years 20062009. Amounts totalling $\$ 273,374$ were recovered from four officers in respect of the year 2008; leaving amounts totalling $\$ 4.832 \mathrm{M}$ still to be recovered as shown below. Similarly, the related deductions paid over to various agencies were also not recovered.

| Year | Salaries <br> Overpaid <br> $\$$ | Salaries <br> Recovered <br> $\$$ | Salaries <br> O/standing <br> $\$$ | Deductions <br> Paid over <br> $\$$ | Deductions <br> Recovered <br> $\$$ | Deductions <br> O/standing <br> $\$$ |

Region's Response: The Head of Budget Agency has indicated that advertisements were placed in the National Media for the officers overpaid to contact the Regional Administration on matters of mutual interest. Also, systems are now in place whereby pay changes are submitted in a timely manner to the Regional Accounting Unit.

Recommendation: The Audit Office recommends that the Regional Administration renew its efforts to recover the overpayments made and put measures in place to ensure that pay changes are submitted in a timely manner to the Regional Accounting Unit to avoid a recurrence of this nature. (2009/192)
345. Corrective measures were not implemented by the Regional Administration to have all of its employees registered with the National Insurance Scheme. For the year 2009, there were eighteen employees who were without NIS numbers, clearly indicating that they were not registered with the National Insurance Scheme as at December 2009. It should be emphasised that registration with the Scheme has implications for social security and other benefits.

Region's Response: The Head of Budget Agency indicated that two officers have since been registered, two have resigned and one has retired. With respect to the remaining thirteen, the necessary registration forms have been completed by the employees and have been submitted to NIS for processing. Also new employees would not be placed on the payroll unless they are registered with the Scheme.

Recommendation: The Audit Office recommends that the Regional Administration follow-up this matter with the National Insurance Scheme to ensure that all of its employees are registered with the Scheme. (2009/193)
346. Although the Regional Administration made some efforts to clear outstanding cheque orders, six hundred and forty-five cheque orders valued at $\$ 240.259 \mathrm{M}$ for the years 2006-2009 remained outstanding as at October 2010 as shown below:

| Year | № of Cheque Orders | Amount <br> $\$ ’ 000$ |
| :---: | :---: | :---: |
| 2006 | 52 | 13,522 |
| 2007 | 115 | 48,854 |
| 2008 | 95 | 66,876 |
| 2009 | 383 | 111,007 |
| Total | 645 | 240,259 |

Region's Response: The Head of Budget Agency indicated that reconciliation between the records of the Regional Administration and the Sub-Treasury are still ongoing to determine the exact number of cheque orders outstanding. Also, systems have been put in place whereby expeditors are not allowed to have more than seven cheque orders outstanding at any given time, and that Head Teachers are required to surrender all salary sheets/unpaid salaries within fourteen days from the date of issue.

Recommendation: The Audit Office once again recommends that the Regional Administration review its system with respect to the clearing of cheque orders and implement additional measures to have these cheque orders cleared within the stipulated timeframe. (2009/194)
347. The Regional Administration had still not recovered overpayment of $\$ 1.807 \mathrm{M}$, which was paid to the contractor for the rehabilitation of Clonbrook Nursery School Road in 2005. This was due to the contractor rehabilitating 590 feet of the said road instead of 975 feet, as was stated in the bill of quantities.

Region's Response: The Head of Budget Agency indicated that the contractor has since died.
Recommendation: The Audit Office recommends that the Regional Administration explore the possibility of recovering the overpayment from the deceased estate. (2009/195)
348. During 2008, amounts totalling $\$ 53.571 \mathrm{M}$ were expended on the purchase of Fuel and Lubricants. A physical verification of gasoline carried out in August 2009 revealed a shortage of 2,061 litres valued at $\$ 302,967$. Further, an examination of the Stock Ledgers revealed that they were not written up to date. As a result, it was extremely difficult and time consuming to arrive at a correct balance of fuel.

Region's Response: The Head of Budget Agency indicated that this shortage was investigated and the Storekeeper was severely reprimanded. The Stock Ledgers are now written up on a daily
basis. Further, fuel is no longer being stored by the Region, but is uplifted directly from GUYOIL service stations when required.

Recommendation: The Audit Office recommends that the Regional Administration carry out its investigation earliest and put the necessary systems in place to avoid a recurrence. (2009/196)

Current year matters, with recommendations for improvement in the existing system
349. Amounts totalling $\$ 9.997 \mathrm{M}$ were expended for vehicle spares and maintenance. Included in this amount is the sum of $\$ 3.3 \mathrm{M}$ which was expended on the purchase of vehicle spares and maintenance. However, an examination of the payment vouchers revealed that all the quotations received from suppliers and attached to the payment vouchers were fictitious.

Region's Response: The Head of Budget Agency indicated that quotations are now being sought from reputable suppliers.

Recommendation: The Audit Office recommends that the Regional Administration carry out an investigation into these fictitious quotations, earliest and put the necessary systems in place to avoid a recurrence. (2009/197)
350. Amounts totalling $\$ 5.714 \mathrm{M}$ were expended on Transport, Travel and Postage. Although the Region has its own fleet of vehicles at its disposal, still amounts totalling $\$ 2.5 \mathrm{M}$ were expended on the hire of vehicles by officers in the execution of their duties. Also, amounts totalling $\$ 1.4 \mathrm{M}$ were expended on the hire of boats for the transport of medical teams into the Demerara River when conducting medical outreach. An examination of the related payment vouchers revealed that all the quotations submitted by suppliers were fictitious.

Region's Response: The Head of Budget Agency indicated that an investigation would be carried out into the fictitious quotations and that quotations are now being sought from reputable suppliers. Also, the Region's vehicles are used as much as practicable, but are inadequate for the volume of work to be done, hence the need for the hire of vehicles.

Recommendation: The Audit Office recommends that the Regional Administration officers utilises its own fleet of vehicles as much as possible in the execution of their official duties and that an investigation be carried out, earliest into the fictitious quotations. (2009/198)
351. Amounts totalling $\$ 183.316 \mathrm{M}$ were expended for the provision of Security Services for the year under review. An examination of the payment vouchers revealed the following unsatisfactory features:

- there was no checker or system in place to verify the number of guards and hours actually worked;
- invoices were prepared and payments made for the full complement of guards without taking into consideration guards not reporting for duty and hours not worked; and
- the invoice for the month of May, 2009 was duplicated and attached to the payment voucher for June, 2009.

Region's Response: The Head of Budget Agency indicated that the Regional Administration has established a Security Department with a Supervisor and four Checkers who are required to prepare reports on the number of guards and hours worked. Based on the reports submitted, payments are affected.

Recommendation: The Audit Office recommends that the Regional Administration put the necessary systems in place to ensure that payments are made for services actually rendered. (2009/199)
352. Amounts totalling $\$ 10.610 \mathrm{M}$ were expended for Cleaning and Extermination Services. Included in this amount is the sum of $\$ 3.8 \mathrm{M}$ which was expended to exterminate termites and fumigate various schools. An examination of the payment vouchers revealed that all of the quotations attached were fictitious.

Region's Response: The Head of Budget Agency indicated that the Regional Administration has since engaged the services of a certified pre-qualified contracting service for cleaning and exterminating services.

Recommendation: The Audit Office recommends that the Regional Administration carry out an investigation into the fictitious quotations, earliest and put the necessary systems in place to avoid a recurrence. (2009/200)
353. As stated in my 2008 report, a supplier commenced supplying janitorial items to the Region in July 2009. During the period July to December, 2009 this was the main supplier of the aforementioned items to the Region. During this period the supplier supplied items in excess of $\$ 21 \mathrm{M}$. An examination of the purchase records and other relevant documents for 2009 revealed the following unsatisfactory findings:

- a supplier was created to supply the items to the Administration;
- fictitious quotations, identifying this supplier to be the lowest bidder, were obtained and attached to the payment vouchers;
- there were breaches in the procurement procedures;
- conflict of interest;
- personnel with the requisite knowledge and experience were not appointed to positions of Expeditor;
- monitoring of purchases were lacking;
- procedures outlined in the Stores Regulations were not adhered to;
- the goods received books and bin cards were not written up to date and there was no evidence of supervisory checks;
- purchases were deliberately subdivided in order to avoid adjudication by the Regional Tender Board. The purchases that were subdivided totalled \$5.7M;
- there were no bills/invoices attached to payment vouchers to verify the items purchased; and
- the Regional Tender Board Minutes for December 2009 was fabricated since no official meeting of the Board was held.

Region's Response: The Head of Budget Agency indicated that investigations into these findings are currently being carried out by the Police.

Recommendation: The Audit Office recommends that the Regional Administration takes note of these serious irregularities and put the necessary systems in place in order to avoid a recurrence and also that: (2009/201)

- the Sub-Treasury Department should review its examination of payment vouchers in respect to the subdivision of contracts;
- the Regional Administration should ensure that systems are put in place to strengthen internal controls in respect of all payments; and
- ensure that bills/receipts and other supporting documents are attached to all payment vouchers.

354. At time of the special investigation in 2009, new bin cards were issued to record items passing through the stores. An audit of the stores revealed the following unsatisfactory findings:

- there were discrepancies between the actual items found on hand and the new bin card balances;
- the closing balances on the old bin cards were different from the opening balances of the new bin card as shown at the table below; and
- some items had two different bin cards.

| Description | Old Bin <br> Card No | Closing <br> Balance | Date | New Bin <br> Card No | Opening <br> Balance | Date | Diff. | Actual |
| :--- | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Four burner gas <br> stove | H464 | 10 | $02 / 02 / 09$ | E9 | 5 | $31 / 07 / 09$ | 5 | 1 |
| Refrigerator | H456 | 4 | $02 / 07 / 09$ | C266 | 0 | - | 4 | 0 |
| Stand fan | E903 | 22 | $20 / 07 / 09$ | H176 | 11 | $31 / 07 / 09$ | 11 | 2 |
| Executive chairs | H584 | 4 | $02 / 07 / 09$ | O30 | 1 | $31 / 07 / 09$ | 3 | 0 |

Region's Response: The Head of Budget Agency indicated that (a) bin cards are posted on a daily basis and (b) monthly and quarterly stock verifications are being done.

Recommendation: The Audit Office recommends that the Regional Administration carry out its investigation, earliest and put the necessary systems in place to avoid a recurrence. (2009/202)
355. The amount of $\$ 6 \mathrm{M}$ was expended under Line Item, Print and Non Print. An examination of the related payment vouchers revealed the following unsatisfactory features:

- the supplier only commences supplying items to the Region in September 2009;
- the supplier only supplied the Diamond Diagnostic Centre;
- in all cases two quotations attached to the payment vouchers were fictitious;
- ten payment vouchers were not presented at the time of the audit;
- there were ten instances, amounting to $\$ 4.1 \mathrm{M}$ where apparent subdivision of contracts were observed;
- there were no bills/receipts or other relevant supporting documents attached to the payment vouchers; and
- the supplier had 101,100 and 30,000 large and small envelopes, respectively, still to be delivered at the time of reporting in October 2010. The envelopes were valued at $\$ 500,000$.

Region's Response: The Head of Budget Agency indicated that the supplier has commenced supplying the outstanding items and that systems have been put in place prevent the irregularities from re-occurring in the future.

Recommendation: The Audit Office recommends that the Regional Administration ensures that systems put in place are continuously monitored to determine if they are functioning as they should. (2009/203)

- all outstanding payment vouchers should be returned to the Sub-Treasury Department;
- the Sub-Treasury Department should review its examination of payment vouchers in respect to the subdivision of contracts;
- the Regional Administration should ensure that systems are put in place to strengthen the internal controls in relation to all payments made by the Region; and
- the Regional Administration ensures that relevant supporting documents are attached to all payment vouchers.

356. The amount of $\$ 22.926 \mathrm{M}$ was expended under line item, Maintenance of Other Infrastructure. Included in this amount is the sum of $\$ 3.3 \mathrm{M}$ was expended to weed and clean thirteen school compounds. An examination of the related payment vouchers revealed the following unsatisfactory features:

- two contractors were involved in the bidding process for weeding and cleaning, however, in all cases they were not awarded any contracts;
- there was one instance where a statement signed by the Head Teacher stating that the works were satisfactorily completed was not seen attached to the payment voucher;
- a photocopy of the certificate stating that the works were satisfactorily completed for a job undertaken by a previous contractor was attached to the payment voucher in respect of another job undertaken by another contractor at the same institution;
- $\quad$ seven contracts valued at $\$ 2.9 \mathrm{M}$ for the weeding and cleaning of schools were awarded to a contractor within a period of two days. It must be noted that the Senior Engineer attached to the Region was on vacation leave when these contracts were awarded;
- the seven contracts were subdivided in order to avoid adjudication by the Regional Tender Board; and
- the cost for weeding and cleaning at some institutions increased tremendously in 2009 in comparison with 2007 as shown below:

| Name of Institution | 2007 <br> $\$ \prime$ | 2000 <br> $\$ \prime 000$ | 2009 <br> $\$ \prime 000$ | Percentage <br> Increase \% |
| :--- | ---: | ---: | ---: | :---: |
| Annandale Secondary School | 0 | 120 | 318 | 165 |
| Quamina Primary School, BV | 10 | 0 | 187 | 1,770 |
| Blossom Scheme Nursery School | 4 | 0 | 21 | 425 |
| Swami Puranandan Primary School | 10 | 0 | 60 | 500 |
| Supply Primary School | 15 | 0 | 38 | 153 |
| Diamond Diagnostic Centre | 30 | 0 | 225 | 650 |

Region's Response: The Head of Budget Agency indicated that the Regional Administration would investigate the above irregularities and institute disciplinary actions against officers found culpable.

Recommendation: The Audit Office recommends that the Regional Administration carries out an investigation into these irregularities and institute disciplinary actions on officers where necessary. (2009/204)

## Prior year matters, which have not been resolved

357. The Regional Administration also failed to recover overpayments of $\$ 557,000$ paid to the contractor for the rehabilitation of outfall and infall revetment at Mosquito Hall during 2007. In 2009, the sum of $\$ 100,000$ was recovered, leaving the amount of $\$ 457,000$ still to be recovered.

Region's Response: The Head of Budget Agency explained that the contractor was written to seeking recovery of the overpayments and there has been a response with the refund of \$100,000.

Recommendation: The Audit Office recommends that the Regional Administration renew its efforts to recover the outstanding amounts. (2009/205)

## Current year matters, with recommendations for improvement in the existing system

## Subhead 12033 - Buildings (Education)

358. The sum of $\$ 32 \mathrm{M}$ was voted for the completion of the Practical Instruction Centre, Buxton and rehabilitation of Primary Schools at Lusignan, Sussanah Rust, Cove and John and Silver Hill. As at 31 December, 2009 amounts totalling $\$ 19.990 \mathrm{M}$ were expended.
359. The contract for the completion of the Practical Instruction Centre was awarded to the lowest of five responsive bidders in the sum of $\$ 7.029 \mathrm{M}$. Eight bids were received with three
deemed to be non-responsive. Subsequently, the contractor indicated to the Region that he was no longer interested in executing the works without stating any reasons. The contract was then awarded to the third lowest of the remaining four responsive bidders in the sum of $\$ 7.622 \mathrm{M}$ without stating reasons in the Regional Tender Board Minutes why the lowest bidder was not considered. The contract for the above works was awarded in 2007 was done in three phases. As at 31 December, 2009 the works were completed and amounts totalling $\$ 5.578 \mathrm{M}$ were paid to the contractor.

Region's Response: The Head of Budget Agency has indicated that due to the prevailing condition at the time in Buxton, the contract was awarded to a resident of the village, who satisfied all the pre-qualified conditions and was deemed responsive.

Recommendation: The Audit Office recommends that the Regional Administration ensures that all relevant information is included in the Tender Board Minutes. (2009/206)

## Subhead 25069 - Equipment (Health)

360. The sum of $\$ 20 \mathrm{M}$ was voted for the rehabilitation of Health Centres at Cane Grove and Unity. As at 31 December 2009, amounts totalling $\$ 18.807 \mathrm{M}$ were expended.
361. The contract for the rehabilitation of Unity Health Centre was awarded to the sole bidder in the sum of $\$ 5.231 \mathrm{M}$. As at 31 December 2009, the full contract sum was paid to the contractor. A physical verification of the works carried out revealed that overpayments totalling $\$ 42,410$ were made to the contractor as shown below:

362. Further, amounts totalling $\$ 629,460$ were paid under contingencies to the contractor; however, the works done to justify the payment of the contingencies could not be identified.

Region's Response: The Head of Budget Agency has indicated that the contractor was informed about the overpayment and has promised to repay same but at the time of reporting this was not done. Also, the Administration is trying to locate the supporting documents in respect of the contingencies payment.

Recommendation: The Audit Office recommends that the Regional Administration follow-up this matter with the contractor in order to recover the overpayment and that all efforts be made to
locate the supporting documents in respect of the contingencies payment and submit same for audit examination. (2009/207)

AGENCY 75<br>REGION 5 - MAHAICA/ BERBICE

## Current Expenditure

## Prior year matters, which have not been resolved

363. The Region has still not obtain approval for the writing off of a sum of $\$ 230,000$ which was misappropriated from the Salaries Bank Account for which a police report is still being awaited, neither has the Region made a submission to the Ministry of Finance, in keeping with the Cabinet Decision issued which recommended that the Ministry of Finance make a comprehensive submission to Cabinet in order for Cabinet to write off all losses prior to 2002.

Region's Response: The Head of Budget Agency had indicated that the Commissioner of Police was written to since 2007 requesting a report on the matter. However, responses from the Commissioner of Police only acknowledged receipt of the letters, stating that the matter is being investigated. Letters were also written to the Finance Secretary. In addition, based on the advice of the Public Accounts Committee, this matter was drawn to the attention of the Permanent Secretary, Ministry of Local Government and Regional Development. Follow-up letters were sent to the Commissioner of Police, Finance Secretary and Permanent Secretary, Ministry of Local Government and Regional Development requesting this matter be resolved.

Recommendation: The Audit Office once again recommends that the Regional Administration vigorously pursue this long outstanding matter in order to bring it to a closure. (2009/208)
364. The Regional Administration has made no improvements with respect to the recovery of salaries overpaid to employees and the related deductions paid over to the various agencies. However, improvements were seen in the forwarding of pay changes directives in respect of resignations, transfers, dismissals and retirements to the Regional Accounting Unit in a timely manner. Amounts totalling $\$ 266,791$ were recovered from eight teachers in respect of 2006; while amounts totalling $\$ 445,537$ and $\$ 751,449$ were recovered from the National Insurance Scheme and the Guyana Revenue Authority, respectively for the years 2005 and 2006. However, at the time of reporting, salaries overpaid to employees and amounting to $\$ 4.976 \mathrm{M}$ are still to be recovered for the years 2005-2009, as shown below:

| Year | Amount <br> $\$ ’ 000$ |
| :---: | :---: |
| 2005 | 1,252 |
| 2006 | 998 |
| 2007 | 2,437 |
| 2009 | 289 |
| Total | 4,976 |

365. The related deductions of $\$ 510,387$ and $\$ 161,126$ paid over to the Guyana Revenue Authority and National Insurance Scheme, respectively, for the years 2007 and 2009 are also still to be recovered.

Region's Response: The Head of Budget Agency explained that action was taken to expedite the flow of pay change directives from the Personnel Section to the Regional Accounting Unit, resulting in the reduction of overpayment to officers in comparison to previous years and that further action would be taken in this regard. Systems are now in place to mitigate overpayments occurring and the payment of related deductions varying agencies.

Recommendation: The Audit Office recommends that the Regional Administration vigorously pursue the recovery of the outstanding overpayments with the relevant agencies and officers, and ensure that the systems put in place are functioning effectively at all times. (2009/209)
366. Corrective measures have not been taken by the Regional Administration to ensure that cheque orders are carefully monitored and cleared within the stipulated time-frame through the submission of bills, receipts and other supporting documents. It was noted that sixty-two cheque orders valued at $\$ 7.029 \mathrm{M}$ remained outstanding at the time of reporting as shown below:

| Year | No Of <br> Cheque Orders | Amount <br> $\$ ’ 000$ |
| :---: | :---: | :---: |
| 2005 | 12 | 652 |

| 2008 | 9 | 623 |
| 2009 | 7 | 1,048 |
| Total | 62 | 7,029 |

Region's Response: The Head of Budget Agency indicated that action is being taken to minimise the large number of outstanding cheque orders. In addition, the Administration will continue to work on the clearing of outstanding cheque orders. An officer was specifically given the assignment to have this matter addressed and systems are in place presently where, only when goods/services are received and brought to account, that the supplier/contractor is paid.

Recommendation: The Audit Office once again recommends that the Regional Administration make diligent efforts to have these long outstanding cheque orders cleared and to ensure that the relevant systems put in place are being monitored and are functioning effectively. (2009/210)
367. The Region had still not recovered overpayments totalling $\$ 43,960$ and $\$ 126,000$ which were made to the contractors in respect of the rehabilitation of building at the Guyana Defence Board Base and the rehabilitation of the timber bridge at Ithaca respectively for the years 20072008. A similar situation was noted where the contractor was paid amounts totalling \$139,550 in excess of the contract sum with respect to the rehabilitation of culvert at Mahaicony.

Region's Response: A revisit was made to the Guyana Defence Board Base and the bridge at Ithaca by the Regional Engineer and findings revealed that there were no overpayments. The Head of Budget Agency would be grateful if a revisit can be done by the Audit Office of Guyana.

Recommendation: The Audit Office recommends that the Regional Administration take necessary action to recover the overpayments from the contractors and put systems in place to avoid a recurrence. (2009/211)

372. The Head of Budget Agency requested a revisit of the project by the Audit Office's Engineer since it was claimed by the Region’s Engineer that additional works were done, hence no overpayment. A revisit of the project by the Audit Office's Engineer revealed that there was no documentation for the additional works claimed; hence the Audit Office is standing by its original findings.

Region's Response: The Regional Administration notes the Auditor General’s findings.
Recommendation: The Audit Office recommends that the Regional Administration submit for audit examination all documentation in respect of the additional works claimed to have been done. (2009/213)
373. The Region operates the Fort Wellington and Mahaicony Hospital Stores, in addition to the Regional Stores. In this regard, the Regional Administration was still to adhere fully to the requirements of stores regulations, in that; there were several instances of failure to write up stock records.

Region's Response: The Head of Budget Agency has acknowledged this short coming and explained that systems will be put in place to fully comply with the requirements of the Stores Regulations.

## AGENCY 76 <br> REGION 6 - EAST BERBICE/CORENTYNE

Current Expenditure

## Prior year matters, which have not been resolved

380. The Personnel Section continued to forward pay changes directives in respect of resignations, transfers, dismissals and retirement to the Regional Accounting Unit in an untimely manner. As a result, employees were overpaid net salaries totalling $\$ 1.559 \mathrm{M}, \$ 2.435 \mathrm{M}$ and $\$ 2.657 \mathrm{M}$ which was not recovered for the years 2005, 2006 and 2007 respectively. The related deductions paid over to the various agencies were also not recovered. Similarly, unclaimed net salaries totalling $\$ 13.873 \mathrm{M}$ and $\$ 8.928 \mathrm{M}$ were refunded to the Sub-Treasury for the years 2005 and 2006 respectively. The related deductions totalling $\$ 3.511 \mathrm{M}$ and $\$ 1.614 \mathrm{M}$, for the respective years 2005 and 2006 were not recovered. Also, related deductions of $\$ 1.673 \mathrm{M}$ and $\$ 2.432 \mathrm{M}$ in respect of the years 2007 and 2008 were similarly not recovered. The failure to recover the deductions would result in overpayments to the agencies concerned and a corresponding overstatement in the Appropriation Accounts.

Region's Response: The Head of Budget Agency has indicated that although diligent efforts were made to recover the overpayments from officers, none was recovered. In respect of the deductions paid over, requests were made by the Guyana Revenue Authority and the National Insurance Scheme for a schedule of the amounts paid over. This was prepared up to December 2009 and submitted but there has been no response from these agencies to date.

Recommendation: The Audit Office once again recommends that the Regional Administration follow-up this matter with the relevant agencies with the view of recovering the amounts paid over. (2009/218)
381. Amounts totalling $\$ 138.599 \mathrm{M}$ and $\$ 193.767 \mathrm{M}$ were expended on fuel and lubricants for the years 2007 and 2008 respectively. The fuel and lubricants purchased were delivered to and stored mainly in storage tanks at Whim Stores, Manarabisi and Black Bush Polder pump stations. Fuel and lubricants were purchased in litres from the Guyana Oil Company and were converted to and recorded in gallons in the relevant records at the three locations. Investigations carried out at these locations revealed that the quantity of fuel and lubricants acknowledged and recorded as having been received were often less than that stated on the invoices as having been actually delivered by the supplier. In addition, evidence of supervisory checks was not seen in respect of the receipt and issue of fuel and lubricants. Moreover, these fundamental breaches of internal controls has led to fuel and lubricants valued at $\$ 24.935 \mathrm{M}$ not accounted for, as shown below:

| Fuel \& Lubricants | (2007) <br> Amount <br> \$’000 | $(2008)$ <br> Amount <br> $\$ ’ 000$ | Total <br> $\$ ’ 000$ |

Region's Response: The Head of Budget Agency has indicated that the police were written to; requesting an investigation into this matter but there has been no response to date.

Recommendation: The Audit Office recommends that the Regional Administration follow-up this matter as soon as possible so that the shortages can be investigated. (2009/219)
382. The Regional Administration has still not been able to recover overpayments totalling \$1.145M made to contractors for the years 2006 and 2008 as shown below:

| Year | Sub <br> Head | Description | Amount <br> $\$ \prime 000$ |

| 2008 | 6255 | Rehabilitation of Port Mourant Hospital mortuary | 263 |
| Total |  | 1,145 |  |

Region's Response: The Head of Budget Agency has indicated that the contractors have been written to requesting refunds of the amounts overpaid but there has been no response from the contractors.

Recommendation: The Audit Office recommends that the Regional Administration vigorously pursue this matter with the contractors in order to recover the overpayments. (2009/220)

## Current year matters, with recommendations for improvement in the existing system

383. Cheque orders are required to be cleared within sixteen days of their issue through the submission of bills and/or receipts and other supporting documents. However, based on sample checks carried out, cheque orders were being cleared on average of thirty-six days after they were issued. As at August, 2010, 710 cheque orders valued at $\$ 313.468 \mathrm{M}$ remained outstanding as shown below:

| Year | № of <br> Cheque Orders | Amount <br> $\$ ’ 000$ |
| :---: | :---: | ---: |
| $1998-2005$ | 241 | 112,530 |
| 2006 | 145 | 6,664 |
| 2007 | 86 | 36,697 |
| 2008 | 105 | 91,764 |
| 2009 | 133 | 65,813 |
| Total | 710 | 313,468 |

384. In the absence of supporting documents to substantiate payments made, it could not be determined whether value was received for the amounts expended on these cheque orders. This state of affairs should be viewed seriously since it represents a lack of accountability for public resources.

Region's Response: The Head of Budget Agency has regretted the lapses in the clearing of cheque orders and is making every effort to have these outstanding cheque orders cleared.

Recommendation: The Audit Office recommends that the Regional Administration take all action necessary to locate and have these long outstanding cheque orders cleared. (2009/221)
385. Amounts totalling $\$ 156.743 \mathrm{M}$ were expended on the purchase of fuel lubricants. Of the sixty-six serviceable vehicles, plant and equipment owned and controlled by the Regional Administration, and for which log books were required to be maintained, no log books were presented for the entire year audited. As a result, it could not be determined that the fuel issued to vehicles, plant and equipment were efficiently and properly utilized and that proper controls were exercised over the use of these vehicles.

Region's Response: The Head of Budget Agency has indicated that the Regional Administration is making every effort to locate these log books and have same presented for audit examination.

Recommendation: The Audit Office recommends that the Regional Administration close off all log books at the end of the year and open new ones at the beginning of the year and that the books be properly secured and presented for audit examination when requested. (2009/222)
386. The Regional Administration operates four Stores, namely the Main Store, Whim Store, New Amsterdam Hospital and Fort Canje Stores. However, it was still to adhere fully to the
requirements of the Stores regulations, in that, no stores ledgers were being maintained at the Regional Accounting Unit to provide for an independent check on the bin cards kept by the storekeepers. In addition, it was noted that adequate storage space was not available at the New Amsterdam Hospital and Whim Stores contrary to stores regulation. A physical count of a sample of items revealed several differences between the actual items found on hand and the balances as recorded on the Bin Cards. The Whim Stores has a large quantity of obsolete items on hand that needed to be written off.

Region's Response: The Head of Budget Agency has noted the concerns with regards the Stores and has since employed a Storekeeper and a Stores Attendant to rectify the situation.

Recommendation: The Audit Office recommends that the Regional Administration ensures that at all times the Stores are operating in accordance with the Stores Regulations. (2009/223)
387. Despite the fact that stock ledgers were implemented at the New Amsterdam Hospital Hardware Store, these were not updated. In addition, the situation with regards to the number of items donated by the Japanese remained the same, in that there were no supporting records, neither were they brought to account in the stock ledgers. As a result physical verification of items could not be carried out. It is evident that there was inadequate control over the receipt and issue of stores, which can result in irregularity and/ or fraud.

Region's Response: The Head of Budget Agency has noted the concerns with regards the Stores and has since employed a Storekeeper and a Stores Attendant to rectify the situation.

Recommendation: The Audit Office recommends that the Regional Administration ensures that at all times the Stores are operating in accordance with the Stores Regulations. (2009/224)

## Capital Expenditure

## Prior year matters, which have not been resolved

388. The Regional Administration has still not been able to recover overpayments totalling $\$ 6.353 \mathrm{M}$ made to contractors for the years 2005-2008 as shown below:

| Year | Sub <br> Head | Description | Amount <br> $\$ ’ 000$ |
| :--- | :---: | :--- | ---: |

| Construct bridge at Hacks Canal | 216 |  |  |
| Total |  | 6,353 |  |

Region's Response: The Head of Budget Agency has indicated that although the contractors were written to, requesting refunds of the overpayments, there has been no response.

Recommendation: The Audit Office recommends that the Regional Administration vigorously pursue this matter with the contractors in order to recover the overpayments. (2009/225)
389. During 2007, the Regional Administration purchased a low-bed and hauler for the sum of $\$ 11.7 \mathrm{M}$. This purchase was the subject of a special investigation for which a report was issued on 14 November 2008. The following observations were among those highlighted in the report issued:
(i) the equipment purchased were re-conditioned, whereas the "Technical Specifications" required that the equipment be "new, unused, and of the most recent and current models";
(ii) the supplier was paid in full on 30 October 2007 prior to the completion of the transaction, contrary to the specifications of the tender documents which stated that, " $10 \%$ of the purchase price be paid within thirty days of the signing of the Agreement of Sale, $80 \%$ on the receipt of the goods and the remaining $10 \%$ within thirty days of an acceptance certificate". It was noted that the Agreement of Sale was signed on 8 November 2007 by both parties; and
(iii) physical inspection of the low-bed and hauler revealed that the chassis numbers differed from that stated in the Agreement of Sale and the copies of Certificates of Registration provided. Also, the equipment was found to be in a deteriorated condition.

Region's Response: The Head of Budget Agency explained that approval was granted by the NPTAB for the purchase of the re-conditioned low-bed and hauler. Also, the low-bed and hauler was left in front of the Whim RDC Office by the contractor. The Region, based on advice given by the Ministry of Public Works and Communication, has decided to take over and modify the two pieces of equipment, since they were being vandalized.

Recommendation: The Audit Office once again recommends that the Regional Administration take immediate steps to recover with interest, the entire sum of $\$ 11.7 \mathrm{M}$ and that disciplinary action be taken against those responsible for the breaches of procedures and rules, which resulted in the full payment to the supplier in breach of the contract agreement. (2009/226)
390. During 2009, a contract was awarded to the most competitive bidder in the sum of $\$ 2.246 \mathrm{M}$ for the re-modification of the low bed. As at 31 December 2009, cheque № 03-934598 dated 23 December 2009 was drawn for the full contract sum although no works were carried out on the low bed. Further investigations revealed that the cheque was not paid over to the contractor but is being held at the Sub-Treasury. As at 15 December 2009, the cheque is still lodged at the Sub-Treasury.

Region's Response: The Head of Budget Agency explained that the works on the low bed were not completed; hence the cheque was not paid over to the contractor.

Recommendation: The Audit Office recommends that the cheque be refunded to revenue. (2009/227)

## Subhead 12039 - Buildings (Education)

393. The sum of $\$ 34 \mathrm{M}$ was voted for the rehabilitation of Nursery and Primary Schools at Savannah Park, Leeds and Corriverton, extension of Secondary School at New Amsterdam and the construction of Nursery School at Cumberland. Amounts totalling $\$ 33.349 \mathrm{M}$ were expended on the above works.
394. A physical verification of the works carried out on the rehabilitation of Leeds Primary School revealed overpayments totalling $\$ 315,670$ made to the contractor as shown below:

Recommendation: The Audit Office recommends that the Regional Administration vigorously pursue the recovery of the overpayment from the contractor. (2009/229)

## General

395. In most instances where the award of contracts was made to bidders other than the most competitive or best evaluated bidders, the reasons why the other lower bids were not considered were not stated in the Regional Tender Board Minutes. As a result it could not be determined whether contracts were awarded to the most capable contractors.

Region's Response: The Head of Budget Agency explained that this lapse is sincerely regretted and has promised in future that all relevant information would be included in the minutes.

Recommendation: The Audit Office recommends that the Regional Administration includes all pertinent information in the minutes regarding the award of contracts. (2009/230)

## AGENCY 77

REGION 7 - CUYUNI/MAZARUNI

## Current Expenditure

## Prior year matters, which have not been resolved

396. Amounts totalling $\$ 6.312 \mathrm{M}$ were refunded as unclaimed net salaries for the years 20052007. However, the related deductions were not recovered. Similarly, amounts totalling $\$ 186,923$ and $\$ 329,115$ paid over to the Guyana Revenue Authority and National Insurance Scheme respectively were also not recovered for the years 2008-2009. It is important to note that failure to recover deductions would result in overpayment to the agencies concerned, and a corresponding overstatement of the Appropriation Accounts.

Region's Response: The Head of Budget Agency indicated that the Administration continues in its efforts to seek refund from the various agencies.

Recommendation: The Audit Office once again recommends that the Regional Administration vigorously follow-up this matter with the agencies concerned so that the amounts overpaid could be recovered. (2009/231)
397. Investigations were conducted by the Regional Administration into the discrepancies relating to losses of fuel and lubricants. Corrective measures have since been implemented to avoid a recurrence, and it was noted that Cabinet approval was obtained for the writing off of $\$ 1.878 \mathrm{M}$ of fuel and lubricants recorded as losses for the period 1998 to 2000. However, as at 31 December 2007, there were shortages in the stock of fuel and lubricants valued at $\$ 1.398 \mathrm{M}$ for the years 2001 to 2006 yet to be written off.

Region's Response: The Head of Budget Agency has explained that the Finance Secretary was written to requesting write-offs of the losses and who has indicated that the matter is being looked into.

Recommendation: The Audit Office recommends that the Regional Administration diligently follow-up with the Finance Secretary this long outstanding matter in order to bring it to closure. (2009/232)

## Current year matters, with recommendations for improvement in the existing system

398. An audit inspection carried out at the Regional Stores revealed that the Regional Administration has taken measures to have all obsolete items disposed of accordingly. However, at the time of the audit in June 2010, no disposal was done.

Region's Response: The Head of Budget Agency has explained that Region has disposed of some of the unserviceable items. However, the Region is still awaiting a valuation of the heavy vehicles/equipment by a mechanical engineer from the Ministry of Public Works and Communications.

Recommendation: The Audit Office recommends that the Regional Administration follow-up this matter with the respective authorities in order to have the items disposed of. (2009/233)
399. Amounts totalling $\$ 38.821 \mathrm{M}$ were expended on Utility Charges; however, an examination of the registers revealed differences between the amounts recorded in the registers and the amounts actually expended as shown below:

400. The Regional Administration is yet to recover deductions paid to various agencies in respect of unclaimed net salaries totalling $\$ 4.588 \mathrm{M}$ refunded to the Sub-Treasury for the years 2005 to 2009 as shown below: It should be emphasised that the failure to recover deductions would result in overpayments to the various agencies and a corresponding overstatement of the Appropriation Accounts.

Current year matters, with recommendations for improvement in the existing system
401. Amounts totalling $\$ 42.829 \mathrm{M}$ were expended on the Rental and Maintenance of Buildings. A physical verification of the works carried out revealed overpayments of \$461,870 and $\$ 562,800$ made to contractors in respect of the rehabilitation of Dorms at Mahdia and Kato Primary School respectively, as shown below:

Region's Response: The Head of Budget Agency has indicated that the overpayments to the contractors would be thoroughly investigated with the view of recovering same.

A physical verification of the works carried out revealed overpayments of \$980,091, \$324,300 and $\$ 302,480$ made to contractors in respect of the rehabilitation of bridge at Mahdia Dorms, Mahdia Creek Bridge and Generator Hut at Mahdia Hospital, respectively, as shown below:

403. The Regional Administration has made some progress with the recovery of deductions paid over to various agencies in respect of unclaimed net salaries. Moreover, the sum of $\$ 236,158$ was recovered in respect of some of the payments made in 2007-2009. Evidence was also seen where the Administration wrote letters to the Agencies seeking refunds. Notwithstanding their progress, the Administration continued to pay over deductions in relation to unclaimed net salaries, which totalled $\$ 3.886 \mathrm{M}$ in 2009.

Region's Response: The Head of Budget Agency has indicated that the Administration continues to request refunds from the Agencies involved and that systems have been put in place to minimise the payment of deductions in respect of unclaimed net salaries.

Recommendation: The Audit Office once again recommends that the Regional Administration follow up with the respective agencies to recover the amounts paid and monitor the system put in place to ensure that it is functioning as it should. (2009/238)
404. The Regional Administration has still not reconciled the Salaries and Wages bank accounts Nos. 3125 and 3126, which reflected balances of $\$ 6.525 \mathrm{M}$ and $\$ 318,625$ respectively, as at 31 December 2009. The non reconciliation of bank accounts could lead to the perpetration of irregularities without detection.

Region's Response: The Head of Budget Agency has indicated that the Administration has engaged the services of a private Accountant to have these accounts reconciled by the end of 2010.

Recommendation: The Audit Office recommends that the Regional Administration take the necessary action to have these two accounts closed and ensures that the accounts are reconciled by the stated date. (2009/239)
405. The Regional Administration has made significant improvements in registering its employees with the National Insurance Scheme (NIS). According to the schedule of contributors for December 2009, sixteen employees were without NIS numbers. However, at the time of audit
in May 2010, only three employees are without NIS numbers. The Audit Office emphasises that delays in registration has implications for social security and other benefits.

Region's Response: The Head of Budget Agency has indicated that the three employees have completed the application forms and some have been submitted to NIS for processing.

Recommendation: The Audit Office recommends that the Regional Administration follow-up this matter with NIS so that the employees registration can be completed. (2009/240)
406. Of the thirty-three cheque orders that were outstanding for 2008, only four valued $\$ 477,560$ remained to be cleared. However, at the time of the audit in May 2010, 124 cheque orders valued $\$ 63.81 \mathrm{M}$ for the year 2009 were outstanding. As a result, we could not ascertain whether the Region received full value for all monies expended.

Region's Response: The Head of Budget Agency has indicated that every effort would be made to have the outstanding cheque orders cleared.

Recommendation: The Audit Office recommends that the Regional Administration renew its efforts to locate these cheque orders and have them cleared as early as possible and put systems in place to have all cheque orders cleared within the stipulated time. (2009/241)
407. During the period under review, the Region had twenty-one serviceable vehicles/equipment, for which log books were presented for audit. An examination of the log books revealed that journeys were not always authorised, and supervisory checks were minimal. As a result, we could not determine whether effective control was exercised over the use of the Administration's vehicles/equipment.

Region's Response: The Head of Budget Agency has indicated that corrective measures have since been put in place to have all log books properly written up.

Recommendation: The Audit Office recommends that the Regional Administration monitor these log books on a periodic basis to ensure that they are properly written up. (2009/242)
408. The Regional Administration has written to the Finance Secretary to have the items which were loaned to agencies and private individuals for the years 1995 to 2006, written off. However, no action was taken to date.
409. During 2006, an examination of the Central Stores Loan Register revealed instances where items were inappropriately loaned to contractors and private individuals. However, there was no evidence to indicate that steps were taken by the Administration to seek advice from the Finance Secretary to written off the items.

Region's Response: The Head of Budget Agency explained that a comprehensive exercise had been undertaken to identify all items loaned to individuals and contractors. It was found that (i) most of the items loaned were returned but were not documented; (ii) some of the items, for
example, cement and other building materials were used by the Region for emergency works but were incorrectly recorded as loan to contractors; and (iii) the school furniture were not loaned to any private individual but were deployed to the Amerindian Hostel for conducting National School Examinations and were signed for by the Headmaster and have since been returned. The Board of Survey will vet the updated loan register and approach the Finance Secretary with their recommendations with a view to cull unrecoverable loans and pursue other options available to collect those that are considered recoverable.

Recommendation: The Audit Office recommends that the Regional Administration take stern action to recover the items or the value of the items for those considered recoverable. (2009/243)
410. In relation to the overpayments made to the contractors in 2007 for the rehabilitation of Moco Moco Bridge revetment, Turner Bridge and fence at Katoonarib Health Post, only the overpayment of $\$ 74,860$ in respect of Turner Bridge was not recovered by the Regional Administration. The Administration sent three letters requesting the repayment, but the contractor stated that he was not overpaid, and requested a revisit by the Auditors, claiming that he did additional work that was not pointed out at the time of the inspection by the Auditors. However, when the contractor's claim was examined, it was found that the purported additional work was not part of the bills of quantities nor was it documented. Hence, the overpayment still stands, since; it was for works not done.

Region's Response: The Head of Budget Agency has indicated that the contractor was spoken to and has promised to repay the amount but to date the sum has not been recovered.

Recommendation: The Audit Office recommends that the Regional Administration diligently renew its efforts to recover the outstanding amount. (2009/244)
411. The Regional Administration operated a Special Project Fund Account № 688-100-7 held at the Republic Bank for its Economic Ventures. During the period 1997-2008, it was noted that contractors, a former Deputy Regional Executive Officer, Vice Chairman and members of the Regional Democratic Council, Guyana Police Force, and Guyana Defence Force received personal advances, of which amounts totalling $\$ 7.541 \mathrm{M}$ remained outstanding as at 31 December 2007. However, as of 31 December 2008, the sum outstanding has been reduced to $\$ 7.402 \mathrm{M}$. Whilst efforts are being made to recover the outstanding advances, the Regional Administration continued to issue personal advances to employees, which is not in keeping with the established purposes of the Fund. At the time of the audit in May 2010, outstanding advances totalled $\$ 7.129 \mathrm{M}$, of which $\$ 115,000$ were for 2009 with no outstanding advances for 2010 as at 15 October 2010.

Region's Response: The Head of Budget Agency has indicated that every effort is being made to recover the outstanding advances and that all advances from this Fund has ceased with effect from July 2010.
Recommendation: The Audit Office once again recommends that the Regional Administration vigorously pursue the recovery of these outstanding advances. (2009/245)
412. The overpayment of $\$ 364,489$ made to the contractor for the rehabilitation of the Amerindian Hostel in Lethem is still to be recovered.

Region's Response: The Head of Budget Agency has indicated that the contractor was written to requesting the refund of the overpayment but to date there has been no response.

Recommendation: The Audit Office recommends that the Regional Administration pursue this matter with the contractor with the view of recovering the overpayment. (2009/246)

## Current year matters, with recommendations for improvement in the existing system

413. An examination of the Region's payroll revealed that fifteen employees were overpaid a total sum of $\$ 1.216 \mathrm{M}$, which includes thirteen maternity cases, one resignation and one transfer. The amounts overpaid were not recovered up to the time of reporting in October 2010.

Region's Response: The Head of Budget Agency has indicated that systems are now in place to eliminate the overpayment of salaries to employees and that every effort is being made to recover the overpayments from officers.

Recommendation: The Audit Office recommends that the Regional Administration ensures that the systems put in place are functioning effectively and that action is taken to recover the overpayments. (2009/247)
414. The Region took on average, three months to include new employees on its payroll, with some taking as long as four months. This undue delay results in the employees having to work without pay during this period. This situation could lead to employees not working to their full potential; hence, the Administration’s work may suffer.

Region's Response: The Head of Budget Agency has indicated that this situation is often due to the late receipt of appointment letters from the Public Service Commission, the Teaching Service Commission or the Public Service Ministry.

Recommendation: The Audit Office recommends that the Regional Administration follow up the status of appointment letters with the relevant authority. (2009/248)
415. A physical verification of works carried out under Rental and Maintenance of Buildings and Maintenance of Infrastructure revealed overpayments totaling $\$ 1.028 \mathrm{M}$ made to contractors as shown below:

| Line <br> Item | Description | Amount <br> $\$ ’ 000$ |

Region's Response: The Head of Budget Agency has indicated that the overpayments would be investigated with the view of recovering same.

Recommendation: The Audit Office recommends that the Regional Administration vigorously pursue this matter with the contractors with the view of recovering the amounts overpaid. (2009/249)
416. An examination of a sample of payments for security services revealed that the Regional Administration processed payments for services "not yet provided". In fact, invoices were dated and sent to the Region in the middle of the said month that the services were purportedly rendered. The Administration would then process the payment on average, within one week after it received the invoice. This state of affairs is contrary to the contractual agreement between the Regional Administration and the Security Firm. Moreover, Section 5, Subsection C of the agreement states that the Firm shall "...furnish the Client on the $3^{\text {rd }}$ day of the next month following with a full and correct statement of account of monies due and payable for security services provided for the previous month".

Region's Response: The Head of Budget Agency has indicated that the Administration has since employed a checker. Also, invoices are now being processed after the checker has submitted his report at the end of the month.

Recommendation: The Audit Office recommends that the Regional Administration ensures that the Security Firm is only paid for services rendered. (2009/250)

## Other Matters

417. An examination of the Advances Register maintained in relation to the Regional Administration's Imprest revealed a number of instances where employees were issued more than one advance, without first, clearing the outstanding one. Moreover, some employees had as much as three to seven advances outstanding at a given time. This is a clear breach of financial regulations.

Region's Response: The Head of Budget Agency has indicated that advances given are now cleared first before another one is given.

Recommendation: The Audit Office recommends that the Regional Administration ensures that advances are cleared by officers before another one is issued. (2009/251)

418. The Regional Administration was still not able to recover overpayments totalling $\$ 7.867 \mathrm{M}$ made to contractors for the years 2005 to 2008, as shown below:

Region's Response: The Head of Budget Agency explained that the contractors were written to requesting refunds of the overpayments but there has been no response to date.

Recommendation: The Audit Office once again recommends that the Regional Administration take necessary action to recover the overpayments and put systems in place to avoid a recurrence. (2009/252)
419. The Regional Administration was unable to get the contractor to do remedial works in respect of the Karaudarnau Water System that was done in 2008. Moreover, we had found that:
(a) The quality of the works was very poor;
(b) There was evidence of cracks and poor workmanship on trestle; and
(c) The concrete slab to accommodate the tank was seriously warped and sagging.

Region's Response: The Head of Budget Agency had indicated that the contractor was written to regarding the substandard work and is seeking refund for remedial works not done but there has been no response.

Recommendation: The Audit Office recommends that the Regional Administration pursue this matter with the contractor to have the remedial works done or to seek refund. (2009/253)

## Current year matters, with recommendations for improvement in the existing system

420. An examination of payment vouchers and their supporting documents in relation to contract works revealed the following:
(i) there were four instances where the "dates of inspection" of works were after the dates the valuation certificates were prepared. This is a reversal of the process;
(ii) twenty-six transactions totalling $\$ 54.697 \mathrm{M}$ were noted to have valuation certificates where the "date of inspection" was not quoted. This is an indication that the works may not have been inspected prior to the payments being made;
(iii) in thirteen instances, contractors rendered their accounts for payments, on or before the contracts were signed and the stated date of commencement of work. Eleven of the thirteen transactions were for the payment of the entire contract sums, which totaled $\$ 22.338 \mathrm{M}$. This is a clear indication that laid down procedures were breached; and
(iv) a total of eight payments valued $\$ 17.006 \mathrm{M}$ were acknowledged as received by contractors considerably long after the payments were processed.

Region's Response: The Head of Budget Agency has indicated that measures have been put in place to avoid this happening in future.

Recommendation: The Audit Office recommends that the Regional Administration ensures that the systems put in place are continuously monitored to prevent this situation from repeating itself. (2009/254)

422. An examination of the pay changes records along with the refund of wages and salaries register and the payroll revealed that there were undue delays in making the necessary adjustments to the Administration's payrolls when officers leave the employment. This was evidenced by the fact that pay changes directives were forwarded to the Regional Accounting Unit on an average of two months after their effective dates. This practice resulted in the overpayment of net salaries totalling $\$ 491,468$ to seven employees, who were no longer on the job as at 31 December 2006, and the related deductions paid over to the various agencies. As at May 2010, the amount of $\$ 83,554$ was recovered from one officer leaving a balance of $\$ 407,914$ still to be recovered. Similarly in 2009, overpayments totalling $\$ 87,522$ were made to two officers who had left the job by way of termination and resignation and $\$ 2.299 \mathrm{M}$ were overpaid to twenty-six officers in relation to maternity leave as a result of their full salaries continuing to be paid into their bank accounts.

Region's Response: The Head of Budget Agency indicated that diligent efforts are still being made to recover the overpayments from the officers.

Recommendation: The Audit Office recommends that the Regional Administration continue with its efforts to recover the amounts overpaid. (2009/256)
423. During the period under review the Regional Accounting Unit failed to maintain a Travelling Register. As a result, it could not be determined whether officers who used their vehicles in the execution of their official duties were paid motor car travelling allowances in accordance with circular instructions.

Region's Response: The Head of Budget Agency has indicated that this lapse is sincerely regretted and that efforts are being made to have this register maintained.

Recommendation: The Audit Office recommends that the Regional Administration take the necessary action to have this important record maintained. (2009/257)

Of the ninety-one cheque orders totalling $\$ 12.048 \mathrm{M}$ which were outstanding in respect of 2007, seventy-seven totalling $\$ 10.046 \mathrm{M}$ were cleared as at May 2010, leaving fourteen totalling $\$ 2.002 \mathrm{M}$ still to be cleared. There were no cheque orders outstanding for the years 2008 and 2009.

Region's Response: The Head of Budget Agency indicated that all efforts are being made to locate the remaining cheque orders and have them cleared as soon as possible.

# Notes to and Forming Part of the Financial Statements 

## Note 1: Summary of Significant Accounting Policies

### 1.1 Basis of Preparation

The financial statements have been prepared in accordance with Generally Accepted Accounting Standards and Principles. The cash basis of accounting convention is followed for determining when a financial transaction is recorded in the Government's records. This means, only when cash is paid or received is a transaction recorded.

The notes to the financial statements form an integral part to understanding the statements and must be read in conjunction with the statements.

The accounting policies have been applied consistently throughout the period.

### 1.2 Reporting Entity

The financial statements are for the Government of Guyana. The Consolidated Financial statements comprise the accounts of Ministries and Departments of Government. They do not include Statutory Bodies and Wholly-owned subsidiaries.

The consolidated financial statements only include those entities that perform their accounting through the IFMAS system. Various Ministries implement projects that are funded directly by donors either via loans or grants and accounted for separately, however, their gross transactions are recorded in the government's accounts via "dummy transactions".

### 1.3 Cash

Cash means notes and coins held and any deposits held at call with a bank or financial institution. Cash is recognized at its nominal amount. Interest is credited to revenue as it is received or to expense when it is deducted from the bank account.

### 1.4 Loans/Advances Receivable

Loans are recognized at the amounts lent. Provision is made for bad loans when collection of the loan or part thereof is judged to be less rather than more likely. Interest, if charged, is credited to revenue as it is received.

### 1.5 Refunds of Previous Year Expenditures

Expenditures refunded to the Consolidated Fund from previous years are recorded as revenue receipts in the current year and not as reductions of current year's expenditures.

### 1.6 Capital Revenue

Capital Revenue comprises mainly of loan, grant and debt relief proceeds. Loan proceeds are not recorded as a liability on the balance sheet but as capital revenue on the statement of receipts and payments. The statement of Receipts and Disbursements (Capital) of the Ministry of Finance includes amounts for debt relief and budget support that were not paid into the Consolidated Fund Bank account as at 31 December 2009 but received in the respective 2000 Series Bank Accounts (refer to note 2).

### 1.7 Monetary Sterilization Account

The purpose of the Monetary Sterilization Account is to remove excess liquidity from the financial system. The vehicle for performing this is government issued 182 and 365 day Treasury Bills. The cost to the government is the interest charge on the redeemed T-bills as they come due. This is a statutory cost charged to internal interest expense. The monetary sterilization liability should be exactly offset by the monetary sterilization bank account, creating a fully funded liability.

### 1.8 Reporting Currency

The reporting currency is Guyana Dollar (GY\$)

### 1.9 Authorization Date

The financial statements were authorized for issue on 30 April 2010 by Dr. Ashni Singh, Minister of Finance.

## Note 2: 2000 Series Bank Accounts

The 2000 Series are a combination of various project, grant, debt relief and balance of payment accounts. These accounts do not form part of the Consolidated Bank Account (\#407), however, are government funds.
